**The Universal Liquid Remedy
Known as Ironized Paw-Paw Tonic**

WHICH LIFTS AND HOLDS YOU

Greater and greater grows the public confidence in the new remedy, Ironized Paw-Paw. Never has such a demand been created within a few months. The people have been so accustomed to be dosed with Tablets that it was a relief when they turned to the old-fashioned, honest Liquid Remedy, compounded on the tried tonic of beef, iron and wine lines, used by millions of weak and dyspeptic nervous people with the greatest success for the last fifty years.

Thousands of testimonials have been received from grateful patrons who will never use anything but Ironized Paw-Paw in future. They have come to understand that a good liquid Tonic supersedes the hard indigestible Tablet as "Electric Light" does the old-fashioned "Tallow dip". Here is one of the many letters we are receiving daily, almost hourly:

"I have been suffering from indigestion, liver and constipation troubles, could not get a refreshing sleep. Had tried everything recommended. Tablets I could never take as they lay too heavy on my stomach and did not assimilate fast enough, so I tried your Liquid Remedy, Ironized Paw-Paw—can truthfully say that 3 bottles have made me forget I ever was ill. Eat now as I desire, bowels are regular and my liver acts normally. Cannot give sufficient praise to your remedy. You have my good wishes.

Yours truly,
J. B. BARRETT,

Think of the many evenings of pleasure for all members of the family as they gather around this magnificent instrument and hear the wonderful music which it affords.

Although the New Edison sells at a somewhat higher price than talking machines, it is manufactured and sold at a smaller percentage of profit. Furthermore, owing to the superlatively fine materials used in the manufacture of the New Edison, the Edison Laboratories have felt the increasing cost of materials more acutely than any of the talking machine manufacturers. Nevertheless, although the talking machine people have quite generally raised their prices, the Edison Laboratories have stood steadfast in the maintenance of their long established prices.

Do not delay until it is too late. We have a limited number of machines in stock and these will be sold to those who make quick decisions. Hesitation may cost you your biggest Christmas pleasure.
