Cured of severe compound

cold and cough by

"From Dec. 20, '08, to March 1, '09, I had three bad colds, one on top of the other. I got so weak I could hardly get around. Nothing seemed to help me until I began to take Vinol. The change was magic. Three bottles completely fixed that compound cold and stopped the terrible cough—and what surprises me most, at the same time it cured me of a severe stomach trouble that has bothered me for 20 years.

## Are Microbes in Your Scalp?

#### It Has Been Proven that Microbes Cause Baldness

Professor Unna of Hamburg. Germany, and Dr. Sabourand, the leading French dermitologist, disness. Their theory has time and again been amply verified through under the observation of eminent scientists. This microbe lodges in hair oil, and when permitted to flourish it destroys the bair follicles. among the visitors in the city on and in time the pores entir by close, ducted, but only when based on Total Expenditures and Strategy and the scalp gradually takes on a Mr. Brooks Abererombie of Enorse shiny appearance. When this hap-

to pursue its course emises itching scalp, falling bale and baldness, Dandriff is earied by the microbe affecting the glands which produce the schaceous matter, which latter then unnaturally dries up and scale

We have a remedy which will, ty, was among the visitors in the city | we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, tighten and revitalize the hair roots and overcome baldness, so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Revall "93" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently restore gray and faded hair to its original color, providing loss of color has been caused by disease; yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by making every hair root, folliele and pigment gland strong and active, and by stimulating a natural flow of coloring pigment throughout the
