Postponing painting is like putting off payment of taxes. You are only piling up expense. The wise man paints often, so that there is always a protecting film of paint between his house and the elements. The more durable the paint, the less often this must be done.

The most durable paint in the world is

### Atlantic White Lead (Dutch Boy Painter Trade Mark) and Pure Linseed Oil

when mixed to suit the conditions of the wood. All good painters do it this way. Make sure that yours does it, too, and that he uses Dutch Boy white lead and linseed oil. Drop in at our store and get our "Painting Points," containing valuable suggestions on selecting color schemes for inside and outside your home.
