Entered at the postoffice at Laurens S. C. as second class mail matter.

LAURENS, S. C., JANUARY 10, 1912.

The Advertiser will be glad to receive the local news of all the communities in the county. Correspondents are requested to sign their name to the contributions. Letters should not be mailed later than Monday morning.

Laurens had more snow than Greenwood.

Our Harmony correspondent, in his letter this week, says let's keep the dispensary out. Second the motion.

The Advertiser hopes that the rural mail carriers will not have as hard a time today as they did yesterday.

Another one of those unsigned letters came yesterday. It was about a marriage, too, but it had to go into the waste basket.

In spite of the low price of cotton many improvements are seen throughout the county. In a number of places new homes, new tenant houses and new out houses are going up. It takes more than a temporary depression to down Laurens county farmers. They just will keep abreast of the times.

The people of Clinton are to be congratulated on the forward step they are taking in laying a sewer line. Although the mud is a little bothersome right now, this little inconvenience should be overlooked while such good work is going on. Clinton has gotten to be such a large place now that the health and wealth of its people demand this move.

In a letter to The Advertiser today, Mr. J. H. Moore, of the Chestnut Ridge section, complains of hunting going on in his neighborhood on the Sabbath day. It is rather surprising that this condition of affairs exists in Laurens county, but it can be put a stop to. A fruitful field for the rural police is open in the Chestnut Ridge section. If these Sunday hunters have no regard for the day themselves, they should be made to respect the wishes of the majority of the community.

The Advertiser goes out to its readers today in a rather abbreviated form. Our regular line of interesting advertisements is found, but the news is scarce. Realizing the circumstances under which our force worked yesterday, we are quite sure that our readers will bear with us if we give less news than we usually do. Our capacity for setting up advertisements was not lessened materially, for they are set largely by hand, but our linotype machine could not run on account of the lack of power, so of course we could not get up our accustomed amount of news.

The Advertiser is indebted to The Herald for help in getting up by hand the type that we did get up and we acknowledge here our obligations.

In spite of the bad weather and the consequent lack of power, The Advertiser, at this writing, hopes to greet its readers at the usual time.

When you begin to read this paper, bear in mind the great difficulty under which the rural mail carriers and other public servants have labored during the past few days. They are a faithful band and we should give thanks that such steadfast men, and women too, have in charge the delivery of our mails.

OUR RAILROAD POSSIBILITIES.
The announcement, or rather admission, of the C. & W. C. railroad officials that great improvements are contemplated on that road will be received in Laurens with great interest. The people of this city have come to realize that in that railroad now rests her best hope for a trunk line. Now that these improvements are about to be made and the C. C. & O. is contemplating the connecting link at Elkhorn, Va., it seems that the hopes of the people here for better railroad facilities are soon to be realized. Of even more advantage than the improvements on the C. & W. C. would be the building of that connecting link

to a part of the Chesapeake & Ohio Ry. from Elkhorn on the Clinchfield. When this link is built and the Clinchfield has a direct connection with Chicago and the middle west, Laurens, being on the C. & W. C., would then enjoy all the advantages of trunk line connections. A glance at the map will show that a line from Chicago and Cincinnati to Spartanburg and on to Charleston, by the C. & W. C. is about as short a route as can be found and it is natural to suppose that, on account of the affiliation of these roads, this route would be the one most used.

When these improvements are made and developments at Charleston follow, we may then expect that long looked for through train for Augusta and Charleston. And then, too, we may expect even better local schedules.

Although Laurens missed a grand opportunity when she let the Seaboard go by and later as a natural consequence lessened her chances at the Interurban, she now can place another hope that a great line is once more within her reach. It's coming, too.

THE BEST PROOF

Laurens Citizens Cannot Doubt It
Doan's Kidney Pills were used—they cured.
The story was told to Laurens residents.
Time has strengthened the evidence. Has proven the cure permanent. The testimony is from this locality. The proof convincing.
W. J. Dendy, editor of Gazette, Muskogee St., Clinton, S. C., says: "During the past few months I had symptoms of kidney complaint and I decided to try Doan's Kidney Pills, as I had often heard them highly recommended. There was a dull pain through my kidneys and the kidney secretions passed irregularly. In a short time after I used Doan's Kidney Pills, I was free from my trouble. I do not hesitate to recommend this remedy." (Statement given March 28, 1908.)
No Trouble Since.
On March 9, 1911, when Mr. Dendy was interviewed, he said: "I gladly give another statement in praise of Doan's Kidney Pills. Since I used this remedy some years ago, I have had no trouble from my kidneys or back."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.
