

BLEASEITES "WARM-UP" FOR M'LAURIN

Change of Base Noted Since His Reply to Senator Tillman. Urge Him to Come Out for Governor.

Columbia, Nov. 7.—That certain elements of the administration supporters, hitherto uncompromising opponents of any suggestion looking to putting Senator John L. McLaurin for Governor, have come around since the publication of the McLaurin reply to Senator Tillman and are now urging the Marlboro Senator to enter the race, is known.

Information received in Columbia from Spartanburg is to the effect that yesterday several telegrams went from Blease leaders there to Senator McLaurin congratulating him on his reply to Senator Tillman and urging him to come out for governor. They told the Senator in their telegrams that the people would back him, they speaking of course of their own political views.

Senator McLaurin retired from the race after the chilly reception his candidacy met with at the hands of the Blease conference held here during fair week, but it would not surprise those in touch with affairs if the Senator would reconsider and re-enter the race. If he comes back in and the Blease organization would swing around to him it will add confusion to the already chaotic outlook in next year's gubernatorial race.

Friends of Major John G. Richards, Jr., the chairman of the railroad commission and candidate for governor, profess to feel confident at the way matters are developing in the race for governor and state that they believe Major Richards is gathering strength. This same view is taken by practically all of the candidates and the field is still open for guess and speculation.

NEWS FROM JONES.

Jones, S. C., Nov. 10.—We recently met the following friends Messrs J. T. Mellock of Greenwood, W. R. Richey, Sr., and Thos. Burts of Laurens, Mendez Higgins of Cokesbury, F. L. Bramlett of McCormick and Alfred Snyder of Georgia.

Miss Lucy Clardy, the accomplished daughter of Mrs. Lizzie R. Clardy of Laurens, was the guest of her cousin, Mrs. Wilmot Smith at Ware Shoals last week.

Miss Lizzie Beeks and Mr. Homer Ballentine were married the 2nd inst. Rev. J. O. Martin officiating. Miss Beeks is quite a favorite among the younger set and will be greatly missed by her friends. The groomsmen as to be congratulated on winning such a charming bride.

Mrs. G. C. Graham and school attended the fair at Greenwood Friday. W. T. Jones, Jr., also carried his school (Riley) down.

The friends of Mr. Watt Johnson will be pained to hear of his death on the 8th inst. We tenderly sympathize with the bereaved family.

Rev. R. F. Morris, pastor of Princeton circuit has endeared himself to all of our people and we hope Conference will return him to us for another year.

Anyone desiring to find a location for a saw mill can write or see Dr. W. T. Jones.

We are indebted to the following friends: Wm. Golden, T. J. Becham, Clarence Martin, Langdon Boland, Broadus and Luther Cooper, W. C. Cobb, Jones and Calvin Culbertson, E. B. Boland and many others for recent kind favors.

YOU'RE BILIOUS AND COSTIVE!—CASCARETS

Sick Headache, Bad Breath, Sour Stomach, Means Liver and Bowels Clogged—Clean Up Right.

Get a 10-cent box now. Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

Stop That Itch!

I will guarantee you to stop that itch in two seconds. No remedy that I have ever sold for Eczema, Psoriasis, and all other diseases of the skin has given more thorough satisfaction than the D. D. D. Prescription for Eczema. I guarantee this remedy. LAURENS DRUG CO. Laurens, S. C.

ALFALFA MOST PROFITABLE CROP

Adds Fertility to the Soil—Yields Three to Four Crops of Hay Each Year in the Corn Belt.

EXCELS EVERY OTHER CROP

The Introduction of Alfalfa as a General Farm Crop in the United States Will Revolutionize Agriculture—Means More Live Stock, Better Soil and Larger Returns From the Crops That Follow.

By PROF. P. G. HOLDEN, Director Agricultural Extension Department International Harvester Co. of New Jersey.

Alfalfa Should be Grown on Every Farm

1. It is a profitable crop.
2. Increases farm values.
3. Excels every other crop in yield per acre in feeding value as a drouth resister as a soil enricher.
4. No harder to grow than clover.
5. Make a beginning—start now grow some alfalfa.

Repeated experiments made by the agricultural colleges, and the results obtained by the actual growers of alfalfa in the semi-arid sections of the west, throughout the corn belt states, and in the south and east, are conclusive evidence of the great value of alfalfa.

There are few farmers whose profits would not be increased greatly by raising alfalfa. Every farmer should aim to produce, as far as possible, his foodstuffs upon his own farm.

During the last few years, the area devoted to alfalfa has greatly increased in the region west of the Missouri river, and it is certain that there will be an equally rapid increase throughout the eastern and southern parts of the United States.

Many of the attempts in the past to grow alfalfa in the humid regions have failed, but with our present knowledge of the requirements of the crop there will be little, if any, more trouble in securing a stand.

Alfalfa will soon be grown abundantly and profitably upon every farm. It is no more difficult to grow than clover and gives double the yield. The deep rooting habit of alfalfa enables it to resist drouth when clover, timothy, blue grass and other forage grasses die for want of moisture. Alfalfa roots grow deep into the soil—far beyond the roots of other plants.

Its drouth resisting power is of no greater importance than its great value as a soil enricher. The long roots bring phosphorus, potash and other plant foods from below and store them in the upper soil for the use of other plants. Experiments show greatly increased yields of other crops grown upon alfalfa sod.

Alfalfa is rich in protein the most essential element in feed to make bone, blood and muscle in growing animals.

Why We Need Alfalfa.

There is no combination of feeds so economical for the production of beef, pork, mutton, butter and eggs, as corn and alfalfa. Neither will give the best results alone. We need alfalfa because it balances up the corn ration and saves the large waste of starch which always takes place where corn is fed alone. We need alfalfa because we can by means of it grow on our own farms the protein more profitably than we can buy it in feed stuffs. We need alfalfa because it feeds the soil and enables us to grow larger crops of corn and oats. We need alfalfa because it produces on an average double the feed value per acre of clover or any other forage crop.

Advisable to Inoculate.

In regions where alfalfa has not been grown it is found to be necessary to inoculate the ground by sowing three or four bags of soil secured from a field where alfalfa or sweet clover has been grown for a number of years; or where it is more convenient, artificial culture, such as "nitragin," "farmogerm," etc., may be applied. Where alfalfa has not been grown before it may make the difference between success and failure.

Alfalfa Essentials.

A well prepared, firm, solid seed bed, plenty of good barnyard manure, and fallow to kill the weeds, are most important. Lime? Yes, one to two loads per acre, and by all means inoculate. Ground too wet for corn is not suited for alfalfa.

Make a Beginning—Start Now.

Every farmer should try at least a small piece of alfalfa and if he does not succeed at first, try again and keep on trying until he does succeed. It is worth the while. If the work is thoroughly done and at the proper time, you will most certainly succeed in securing a good stand; if the work is half done and out of season, you will just as certainly fail. Make a beginning—start now.
