FARMERS RICHER

President of Southern Railway Com-

ments on Government Crop Gigures. Washington, Jan. 27 .- "Farmers in the Southern States traversed by the Setuliern Railway Company's lines are better off by at least \$200,000,000 than they were at this time last year." said President flarrison, of the Southera Railway Company, commenting on the United States agricultural department figures of crop and live stock

acs of the crops of cotton, including seed, grain, hay, tobacco, Irish potatoes, sweet potatoes and apples, 188,630,000, as compared with \$1,020,-179,000 last year, an increase of \$168,-151,000. The value of live stock on the department as \$10,228,000 greater than last year, bringing the total up to \$178,670,000, and if we add to this the increased value of various vegetable and fruit crops, for which figures are not yet available, the total will easily reach \$200,000,000.

"Although, on account of the large reduction in cotton acreage, the yield of cotton was substantially less than last year, the farm value of the cotton was \$16,872,000 greater, and of th seed \$10,952,000 greater, making the total value of the crop \$87,821,000 the more general diversification of crops which is the outstanding feature of present day farming in the 982,000 in the value of grains, an intatoes, and an increase of more than \$10,000,000 in the value of live stock throughout the United States the increase in the value of live stock does not fully measure the progress of the South in the past year toward a realization of its great advantages for the production of meat and dairy products. The department figures show increases of 83,000 head of milch cows, 200,000 head of other cattle and 981,000 head

"Taking into consideration the increased extent to which Southern farmers have produced supplies used on the farm, as well as the large increase in the value of their marketable products. I think it may fairly be said that the average condition of the farmers of the South was never better than it is today."

PRESIDENT WILSON TALKS

PREPAREDNESS IN MIDDLE WEST

Is Now Visiting Biggest Cities Advocating His Preparedness Program. Accompanied by Mrs. Wilson.

Washington, Jan. 28 .- President Wilson left Washington tonight for a speaking tour in the Middle West in advocacy of his preparedness program. He has been told that most of the opposition to army and navy increases is centered in that section of the country and believes that the success of his defense plans depends in large measure on the impression he makes. He will remain away from Washington until February 4.

The president will go over the army and navy programs minutely, and also will touch on the Mexican and international questions, and on various measures pending in congress.

Mr. Wilson has decided, it is understood, not to mince words in his reference to "peace at any price" advocates or to supporters of extreme military increases. While he probably will not mention any names, he will indicate clearly his belief that leaders in each of these classes, democrats and republicans alike, are s danger to the nation at the present

The first address will be in Pittsburgh tomorrow afternoon where the president will make a long speech at a meeting that has been arranged, especially for him, and another to an overflow meeting. After that he will go to Cleveland, Milwaukee, Chicago, Des Moines, Topeka, Kansas City and St. Louis, making several brief platform speeches en route. Tomorrow night he will speak in Cleveland, where he will remain over

Throughout the trip the president will avoid banquets and other entertainments, but on Wednesday he will have lunch with Gov. and Mrs. Capper, in Topeka. Mrs. Wilson, who will accompany the president, will be met at all stops by committees of

Every effort has been made to have all the meetings strictly non-partisan, and open as far as possible to the public. The president plans to repeat the praise he voiced in New York last night of Representative Mann, republican leader of the house, and other republicans who have come out for adequate preparedness. While he recognized that his trip is certain to have strong political effects, his friends declare he will not seek to turn it into a campaign tour.

The president and Mrs. Wilson will travel on a special car attached to regular trains. Two other special ears, one for secret service men and members of the White House staff, and another for newspaper men will be attached. Secretary Tumulty and Dr. Carey T. Grayson, the White House physician, are accompanying Mr. and Mrs. Wilson.

Mr. Wilson was busy today disposing of important business. He signed many nominations for submission to the senate, including that of Louis D. Brandels, as associate justice of the supreme court.

Tonight the president attended a dinner given in his honor by Secreary and Mrs. McAdoo, at which the guests included Mr. and Mrs. Brandeis, Justice and Mrs. Hughes, Justice and Mrs. Pitney, and Mr. and Mrs. Samuel Untermeyer. He left the dinner just in time to go to the train.

## Three Points of Superiority

Just one trial of the NEW POST TOASTIES, made in our spotless purefood factories, reveals their pronounced superiority. A distinguishing characteristic being the presence of tiny little puffs on each delicately toasted

First, a splendid new flavour is developed in the NEW POST TOASTIES; the full, true flavour of the corn, not found in other corn flakes.

Second, they have a body and firmness that prevents softening in cream and provides a nourishing, satisfying breakfast dish that one can chew, though deliciously tender and crisp.

And third, the NEW POST TOASTIES do not waste in the package through crumbling, like ordinary flakes.

Thousands of housewives have "discovered" these new and decidedly better corn flakes to the open delight of husbands and children.

The NEW Toasties are crisper and daintier than common corn flakes, with better flavour, better body, and added economy.

Packed in paraffine-sealed cartons to preserve the delicious oven-crispness until opened at your table.
