## \$75,000 Worth of High-Class Merchandise

Must be Sold for SPOT CASH by January 1st, 1912

There comes a time and a tide in the affairs of men, especially merchants, where there must be a summing up and a balancing up of all its affairs, a time not only for balancing up its own debts, but a time to balance all the debts due the firm. In other words, a general cleaning up of stock and accounts. Every thinking man will recognize the wisdom of so doing, not only for merchants, but for individuals as well.

This change does not mean that we are going out of business. Our sole aim is to reorganize in every nook and corner of our modern Department Store. In order to do this, we must clean up and clear out thousands of dollars worth of seasonable merchandise and our customers will derive the greatest benefit of the remarkably low prices that cash only could induce us to offer.

We expect to introduce new methods, new ideas--to plan for bigger and better business that will not only benefit us, but you as well. We are going to clean up lock, stock and barrel--reorganize on a higher business plane--a store that every Laurens County man will be proud of. Get in line, get the progressive spirit and join us in our efforts for a bigger and better business.

## Ladies' Department

Showing the distinctive features of smartest styles and most fashionable fabrics. Now is the time for you to get the most attractive values in every line that it has been your good fortune to see in years.
