No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVES' TASTELESS ELUTION given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

LETTERS FROM THE FRONT

From Dewey D. Boyd, With British Ex. Force, Oct. 25, 1918.

My Dear Mother:

I will drop you all a few lines to let you hear from me. I guess you thought I never was going to write any more, but if you will read the newspapers, you will see why I haven't. I was in the lines for 25 days and now I am in the hospital. I got some gas, which was up there—only a light case, I think. Hope so anyway. I think I will be all right in a few days. We sure did some good work at the front this time. I guess you have seen it in the papers. The nurse has just come around and given me some cod liver oil. Sure was some dead too. Send my love to the same place. Well I will have to stop as this is all the paper I have. One of the boys gave it to me. Write soon and a long letter.

With much love, Dewey.

From Jas. Callie Culbertson.

The following letter from Jas. Callie Culbertson, was received by his sisters a few days ago.

In active service with the American Ex. Force, Oct. 22, 1918.

Dear Sisters:

How are you all by this time? I am getting along fine and hope you all are the same. I guess you all are picking cotton now. What is the price of cotton now, and how are the crops?

It is raining over here today, and that is nothing new. I got J. T.'s letter and was proud to hear from him. I often think of the good old times we have had together. Tell him to write to me often. I will write to him in a few days. It takes a letter about a month to reach me, but am always glad to hear from dear old home.

I have not seen Stokes Martin in about a month. Roy is O. K. We left camp at Camp Wadsworth and haven't heard from him since. Has father branched over come over yet?

Just had a bad Saturday dinner. I just got over and some, that was good to me. I expect to get dinner at some next year, where I can get chicken.

I am still in the hospital, and it is a real pain believe me. I haven't been to bed a day yet, so don't worry about me.

What is mama doing? Cooking I guess. Tell her to have me a cake cooked when I get back.

Bill, does dad ever buy you any candy? I will bring you a box when I come home. Tell "T" to buy you some. You must go to school and learn all you can, so you will not have to work in the field. Tell Marie I think she ought to write an "old soldier" a few lines sometime. I haven't heard from her since I came over and I have written her several letters.

What is Frank doing? Riding in his sedan, I guess.

I haven't been paid off since I have been in the army, but money is not much good over here for you can't buy anything but tobacco and I don't want any of that.

We are working the roads, grading railroads and unloading ammunition. We hiked 22 miles the other night. We do all our hiking at night, it is so much better than in the daytime.

You all write to me often. I will write every chance I get. With love to you all, I am,

Your bud,

From Walker Campbell,

Oct. 13, 1918.

My Dearest Sister:

I will try and write you a few lines this lonely morning, to let you hear from me. I wrote Mother a letter yesterday and told her I was in a hospital in England, wounded, but Sis, I will be well soon. Do not worry about me for I am getting along fine. I am in an American hospital and get plenty to eat. I was wounded on Oct. 8, 1918, in the left thigh and it went in on one side and came out on the other. That was good, wasn't it, Sis? I know you all think I don't write often, but Esther, when a boy is in France and at the front he cannot write. He has no time. I will write now as often as I can. I don't know anything to say for Ben. I guess he is somewhere in France.

England sure is a nice place. Kiss little Christine for me and tell her to be good and tell John he ought to be over here and get him a Hun; and also tell him I had some time with the Huns. They will not fight when they see us coming. They run the other way.

The American boys are going over

the top, and you know the rest. Hope to hear from you soon.

With love,

From Serat. Turner,

Oct. 16, 1918.

My Dear Papa:

Haven't had time to write you for some time. Hope you will not think that those blue lines have gotten me. They will have to go some when they get me. I came over here with the full intention of going back 'cause I have a dad and a girl that wants me to come back, and I am going to do that very thing. We have moved from one place to another ever since we have been here, so have not had time to write. I like this place fine, but do not like the idea of living in a pig pen, as I am doing. You may think that is a joke, but it is not. We are in one of those large farm houses where everything is under the same roof, and it fell my lot to take a pig pen. But, to be frank, it is about the best place that I have had since I have been here. The floor and walls are cemented, are perfectly clean, and I have a real hog pen all to myself.

Received your letter of September. You left out the date, but got one from Julia at the same time. Also one from Nara dated the 17th. Was so glad to get all of them, and to hear that you are well. Dad, I want you to take good care of yourself this winter. You must remember that you are not as young as you used to be. Got a letter from Oscar Barr a few days ago. He let the States about a year ago. Said he had not met a single person that he knew all this time, so you see we do not get to travel much. Have not seen a single one myself, but of course I knew nearly all of the boys I came over here with, and that makes a big difference.

