People go on suffering from little stomach troubles for years and imagine they have a serious disease. They over-eat or over-drink and force on the stomach a lot of extra work, but they never think that the stomach needs extra help to do the extra work. If these people would take Bloodline with or after meals, it would be a great big help to the stomach in its strain of over-work. No matter what you eat or drink, Bloodline will sweeten your sour stomach and stop gas belching in five minutes. The heaviness disappears, and the stomach is greatly aided in its work of digestion. Bloodline not only promptly relieves all distress, but if taken regularly will absolutely cure indigestion by building up the flabby, overworked walls of the stomach and make them strong enough to digest the most hearty meal. Laurens Drug Co. sells and guarantees Bloodline. The price is 50 cents a large bottle. Test sample free for ten cents to pay postage from the Bloodline Corporation, Boston, Mass.
