### HARMONY NEWS.

Harmony, Oct. the 3rd.—Davis Redden, the lad that had his leg broken some time back, is able to put in time picking cotton.

Mr. Oscar Poor has a little girl that has been seriously ill with diphtheria, but she is better now. Great hope is entertained for her recovery.

A little daughter of Mr. E. E. Simpson has also had a bad case of the same malady but is thought to be on the road to recovery at this time.

Mr. J. H. Balentine, Mr. J. F. Davis and others are driving nails in a hurry, building a new dwelling for Mr. C. A. Moore. Mr. Moore has been undecided for some time where he would finally locate and we are glad he has decided to locate in this community. We would be glad if more like him would locate here. We are handy to churches and schools and have a fine country. Mr. J. F. Redden has been building an addition to his house which adds a great deal to the comfort and beauty of his place.

Mr. W. W. Davis has also done some necessary repairing about his building.

Mr. John Balentine and Mr. Robt. Reeves' family, in which they have had so much fever, are thought to be improving.

Rev. J. C. Davis, wife and two children, of Laurens, visited at the home of Rev. Jas. A. Hughes last week.

Mr. J. B. Davis and son, Willie, of this place were visitors at Laurens one day this week.

Miss Ora Mitchell of Chester, came over to the burial of her mother, some time back and stayed over till one day this week. She has returned to her duties in the hospital, where she nurses.

Mr. and Mrs. C. A. Moore are visitors at Ware Shoals this week.

This writer will say for the benefit of the lady readers, that he inspected a quilt a few days ago made by and belonging to Miss Mittie Vaughn that beats anything of the kind he has ever seen. It represents two special traits of character, patience and endurance. She calls it the curiosity quilt and it well represents its name. It only has twenty thousand two hundred and eighty-two pieces in it. This looks like exaggeration but it is so arranged that any one that can count the sides and ends and a little multiplication can soon find the number of pieces it contains. If possible this quilt will be on exhibition at the county fair where all may see that have a desire to see a curiosity of this kind.

Mr. C. W. Simpson, our efficient mail carrier and his good wife took a little outing last Saturday. They visited her sister Mrs. Switzer, at Switzer. He returned Monday evening leaving Mrs. Simpson to return later. He reports a pleasant visit and a nice time and crops over there like here, very short.

Roy Wood is on the sick list but it is thought he will be able to be out again in a few days.

# No Clap-Trap Schemes Used By Us In Securing Sales!

In this day of hustle and bustle in nearly every line of trade we find some hot-air plan adopted to secure sales. The placing of a fictitious price upon an article and then giving a check to a customer upon the purchase price, provided the article is bought within a short and limited time, too often entraps the unwary buyer, and makes him think he is getting a large amount as a gift upon the purchase when in fact he is paying more in the end than the article is worth. The puzzle contest guessing contest and endless methods are used. The United States Government has now condemned the giving of certificates of the puzzle contest. Pianos are advertised at \$375.00 and a check for \$150.00 is given good on the purchase of the piano when in reality the instrument is not worth \$200.00. We have no dope to administer in the way of great bargain chances; we do give you the value of your money and give all a square deal. We sell Pianos and Organs and ask that you keep this in mind. We can give you two years distribution of payments. Absolute satisfaction guaranteed.
