

NEGRO LYNCHED BY PICKENS CROWD

Attempted Assault and Shot Woman in the Back—Took Victim from Sheriff. Greenville, June 29.—Having attempted to assault the wife of a highly respectable farmer of Pickens county and having shot her twice in the back with a single-barreled shotgun as she ran through the fields to her husband, Brooks Gordon, a young negro, was torn from the custody of the sheriff by a determined mob late this afternoon and lynched. The woman is reported to be resting well, and her chances of recovery are favorable unless complications set in. The crime is one of the most atrocious of the kind ever committed in this section of the State, and the portion of Pickens county where the offense was perpetrated was a terrible turmoil from the time the deed became known until the thirst for vengeance had been satisfied.

According to reports from Easley tonight, the negro attacked the woman as she was at work in the field at 10 o'clock this morning. She broke loose from him and ran through the field toward her husband, who was about a half mile away.

The negro carried a single-barreled shotgun and demanded to know of the woman if she intended reporting the matter to her husband. She replied, as she ran, that she would tell her husband, and then the negro leveled the gun at her and fired. The wound did not deter the woman in her purpose. The negro ran after her, reloading his gun as he ran. He demanded of her the second time if she intended telling her husband, but before she could reply he raised his gun and fired upon her again.

Having fired the second shot into the back of the fleeing woman, the negro turned and ran toward the mountains. News of the outrage quickly spread throughout the surrounding country and a mob of angry men gathered and started in pursuit. The chase continued for several hours, but Sheriff Roark of Pickens county beat the mob in the race, capturing the negro about 15 miles from the scene of his crime.

The sheriff started toward the Pickens jail with his prisoner, but was overtaken by the mob and the prisoner taken away from him.—The State.

"The Best Policy on Earth"

A letter from a fortunate holder of an "Elective Policy" containing the disability clause:

Greenwood, S. C., October 24th, 1911.

Southeastern Life Insurance Company,
Greenville, S. C.

Gentlemen:—I wish to thank you for the prompt manner in which you placed into effect the Disability Clause in policy No. 2026 held by my brother, Mr. Chas. A. Cobb, of Abbeville, S. C.

Some time ago he was paralyzed, and although not confined to his bed, is totally, and I fear, permanently disabled, and in no condition now financially, to keep up his insurance, one premium being due in the next few days.

Under this Disability Clause you have agreed to pay his premiums while the disability lasts, and his family is protected for the full amount of the Policy, \$5,000.00, without further payment of premiums on his part.

I cannot speak too highly of your Company, and of this splendid feature of your Elective Policies. I congratulate you on the great progress you are making, and do not wonder that you are gaining the confidence and patronage of such a host of our people.

Again thanking you, and with best wishes, I am,

Very truly yours,

(Signed) F. B. COBB.

The richness and variety of the premiums they obtain far surpass those of any other plan. And further we will give trading stamps because we think it is a good business proposition to do so.

We have always felt that the Cash Customer should have some advantage over the customer that preferred to run a book account—not that we appreciate a cash customer's patronage more than we do another customer whose name we are glad to have on our books—but because the cash is worth something to us. It helps us to take advantage of every trade discount, thus enabling us to sell goods cheaper, and because we can sell cheap thereby. So then cash is worth something to us. As a factor in building up our business, we are willing to hold out special inducements to cash customers, and our business policy is "One Price to All and that the Lowest" We offer these Trading Stamps, which is the equivalent to giving a certain cash discount, as they have a cash value greater than the equivalent in money, because they obtain the most magnificent premium on earth.
