

WRIGHT'S IRON MINERAL SPRING

This spring has been discovered on Mr. R. Z. Wright's place just two miles below Clinton opposite Dover Junction, close to the main public road. This water has been analyzed at Clemson College, and has been found to be heavily charged with iron and other properties, and free from all impurities. For those that are run down and suffer with different kinds of stomach troubles such as indigestion, kidney trouble, sores, and different kinds of blood diseases, there is no greater tonic known than iron. It is endorsed by all the leading physicians. There are people now who are using this water and testify to the good that it is doing them.

The public is invited to visit this spring and if you are suffering from any of these kind of diseases there is no doubt, but this water will be of benefit to you.

The way the healing properties of this water and can testify to the good man who had sores on his legs, and by bathing them in the water they began to heal at once.—Advt. 4-21

To Improve Your Digestion.
"For years my digestion was so poor that I could only eat the lightest foods. I tried everything that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them did I find the right treatment. CROSS HILL NEWS.

Cross Hill, Aug. 19.—The death of Veteran Alexander D. Owens last Wednesday afternoon, though not unexpected for several months, removed from our midst, so far as we know, the oldest citizen in this section and cast a gloom of sadness over the community. He had been in very feeble health for more than a year, due perhaps largely to his advanced age of eighty years. He had lived a long life, humble, reserved, yet useful as a citizen, neighbor and Christian gentleman. His life and conduct as a Christian and member of the Baptist church, so far as we know, was unapproached and exemplary. Though his life was long and he had reared a large family of children, yet his was the first death to occur in the family. He is survived, therefore, by his wife, who was a Miss Reed, and all of his children, five sons and three daughters. Interment was had at Liberty Springs Thursday afternoon at 6 o'clock, conducted by Rev. W. D. Ratchford.

Rev. Geo. E. Smith, who has been in the training school for army chaplains at Camp Taylor, Louisville, Ky., the past five weeks, returned Saturday, having passed all required examinations and received his commission as army chaplain, with the rank of first lieutenant. He has been ordered to report at Camp Meade, Maryland, Sept. 5th. He held his last service at the Baptist church Sunday morning, which time he presented his resignation as pastor of the church after serving that field since the first of January. He is now arranging his affairs in preparation for his new work, and will leave Cross Hill the latter part of this week. By his exemplary life and his faithful pastoral service, Mr. Smith has endeared himself to his congregations, all of whom regret to lose him and his family from their midst, yet they commend his patriotism in voluntarily offering his life and service to his country.

COLE L. BLEASE SPOKE HERE MONDAY

(Continued From Front Page.)

Referring inferentially to the recent statement of President Wilson in which he said "I have no reason to fear that they (the people of South Carolina) will believe that Mr. Blease is or can be a friend of the administration", Mr. Blease said he didn't care what President Wilson says or writes, "I don't believe the people of South Carolina are going to let any man tie a collar around their necks and be dictated to" how they shall run their government. In this connection, he reiterated his charge that 75 per cent of the men in the army today, among them the three Richey boys whom he praised highly, are followers of his and challenged his opponents to disprove it. He said the laboring boys and the cotton mill boys had gone to war while the "town sports and cigarette suckers" had gotten exempted.

Mr. Blease advocated a fixed price of 45 cents a pound for cotton and federal aid for good roads.

Approaching the subject of negroes, of whom a considerable number were in the audience, he said that the returning negro soldiers were going to demand the right to vote and hold office. "What is your answer going to be?" He said that was a matter which should be left to the states.

Saying that he would not say anything against Mr. Dial elsewhere that he would not say here, he proceeded to rebash some charges against the business career of Mr. Dial which have been featured in The Charleston American and which can be found there most any day by anybody who wants to read about them. Mr. Dial was not present to answer these charges and was not invited to be present. Mr. Blease has never made them in the hearing of Mr. Dial.

He quoted the late Senator Tillman as charging Mr. Dial with being a Hakkelite. He said that Mr. Dial opposed the state warehouse system and six per cent money for farmers.

