**RESUME OF PAST WEEK**

**South Carolina at a Glance—What is Doing in a Great State From Day to Day.**

Columbia, Oct. 9.—While no definite plans have been announced by the members of the commission charged with the improvement of conditions of the State Hospital for the Insane it is expected that when the plans have been submitted by the hospital architect for the new buildings to be erected on the site recently purchased near Columbia, that there will be included in the group of buildings, one which will be specially devoted for the disease pellagra.

There are many cases of pellagra being treated at the State Hospital for the Insane. A large percentage of the cases are negroes. Dr. J. W. Babcock, the superintendent, has stated that the new site will be first used for the more serious cases of negro patients. At the old institution the pellagrins are in a section of the old Parker building. With a new building on the site recently purchased these patients would be entirely segregated from the other types.

Dr. Babcock is one of the best known and most capable authorities on the disease pellagra. He has done much valuable research work yet like all other authorities on the question of the cause of pellagra he has not arrived at a definite decision.

Should there be a special building erected it would possibly be the first of its kind in this country.

It was stated following the meeting of the commission on Friday by Dr. Babcock that the names of the owners of the several tracts of land making up the new site for the asylum would be announced in several days.

The concurrent resolution providing for the asylum commission named the members for only one year. The commission is preparing its report which will be submitted to the next general assembly. It is very probable that the commission will be reappointed from year to year until the plan of improvement has been consummated.

The sum to be paid for the new site will be approximately \$50,000. The plan of improvement will very likely require an appropriation from year to year until the work has been completed. There are over 1,000 patients at the State hospital and this number is increasing.

Your cough annoys you. Keep on hacking and tearing the delicate membranes of your throat if you want to be annoyed. But if you want relief, want to be cured, take Chamberlain's Cough Remedy. Sold by Laurens Drug Co.

**HOW TO CURE RHEUMATISM.**

It is an Internal Disease and Requires an Internal Remedy.

The cause of Rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing with Oils and Liniments will not cure, affords only temporary relief at best, causes you to delay this proper treatment, allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatism than paint will change the fibre of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside," sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys and makes you well all over. Rheumacide "strikes the root of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c, and \$1 a bottle. In tablet form at 25 and 50c a package. Get a bottle today. Booklet free if you write to Bobbitt Chemical Co., Baltimore, Md. Trial bottle tablets 25c by mail. For sale by LAURENS DRUG CO.

We offer a special value in silver plated Knives and Forks at 75 cents per set, see them.

**Citation for Letters of Administration.**  
State of South Carolina,  
County of Laurens.

By O. G. Thompson, Probate Judge: Whereas, Mary E. Franks made suit to me to grant her Letters of Administration of the estate and effects of F. A. Franks.

These are, therefore, to cite and admonish all and singular the kindred and Creditors of the said F. A. Franks deceased, that they be and appear before me, in the court of Probate, to be held at Laurens C. H., S. C. on the 25th day of October, 1910 next, after publication hereof, at 11 o'clock in the forenoon, to show cause, if any they have, why the said Administration should not be granted.

Given under my hand this 10th day of October Anno Domini 1910.  
O. G. Thompson,  
Probate Judge.

**Death of an Infant.**

Sarah, the three months' old infant of Sheriff and Mrs. John D. Owings was laid to rest at Gray Court Wednesday morning last, the death of the little one having occurred the day before at the home of its parents in this city, after an illness of about two weeks.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create, makes one feel joyful. Sold by Laurens Drug Co.

**Contract Notice.**

Bids will be opened at 12 o'clock noon, Saturday, October 15, 1910, for constructing a rock wall 800 feet in length along the street front of the Laurens Cemetery.

Each bid must be accompanied by a guarantee that, in the event of acceptance of bid, the bidder will be prepared to commence work within one week after award and will complete same within sixty days; contract to be accompanied by bond in the sum of half the amount thereof for the prompt and faithful performance of same.

Wall is to be a 12-inch rubble wall of good hard granite stone with beaded mortar joints. The wall to be 4 feet 6 inches high in all, including 6 inches below the surface of the sidewalk and a 6-inch coping at top of wall. The wall to show perpendicular on its outer face. Stones to bed full width of wall.

Mortar to consist of one part first class Portland Cement to three parts clean, coarse, sharp sand free from soil and silt. No mortar to be re-mixed or used after it has been originally mixed longer than 30 minutes.

All joints to be thoroughly flushed up with mortar. Body of wall to be 2 feet 6 inches above sidewalk and to be surmounted by a coping 6 inches thick and 14 inches wide. No pieces in coping to be less than 4 feet long. Face of coping to be pitched to a line, and outer upper corner of coping to be drafted one inch wide to a line. Coping to be evenly jointed so as to show not more than one-quarter of an inch space at any part of joint.

The bidder is to pay for all labor and material and to furnish the wall finished and complete without any extra cost whatever for any cause; provided that, if the City can furnish teams for hauling materials, each such team shall be credited by contractor on the cost of this work at the rate of \$2.25 per day; and provided further, that if the railway company will haul any of the material free or at a reduced rate similar deduction for the full amount of charge therefor shall be likewise made.

The work to be done in first class and workmanlike manner; the Civic League, through its properly authorized representatives, to have full supervisory control of the work during its progress and also the right to reject any or all the work when finished if it be not altogether up to specifications.

There will be four gate posts, constructed exactly like the wall, 16 inches by 16 inches by 5 feet 6 inches (including the 6 inches below the surface); to be surmounted by a coping 20 inches by 20 inches. This coping on gate posts will be 6 inches high at sides, rising to a peak 10 inches high; all edges, including those on slopes, to be drafted one inch wide.

Bids will be made in units of linear (running) feet including gate posts; and the Civic League may reduce or increase the footage named if it so desires.

If any bidder desires to offer a modified bid, he will state in detail the nature of such modification, and the exact amount of the difference in cost properly attributable to each.

Address bids to:  
Mrs. B. W. Ball, Chairman,  
Laurens, S. C.
