MANAGERS ELECTED WAREHOUSE SYSTEM

J. W. McCown Elected by Legislature to Head Commission in Charge of State Warehouse System.

J. W. McCown, State senator from Florence, was elected by the general assembly yesterday chairman of the board of commissioners which is to have charge of the State cotton warehouse system, should the act which recently passed stand the test of the courts as to its constitutionality.

Two ballots had to be taken before the other two members of the commission were chosen. The six nominees were: E. W. Dabbs, Sumter; T. L. Clinkscales, Honea Path; J. Arthur Banks, St. Matthews; J. T. Harris, Spartanburg; J. M. Polatty, Warrenville.

The first ballot resulted as follows: Clinkscales, 66; Banks, 64; Dabbs, 64; Honea Path, 58; Harris, 22; Polatty, 6. Total number votes cast, 140. Necessary to a choice, 71.

After the first ballot the names of Mr. Harris and Mr. Polatty were withdrawn.

The second ballot resulted as follows: Clinkscales, 86; Honea Path, 74; Dabbs, 58; Banks, 55; McQueen, 1; Belser, 1; Polatty, 1. Total number of votes, 138. Necessary to a choice, 70.

President Smith accordingly declared Mr. Clinkscales and Maj. Honea Path elected.

The warehouse commission will consist of three members, one of which will be its chairman at a salary of \$2,100 a year. The terms, two, four and six years, are chosen by lot. He will appoint a manager, whose salary will be determined by the commission and there are to be cotton weighers, cotton graders and other necessary help for conducting such a warehouse.

The chairman of the commission will have other duties looking toward the agricultural welfare of the State, and to help him in this he is allowed to hire a clerk at \$1,000 per annum.

For the acquisition of property, the erection of buildings and the maintenance of the system a bond issue of \$250,000 is allowed, to be taken up in 30 years, and this is to be on the visible property acquired by the commission and in no sense will be regarded as a debt of the State. The commission is allowed a contingent fee of \$5,000.

A BIG FERTILIZER DEALER RECENTLY SAID

"Oh, yes, there is no doubt but what Farmogerm is a good thing to produce nitrates, but you are just about twenty years ahead of the times."

Now we admit that as long as cotton brought 15 cents a pound it might pay to make heavy applications of Ammoniated Fertilizer to grow it. At 50 cents a pound we might even grow it profitably in flower pots. But low cotton prices and high cost fertilizers make a poor team to pull stumps with.

Instead of figuring how to pay last year's fertilizer bill with next year's loss of cotton, why not grow legume crops that will be of less interest to Wall street and more interest to your mules and hogs, and at the same time grow your own nitrates by inoculating the seeds with Farmogerm (High Bred Bacteria). If half the cotton that is piled up in sheds in the South could be turned into bales of hay, we might be buying automobiles instead of borrowing money to pay interest on debts. Then Wall street would have to "come and see us" on the cotton proposition.

As long as Cotton is King, Wall street will be Minister of Finance. Why not throw off the yoke and establish a republic?—put Corn, Oats and Legume crops in, with Thomas Phosphate and Farmogerm as Secretary of the Treasury and Agriculture, and Cow Pea Hay for the Department of the Interior (of your mules).

When we have done this we can safely control Old King Cotton, and send him to England to buy our luxuries.

Reduced Automobile Tire Prices. Reduced tire prices have just been announced by the Michelin Company. The new prices went into effect on Monday, February 19th. This announcement sets at rest the many rumors regarding price revision that have agitated the tire trade for some time.

Almost Lost His Life. S. A. Stid, of Mason, Mich., will never forget his terrible exposure to a merciless storm. "It gave me a dreadful cold," he writes, "that caused severe pains in my chest so it was hard for me to breathe. A neighbor gave me several doses of Dr. King's New Discovery which brought great relief. The doctor said I was on the verge of pneumonia, but to continue with the Discovery. I did so and two bottles completely cured me." Use only this quick, safe, reliable medicine for coughs, colds or any throat or lung trouble. Price 50c and \$1.00. Trial bottle free. SUNDAY SCHOOL QUESTIONS.

(Copyright, 1910, by Rev. T. S. Linscott, D. D.)

The Call of the First Disciples. Mark 1:14-28; Luke 9:1-11.

Golden Text—The harvest truly is plenteous, but the laborers are few. Pray ye therefore the Lord of the harvest that he will send forth laborers into his harvest. Matt. ix:37-38.

(1.) Verses 14-15—How do you understand the phrase, "preaching the gospel of the kingdom of God"?

(2.) What is repentance?

(3.) If a man is truly penitent does he necessarily believe the gospel? Why or who not?

(4.) Verses 16-18—Take the two occupations, literal fishermen and "fishers of men," and say which would be the more honorable calling to one whom God has called to be a literal fisherman.

(5.) Did Jesus invite or command them to follow him?

(6.) How do you account for the strange fact that these two men so promptly forsook their nets and followed him?

(7.) Verses 19-20—Why did Jesus have a preference for unlearned fishermen rather than scholars to become his chief apostles?

(8.) Why is it probable that Jesus knew these men in advance and selected them for their fitness for the work?

(9.) Does God ever call any man to a work for which he is not fitted? Give your reasons.

(10.) Verses 21-22—Is every man under obligation to keep the Sabbath day and to do some good on that day, as Jesus did? Give your reasons.

(11.) Will any preacher who knows the mind of God astonish his hearers as Jesus did?

(12.) Verses 23-28—What proof is there that today a very bad man, possessed with the worst devil we know, may be coming to Jesus be suddenly made a very good man?

(13.) Luke 1:1-3—Should all true preachers be as popular and draw crowds like Jesus did at this time? Why or why not?

(14.) There are thousands of people on the streets and at different resorts who never attend any place of worship. Why is it the duty of the modern church to send the gospel to them where they are?

(15.) Verses 4-7—What reason is there to think that God takes as much interest in our secular business as Jesus did in the business of Peter?

(16.) Do all those who get God's directions on their business matters obtain from him reliable information as to where or how success may be achieved? Why or why not?

(17.) Why should our past business failure be no bar to our faith concerning God's present business directions?

(18.) Verses 8-9—How do you account for it that this great business success made Peter see his sins?

(19.) Do phenomenal business blessings increase or decrease a good man's humility?

(20.) Verse 11—When is it right and when wrong for a Christian to give up his secular business and devote himself wholly to Christian work? (This is one of the questions that may be answered in writing by members of the club.)

Interstate Fertilizers advertisement featuring an illustration of a man in a hat holding a bag of fertilizer. Text includes: 'YOU COULDN'T expect a half fed child to grow up big and strong, could you? Nor can a big profit-making crop come from your soil, unless the crop is properly fed.' 'Few soils known have enough plant foods to remain fertile when cultivated. Exacting crops draw heavily upon its fertility.' 'Ammonia, Phosphoric Acid and Potash are drawn from the soil—some crops requiring a great deal of one and less of another. Fertilizers must be mixed as accurately as a doctor's prescription to supply the elements that are lacking, that the crop takes out.' 'The fertilizers made by us are conscientiously made. We could cheapen them, and analysis would not show the difference. But we prefer to give you the utmost in plant foods for the price you pay. For we consider reputation our richest asset.' 'The bountiful yields of cotton—the mammoth yields of corn—produced by them, are winning for them Southwide prestige.' 'Write us now for information about the fertilizers of the Interstate Chemical Corporation—mixed as you would have them mixed—and the name of our nearest dealer.' 'Interstate Chemical Corporation, CHARLESTON, SOUTH CAROLINA'