In closing his address he reiterated his statement, which has already been published in which he said that if elected he would go to Washington and offer his services to President Wilson and if necessary support him for a third term as president.

Mr. Blease predicted his election by a majority of ten or fifteen thousand votes.

Cure for Dysentery.

"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whiteclaw, of Des Moines, Iowa. "He told me in detail of what it had done for his family, but more especially his daughter, who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did, and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results."

Miss Othello Bolt Dead.

After an illness of several months Miss Othello Bolt was called to the higher life on Friday last, the 9th at the home of her sister, Mrs. George Wolff, near Barksdale. She was a sister of Mrs. Geo. Wolff, Mrs. Kate Barksdale and Mr. J. Warren Bolt, both of this city. All that was best and beautiful in Miss Othello's life was only known by those who knew her best and loved her most. Only her close relatives and immediate family realized the beauty of her disposition. In some mysterious way all the world is made better by such a life as hers. Her last moments were as gentle and peaceful as her life. She was a devoted member of Chestnut Ridge church for years. She was laid to rest in that cemetery Saturday afternoon at six o'clock. The funeral was conducted by her pastor, Pat. Williams. The pall bearers were her nephews; Willie Wolff and Laurens Barksdale, of Camp Jackson, W. O. Barksdale of Spartanburg, J. C. Barksdale, Warren Bolt, John Bolt and Arthur Hudgens of Laurens.

Last Thursday afternoon Miss Elise Babb entertained a number of friends in honor of her guest, Miss Pauline Terry of Rockingham, N. C. The porch was attractively decorated in flags and hunting, and punch was served under two crossed flags. After about two hours of knitting and gay conversation, a delightful salad course was served.

COUNTY CAMPAIGN OPENED MONDAY

(Continued From Front Page.)

In the past. He said that when he went into office 16 years ago that a heavy indebtedness was hanging on the county, and that in spite of the heavy flood losses for which not an extra dollar had been appropriated, the county is today free from debt and operated on a cash basis. He said that the office of supervisor is a big job. He has given the county a business administration, for recently the Comptroller General had said that he considered him one of the best officials in the state. The administration of the finances of the county is the important thing he asserted and he has given efficient service, doing the best possible with the means at the disposal of the office. Speaking of his opponents he said the people should examine their records as business men and as former officials and see what success has been theirs.

J. D. W. Watts said Humbert had held the office a long time—long enough. The office should be filled by a man of ability, experience and conservative. These requisites he possesses and will give an economical administration. He said, "If you don't want good roads, don't vote for John Watts". He referred to Mr. Humbert's record and criticized him for the way in which he has conducted the office and the poor judgment shown in the working of the county's roads. He promised efficiency if elected.

County Treasurer.

R. J. Langston announced his candidacy and asked the support of the people for the office, pledging his appreciation and faithful service if elected.

Ross D. Young was "at home" and received a big welcome from his home folks. He gave an account of his stewardship and said that he had given the county a business administration. He told of having loaned \$35,000 of jail money at 5 per cent, and \$10,000 of road money collected, at 5 per cent. He is always glad to "come home" where he has always been given splendid support.

County Commissioners.

The candidates for County Commissioner, Messrs. A. B. Blakely, L. W. Martin, A. H. Moore, B. Wright Martin, J. C. Nelson and J. B. O'Dell, briefly announced their candidacies and asked the suffrage of the voters in the coming election, all promising faithful, efficient service if elevated to the lofty office to which they aspire. The crowd was in a good humor and

all of the candidates received a courteous and respectful hearing.

Tractor Demonstration.

A demonstration of the Cleveland Tractor will be given on the farm of Mr. Guy L. Copeland, about a mile and a half this side of Clinton, next Tuesday, the 27th, which is election day. The demonstration will be given under the direction of the Ellis Motor Company, of Clinton, and Mr. Ellis has issued a general invitation to all farmers and others interested to attend.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Liniment and bound over the seat of pain is often more effectual for a lame back than a plaster and does not cost anything like as much.
