BUSINESS CHANGE!

DAVIS-ROPER COMPANY

We are compelled to make some changes in our business. Changes that are absolutely necessary for our good. Changes that will be of lasting benefit to our many customers. These changes will positively go in effect

January 1st, 1914.

Now in order to make these changes we are compelled to close all book accounts and out-standing debts, and we must insist on a prompt settlement of all accounts. Give your account your immediate attention--don't delay. Attend to it at once. We are determined to clean up our books.

AN ENTIRE CHANGE IN EVERY DEPARTMENT!

NEW CREDIT SYSTEM! NEW SALES SYSTEM!! NEW STORE SYSTEM!!!

A system that the buying public will appreciate and benefit by. Any business without system will soon become a back number and we have been moving up for 22 years and mean to keep on moving up. Right on the jump for everything that will help us and benefit our customers.
