STARTS CAMPAIGN FUND.

R. Babb, Chairman, County Democratic Executive Committee:

I am sending \$1.00 for National Democratic campaign fund. Within a little over three years the Wilson administration has done more to set in motion some great measures looking to an equitable distribution of burden and benefits in this great country, than had been done in a half a hundred years of Republica rule that had gone before.

Now, backed by the great banking and syndicate interests of the North, a campaign surpassing anything of its kind known to our political history, is being waged to restore to power the party of plunder and special privilege. To meet this some funds must be raised. It is a case of the great banking and monied interests against the people. Let every democrat send something to the County Chairman.
