## Do You Believe in Better Times?

We believe in better times---we believe that the time is approaching when everybody will be better off than he now is. If he will only stop to think. By the use of good hard common sense any one can assure those better times for himself. Better times will come to the person who applies the most common sense to his buying in any line. We handle a full line of Men's, Boys', Ladies' and Children's Shoes, Ladies' Ready-to-Wear, Suits and Dresses, Men and Boys' Clothing, Hats, Caps, Shirts, Underwear, Sox, Stockings; in fact, we clothe the whole family from head to foot.

### Millinery

We have a large and attractive Millinery Department, and one strictly up-to-the-minute in styles the year round.