According to the papers a few days ago, it looks like we're going to have some more gas, but the shells will not reach Germany's border. Of course we all want to get home as soon as possible, but I had rather stay and see the Huns. I can't do a thing but give them unconditional peace.

I liked to tell you how they catch grapefruit worms. They gather the grapes and put them in vats and get in with their feet. Some wash their feet and some do not, so you can judge whether it is as clean as it ought to be.

Love to all,
Sergt. J. E. Turner,
Bat. B, 6st Artillery, C. A. C.,
American Ex. Force.

From W. P. Chaney,
Evac. Hospital No. 24,
Sept. 14, 1918.

My dear Wynona:

Just a few lines to say I landed safely "overseas" last night. Had a good night's rest and a splendid breakfast this morning. I stood the trip over here fine with exception of being somewhat seasick for a day or so. Of course as you can imagine that would be natural.

They tell me we are at the largest hospital camp in the world. Some large place, believe me. It seems that everything is going to be very nice and convenient here. A good place to sleep, plenty to eat and good clothes and shoes to wear. So don't you folks for one moment worry about me, as you know I will take care of number one. I see we have a good Y. M. C. A. real near so we boys will be going over at nights and have lots of pleasure playing and singing.

How is papa getting on gathering his fodder? All O. K., I hope. And has Clarence been called into service yet? He told me when I was at home he was looking for his call most any time.

Will not write you much this time, but when I get settled down, I can find something interesting to tell you, maybe. Now write me often for you know how very anxious I will always be to hear from home. Tell all the others at home to write me.

The Community Labor Board.

As many may think the work of the Community Labor Board is at an end the following letter will be of interest: To the Members of the Community Labor Board:
I trust sincerely that no member of a Community Labor Board will fail to appreciate that the cessation of hostilities brings new opportunities for service and imposes new and important duties. The country now faces the obligation to return to suitable employment those whom under the stress of war it has induced to enter its service in the field or in the factory. Upon the manner in which that obligation will be fulfilled depends in very large measure the well-being of the people for many years to come, as well as the vindication of those principles of justice which animated us in the pursuit of war.

There is no instrumentality at the Government's command so well equipped to help in the process of transition from war to peace as the Community Labor Boards, and at no time since the beginning of the war has the need of such services been so urgent or the duty imposed upon those capable of performing them so imperative.

Therefore, I confidently appeal to each of you to continue at your post until the last unit of our forces overseas shall have been brought back to appropriate pursuits of peace and the last man to be withdrawn from war service shall have been given an opportunity of employment for which he is fitted to serve.

The demands of these days are perhaps even greater because more difficult to fulfill than the high call of duty in war. We must be true to ourselves and to our faith and discharge the problems that are pressing upon us. Much depends upon the members of the Community Labor Boards in the fulfillment of our task.

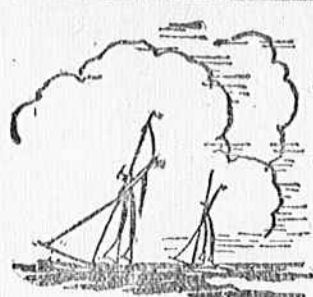

W. B. WILSON,
Secretary of Labor.

COLORED PEOPLE DELIGHTED WITH NEW DISCOVERY TO BLEACH THE SKIN

Atlanta, Ga.—Says that recent tests have proven without doubt that swarthy or sallow complexions can be made light by a new treatment recently discovered by a man in Atlanta. Just ask your druggist for Cocotone Skin Whitener. People who have used it are amazed at its wonderful effect. Rid your face of that awful dark color or greasy appearance in a few minutes. It costs so little that you can't afford to be without it. Just think how much prettier you would look with that old dark skin gone and new soft, light skin in its place. Men and women today must care for their complexions to enter society.

If your druggist will not supply you with Cocotone Skin Whitener, send 25c for a large package to Cocotone Co., Atlanta, Ga. For sale by the Laurens Drug Co.

Bracing as a North Wind

At the end of a hard day, just sit down to a cup of Luzianne Coffee. See how you pick up with every savory sip. Luzianne is far, far different from any other coffee. It's got something that all the others seem to lack. And it's packed in dust-proof, moisture-proof cans that bring Luzianne to your kitchen just the same as when it left the roaster. Buy a can and try it for yourself. An iron-clad, air-tight guarantee says that if you are not entirely satisfied with Luzianne, your grocer will give you back your money. And he will.
