LAURENS, S. C., OCTOBER 11, 1916.

Next stop County Fair.

Next Friday, the 20th, is the day that the people of Laurens county set apart for the cultivation and cementing of friendships, for general enjoyment and for receiving information on farm subjects. Are you coming?

The demand for clover seed at local stores is phenomenal. Although 24,000 pounds of seed were ordered through the Clover Club, the demand still remains unsupplied. The Laurens County Clover Club has been spoken of by prominent men as the "biggest thing in the South today" and if it proves to be as successful as it ought to it will revolutionize farming in this section. The clover fever will then spread all over the South. The important thing for the clover planters to do is to have confidence in the directions given by Clemson College and to follow them studiously.

The annual County Fair is just ten days off. Although the plans for the fair this year were gotten under way rather late, they have been pushed rapidly and the indications now are that another very successful exhibition will be held. While the usual interest is being shown in all of the departments, it seems that unusual interest is being taken in the swine department. Reports from numerous sources tell of those who are contemplating bringing their hogs to the fair and offering them for sale. And then, too, the Pig Club boys are expected to have an exhibit of their prize stock.

In looking back over the six years' history of the County Fair it is interesting to note that four or five men have been largely instrumental in keeping the spirit alive and making it the success it has been. The three active officers, Pres. W. D. Byrd, Sec. C. A. Power and Gen. Supt. J. D. W. Watts, have stuck to the fair through thick and thin and have given much valuable time and thought to its successful conduct. While much valuable assistance has been rendered by others, these men and W. R. McCuen and W. Carl Wharton, this year's superintendent, have had most of the responsibility upon their shoulders.

According to claims made by the city of Greenville, not a single case of typhoid fever has originated within the city limits in over a year. There have been two cases, but both cases originated outside the city. This wonderful record, so it is claimed, is due to the war which has been waged in Greenville for several years against filth, unsanitary premises and against all kinds of diseases. Greenville has been made the most sanitary city in the United States and the results have proven more than advertisement. There has been an actual saving of life and expense. The City of Laurens is taking progressive steps along the same lines and the administration should be encouraged to make the work effective.

**BARKSDALE NEWS.**

Barksdale, Oct. 9.—The farmers of this community have been busy gathering their crops but most of them are almost a half crop short in everything, especially cotton; and many of them are glad to see this refreshing shower of rain which fell last night and this morning.

The many friends and relatives will be sorry to know that Mr. Lafayette Henderson of this place was painfully hurt when he fell from a wagon of peavine hay last week.

**Card of Thanks.**

We wish to thank each and every one for their kindness during the sickness and death of our darling little boy, Rufus, and may God's richest blessings rest upon each and every one.

Mr. and Mrs. Gray E. King.

**ALL WRONG**

The Mistake is Made by Many Laurens Citizens.

Look for the cause of backache. To be cured you must know the cause.

If it's weak kidneys you must set the kidneys working right.

A Laurens resident tells you how. Mrs. Janie Ledford, 431 Fleming St., Laurens, says: "My kidneys were weak and my back was so lame that I could hardly stoop to put on my shoes. I had that worn out, tired feeling and a heavy weight on my shoulders could not have felt worse. I was nervous and drowsy, too. My kidneys acted too freely at times, then again not freely enough and the kidney secretions were in bad shape. I had dizzy spells and had to put my hand on the wall to keep from falling. After suffering for several years, I used Doan's Kidney Pills. They relieved me from the first and soon fixed me up in good shape." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ledford had. Foster-Milburn Co., props., Buffalo, N. Y.

**Capt. Drummond Very Ill.**

Capt. Wash H. Drummond, of Lanford Station, was stricken with apoplexy at his home Monday night and since 2 o'clock Tuesday morning has been unconscious. Attending physicians expressed very little hopes for him throughout yesterday. A phone message to this office at midnight last night reported Capt. Drummond as sinking very rapidly.

**Postmastership Examination.**

An examination will be held at Clinton Saturday, November 11th, to select a postmaster at Goldville. The salary for the Goldville postmaster last year amounted to \$325. Application should be sent to the U. S. Civil Service commission at Washington at least 7 days before the date of examination. Application forms may be secured from the postmaster at Clinton.

**House Burns Tuesday.**

A cabin, owned by Mr. T. D. Lake, and located on his home place, was burned Tuesday morning about 10 o'clock. The origin of the fire is unknown. The house contained seed-cotton, fodder, cotton seed, a pea thrasher and other farm material, the loss amounting to over \$500.00. There was no insurance on the building or contents.

**The Coal Situation.**

Mr. Robert Eichelberger, the local coal dealer, stated yesterday that the coal situation is worse than it has been in many years, that it is difficult to get coal from the mines at any price. He said that he had quite a large number of orders in for coal and that he expects to fill them all, though probably the large orders will have to be filled in small quantities at a time. With the scarcity, the price has also gone up and the indications are that it will go still higher.

**Helped by His Neighbors.**

Mr. Lewis H. Bolt, of the Shiloh section, was given considerable aid by his neighbors last week when they gathered at his home and picked out the larger part of his cotton. Mr. Bolt and most of his family have been sick during the crop gathering season and have not been able to do much work. The consequence was that they had gotten very much behind when the neighbors came to their assistance. They have requested that their sincere thanks be expressed for the valuable aid given in time of trouble.

**LARGE CROWDS TO STATE FAIR.**  
High Price of Cotton Expected to Boost Attendance at State Fair and Harvest Jubilee.

Columbia, S. C., Oct. 7.—The biggest street carnival ever held in Columbia will be the Harvest Jubilee, October 23-27, introduced last fall in connection with the State Fair. The festival this year will be on a more comprehensive scale. The young woman to be selected queen of the Jubilee will be crowned Monday evening of the opening day of the fair in front of the State House, and a ball immediately thereafter will be given in her honor. Tuesday has been designated as "Floral Day." At 5 o'clock in the afternoon the floral parade will be given, and all classes of vehicles in floral decoration will compete for a list of cash prizes.

Wednesday is "South Carolina Day." Again in the afternoon a parade such as has never been assembled of South Carolina's natural resources will pass through Main street. In addition to the huge floats by Clemson College, Winthrop College, home demonstration workers, boys' corn clubs, the State Department of Agriculture and other allied interests of the state, many entries will come from individual farmers. Three prizes have been offered, for \$100, \$50 and \$25 respectively.

Thursday will be known as "Columbia Day." The morning will be given over to band concerts, while in the afternoon the magnificent trades display will be held, when again long trains of floats will go by, demonstrating the business interests of the Capital City.

"Military, School and Patriotic Day" will be observed Friday, the final day of the Fair. Should the two regiments of troops now on the Mexican border return to South Carolina by that date, these will participate. An effort is now being made to have the military schools and colleges, and all fraternal organizations, together with civilians in the parade. Valuable cash prizes have been offered to the military school making the best exhibit. The parade is intended to add impulse to the idea of preparedness.

Free acts will also be a feature on Main street each afternoon and night. Four of these specialties have been procured, and free performances will be given on Main street by each in the afternoon, and as many again in the evening. The acts will be staged at the juncture of four of the streets with the main thoroughfare, and the performances are scheduled one half hour apart that the crowd may witness all of these. Indications are that no such crowds have ever before moved upon Columbia as will come to the Capital City late this month.

**Rooster Attacks Baby Boy.**

Joliet, Ill.—Leo Palace, two years old, was attacked by a rooster which he was trying to chase, and as a result he is in a serious condition. The rooster turned on him, and the baby, in endeavoring to escape, fell. The rooster pecked him in the head, striking a suture in the child's skull with his beak, rendering him unconscious.
