UGH! CALOMEL IS HORRIBLE! IT SHOCKS YOUR LIVER, IF BILIOUS

Calomel Sickens! Don't Lose a Day's Work. Clean Your Liver and Bowels with "Dodson's Liver Tone"

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight. Here's my guarantee—Go to any drug store and get a 50 cent bottle of

Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

Paying the Spied.

Louis XVIII must have been sincerely grateful for the institution of spies. Shortly after the restoration he asked Fouché, his minister of police (who had filled the same office under Napoleon) whether he had been efficiently spied upon during his exile in England. After a considerable amount of pressing, Fouché admitted that one of the members of the royal household, the Duc de Blacas, used to furnish regular reports concerning his master's movements. "How much did you pay for his services?" inquired the king. "A fixed allowance of £8,000 a year," was the reply. "I am glad to hear you say that," said the king. "We arranged to divide his earnings as a spy, and so long as he was working for you I used to draw £4,000 a year. It is comforting to learn that he didn't cheat me."—London Chronicle.
