

WHAT I KNOW ABOUT VULCORINE

I know from actual experience that **VULCORINE** stops leaks up to the size of a thirty-penny spike. Keeps tubes soft and pliable adding 25 to 50 per cent more life to them. Does not interfere with vulcanizing nor does it affect Tire Makers' guarantee.

I know that **VULCORINE** will prevent tire troubles and delays on the road. The price is now \$7.50 to \$10.00 per car; Motorcycles \$3.00.

Avoid cheap imitations. Let me prove to you what I know.

But, after all, the compounding of physicians' prescriptions is a druggist's real business and we so regard it. Our chief thought and care are given to the prescription department.
