Hit Him in the Wrong Place.
A pneumatic barber chair exploded in Los Angeles and put out a barber's eye. That isn't the device that is needed. What the world requires is a chair that will explode and land on the barberial conversation department.

"CALORIC" Fireless Cookstove

"CALORIC" Fireless Cookstove

You will be amazed at the seemingly impossible things it does. It bakes and toasts food in its raw state without first partially cooking it in an ordinary stove or reheating it before serving, as well as steams, stews and boils.
The "Caloric" saves fully seventy-five per cent. in fuel alone and nearly all the time, and work, and all the bother. It requires no attention after the food is placed in it; there is no danger of burning or of food being over done. The "Caloric" will pay for itself many times over. After using it you would not part with it for many times its cost.

Have You Tried It?

There is a bottle of Cardui waiting for you at the drug store. Have you tried it?
If not, we urge you to do so, before your troubles have obtained such a hold on you, that nothing will drive them out.
Even now, it may be nearly too late. But try it anyhow. If anything can help you, Cardui will. It has helped in thousands of cases, where other medicines had been tried in vain. Why should it not do the same for you?

Take CARDUI

The Woman's Tonic

"My daughter, Octava, would have been in her grave today, had it not been for that fine medicine, Cardui," writes Mrs. Laura Lawrence, of Drennon Springs, Ky.
"Nothing I tried helped my daughter, until she had taken Cardui. I had sent for the doctor, when I thought of your medicine and got a \$1 bottle. When she had taken four doses she became all right. I often recommend Cardui to my friends."
Your druggist sells Cardui with full instructions for use on the bottle.
