SOW GRAIN More Grain--Sow Now.

Sow Grain for the good of your land. Sow Grain for the benefit of your stock. Sow Grain for the betterment of yourself. Sow barley, rye, clover or vetch now in your cotton land that you intend to replant in cotton next year, as a cover and catch crop to keep the soil from washing and leeching during the winter months and turn under in the spring—adding humus to the soil for plant food. Sow oats to be cut for your stock and follow with peas in order to keep up the fertility of your soil—rotate your crops. The farmers of Laurens county are spending each year thousands of dollars in commercial fertilizers and gradually exhausting the fertility of the soil by planting the same land in cotton year after year—taking from the soil without returning plant food. Sow Grain and buy your seed from

OVER SEVEN MILLION DOLLARS TAXABLE PROPERTY IN LAURENS COUNTY THIS YEAR

Report of Auditor Thompson to Comptroller General Gives Valuation of Different Kinds of Property in the County—Almost Half Million Acres of Land.

The report of Auditor J. W. Thompson, filed with the Comptroller General's office some weeks ago, containing an abstract of the real and personal taxable property in Laurens county and other items as to taxation, suggests in a very forceful manner the actual wealth of the county. The report of the auditor shows that the total taxable wealth of the county is \$7,201,235 and as property is only returned at a very small proportion of its valuation, the actual wealth of the county must be very much larger. The total tax income of the county, including the 5-1-4 mill state tax, is \$176,194.99. Of this sum, \$21,663.71

Real Estate.	
134,738 acres in the county valued at	\$2,288,315.00

Bank returns	377,165.00

54 MINE VICTIMS' BODIES ARE FOUND

Two Members of the Rescue Crew are Killed. Union Funeral Service. Bodies Still in Mine, 209.
Dawson, N. M., Oct. 24.—Fifty-four bodies had been recovered tonight from the chambers of Stag Canon mine No. 2, two deaths had been added to the mine's total and government experts now in charge of the rescue work concede that 209 bodies are still within the gas-filled chambers. Thirty-six bodies have already been buried, a union service for all taking place late today. The work of searching for bodies is still going on, but hope that more of the entombed miners will be rescued alive has been abandoned. The two deaths added to the list today were those of James Lurdi and William Poisi, members of a rescue squad which entered the mine in the early morning. They did not return and it was only after the experts of the United States rescue car had searched six hours that the bodies were found. At the news of the added deaths the men who had been doing the rescue work refused to go back into the mine, but their places were taken by men from the rescue car which had been rushed from the Kansas coal fields. The work of rescue is going forward slowly under the leadership of J. C. Roberts. **Simple Funeral Service.** The funeral service over the recovered bodies was simple. Father A. C.

Collier, of Springer, N. M., read the service over the remains of men of the Roman Catholic faith, while for the others Rev. H. M. Shields, camp chaplain, read the Episcopal burial service.

Walter Douglas, general manager of Phelps, Dodge & Co., which controls the Stag Canon Fuel company, tonight expressed his opinion as to the cause of the explosion. He said gas is known to have existed in a vein of coal just above the one in which the company was working and that has been known to enter the Stag Canon mine on occasions when part of the mine roof gave way. Mr. Douglas believes some time Wednesday a small part of the roof dropped, permitting methane gas—fire damp—to penetrate into several rooms or chambers of the mine, and that subsequently some person with an unprotected lamp entered the pocket in which the gas and dust had accumulated.

Chief Roberts, of the government service, agrees with Mr. Douglas as to the probable cause, but said it was only a guess.

Suffered Eczema Fifty Years—Now Well.

Seems a long time to endure the awful burning, itching, smarting, skin-disease known as "eczema"—another name for Eczema. Seems good to realize, also, that DR. HOBSON'S ECZEMA OINTMENT has proven a perfect cure. Mrs. D. L. Kenney writes:—"I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetter, which has troubled me for over fifty years." All druggists, or by mail 50c. PFEIFFER CHEMICAL CO., St. Louis, Mo. Philadelphia, Pa.
