The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

PLAY A SUCCESS.

Local Actors Make Hit in "Bachelor Hall" Last Friday.

The local talent play "Bachelor Hall" given in the opera house last Friday evening was exceedingly successful both as to the display of histrionic talent and as to the display of the American mezuma. An immense audience gathered to witness the work of the local artists and the continuous applause gave proof that it was enjoyable. As heretofore The Advertiser positively refuses to mention any particular actors as it is quite a dangerous operation. It is safe and proper to say, though, that all the parts were handled right up to snuff. Much of the success of the play was due to Miss Fannie Mae Thames and Mrs. II S. Blackwell, who were the leaders in getting up the play and who supervised the training of the troupe.

The performance netted the company about ninety dollars. This amount will be divided among the four orphanages of the state.
