LAURENS, S. C., AUGUST 6, 1913.

The Advertiser will be glad to receive the local news of all the communities in the county. Correspondents are requested to sign their names to the contributions. Letters should not be mailed later than Monday morning.

Dials, Youngs and Scuffletown townships still stand by the old county. We are glad to have you stay with us.

We believe that The Advertiser expresses the sentiment of the citizens of Laurens when it says that the greatest cause for rejoicing over the outcome of the new county election was a feeling that even to the uttermost bounds of the county the people still showed the old ties of affection and love for the county and county seat. It can safely be said, we believe, that, in deciding how to vote at this critical time, many decisions were made on sentiment alone without any regard for the material questions at issue. Believing this as we do, we feel that the citizens of the county seat and the county as a whole have a right to feel thankful that they are so closely bound together and that it will take even more than mere monetary matters to break them asunder.

The announcement made in the editorial columns of The State several days ago that Mr. W. W. Ball would assume charge of the editorial columns of that paper in the absence of Mr. W. E. Gonzales in Cuba was received in Laurens with peculiar pleasure and pride. Mr. Ball is a son of Laurens county, one who so identified himself with its activities and so endeared himself to its people during his earliest life that they have never yet come to admit that he is no longer theirs. Mr. Ball is the son of the late Col. Beaufort Watts Ball, for a long time editor of this paper. The son followed in the steps of his father, being editor of The Advertiser at different intervals for a number of years. Under their charge the paper grew in influence and resources and attained to its highest perfection. Mr. Wm. Watts Ball is recognized as one of the most capable, most fearless and most broad-minded newspaper men in the south. The friends of The State feel no anxiety as to his ability to conduct its editorial page in a manner befitting the great paper that it is.

While no definite announcement has been made since the Enoree new county election, the advocates of the new county with Fountain Inn as the county seat let it be known some time ago that they intended to have an election called in case Woodruff met defeat. We do not know yet what effect the overwhelming defeat of Woodruff has had on the Fountain Inn people, but we hope that they have come to realize now before beginning a long and expensive contest that the people of the affected territories are not in favor of any change. The Fountain Inn people should not allow themselves to be carried away by the idea that the sentiment in favor of the new county there caused the defeat of the Woodruff proposition. While there were possibly a few people who voted with this in view, the number was probably very small and we believe would amount to little in deciding the contest as to the Fountain Inn new county. The people of the old county have expressed themselves in no uncertain terms on proposed dismemberment and their sentiment seems to be overwhelmingly against it. But, as we said about Woodruff, if the people of the upper portion of Laurens county want to detach themselves from the county seat and turn to Fountain Inn, we will say it is their right to decide and we will wish them well. But, we do not believe they want to leave us and we hope that another election will not be forced upon us.

## CONDITIONS REMEDIED AT PORT ROYAL

Sale of Liquor to Sallor Lads has been Stopped Since Ultimatum of Sec. Daniels Some Time Ago.

Washington, July 30.—Representative Byrnes took up with Assistant Secretary Roosevelt today the improvement of the disciplinary barracks at Port Royal. Some time ago the secretary of the navy stated that there was some complaint by the officials in charge of the government property there as to the sale of liquor on the island.

Maj. Hatch, who is in charge of the institution, has recently reported that conditions had been remedied, and Mr. Roosevelt states now that it is the intention of the department greatly to increase the number of men and erect some new buildings at Port Royal. The report of the examining board making specific recommendations will be sent to congress in a few days.

### Narrowly Escaped Permanent Injury.

Mr. J. F. Harney, superintendent of the Reedy River and Sullivan power companies, narrowly escaped permanent injury to his eyes last Thursday morning by the formation of an arc of light in a high voltage electric line. The incident occurred at the electric sub-station. The flash was of such brightness as to temporarily paralyze the optic nerves, causing almost total blindness for several hours. Mr. Harney does not remember the flash itself nor any of the sensations immediately following, but quite awhile afterwards he regained consciousness, finding himself in the middle of the street in front of the power house. Supt. Blunt, of the city pumping station, located nearby, came upon him lying there and called for his physician. Mr. Harney was carried to his boarding place and placed in a dark room the rest of the day and the next morning he was able to use his eyes by putting on blue glasses. Though suffering inconvenience for several days, he is now completely recovered.

### Visit From Railroad Officials.

L., made a round of calls on the friends of the two railroads in this city. Mr. Gresham has recently been promoted from the office of travelling passenger agent to that of district passenger agent with offices in Birmingham, Ala. Both of these gentlemen are affable, likable men and number their friends by the hundreds in every city they visit.

## CASTRO AGAIN ACTIVE IN VENEZUELA

Lieutenants of Exiled Former Dictator Begin Invasion of Country. Castro very Unpopular in Native Country.

New York, July 30.—Confirmation of reports that Cipriano Castro has begun revolutionary activities in Venezuela was received here today in a cablegram to Gen. Jose Manuel Hernandez, leader of the National Liberal party in Venezuela, now a political exile in this country. The message, dated yesterday and sent by one of the general's agents at Cucula, Colombia, near Venezuelan border, read: "Castro's followers have begun invasion." "This is what I expected," said Gen. Hernandez tonight, "but I have no further information of Castro's activities."

Gen. Hernandez as the recognized "El Mocho," is opposed both to Castro and the present Gomez government and is said to be waiting opportunity to return to his native land and lead a revolution of his own party against President Gomez. He issued tonight the following statement: "Gen. Hernandez as the recognized leader of the National Liberty party of Venezuela has with him the backing of the great majority of the country and in the present state of affairs he can only say he is closely watching events to see what can and must be done at the proper time and when due opportunity presents itself." "With reference to Gomez and Castro, both are hated and distrusted both at home and abroad and therefore there is no doubt that both will be forced by public opinion to disappear from the political scene. What the country wants is not merely a change of men, but a change in the whole rotten system."

### C. V. Hipp.

Mr. C. V. Hipp, after a lingering illness of about three weeks died at his county home in Eden community last Friday evening about nine o'clock. Mr. Hipp was a man that was much loved by all who knew him, and will be greatly missed because he was such a good Christian man and a good church worker. Mr. Hipp did not care to live in this world any longer, but was patiently waiting to cross over the river to meet his Savior and loved ones that had gone on before.

Mr. Hipp was twice married, Miss Boyd of Mountville, his first wife, died about nineteen years ago, and about six years ago he married Miss Charlotte Gray of Eden community, and during his stay up here he made many friends.

He is survived by his wife Mrs. C. V. Hipp and five children, Messrs. Will and Clyde Hipp of Mountville, Mr. Claude Hipp of Cross Hill, and Gray Hipp of Eden community.

## FIREMEN'S TOURNAMENT.

Moving Picture Reels of The Races Held in Abbeville in June.

Two especially interesting reels are scheduled for this week at the Opera House motion picture show. The one that will probably be of most interest locally is that of the firemen's tournament that was held in Abbeville during the latter part of June. The races themselves were very exciting and the pictures are considered among the best ever taken around here. This picture will be shown tomorrow evening and night, Thursday, Aug. 7th.

Another fine picture, Ambrosio's masterpiece "Satan" or the "Drama of Humanity". This picture is said to have cost nearly \$200,000.00 to produce and took four months to complete it. It will be shown on Monday, August 11th., afternoon and night.
