### MR. FAMILY MAN:

#### Why Spend So Much Money on Shoes?

Here is what Tracy Munson of Joplin, Missouri, says of Neolin Soles: "Judging from my own experience, they wear four times longer than other soles and have the additional advantage of being waterproof and slip-proof."

Why continue to wear extravagant old-fashioned soles when you can get these money-saving, long-wearing soles on new shoes in any style you like for any member of the family? Good shoe stores everywhere carry them.

And don't throw away your old shoes. Have them re-bottomed with Neolin Soles and enjoy the comfort of a re-soled shoe which is not stiff or clumsy. Neolin Soles are a discovery of Science, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

### LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Frezzone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Frezzone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

### JONES NEWS.

Jones, April 26.—Prof. C. A. Fellers, of Spartanburg, a former teacher of the Jones high school, was the recent guest of Hon. J. F. Morrison and while here paid the writer a short but pleasant visit.

Rev. Strickland, pastor of Princeton circuit, recently visited Mr. and Mrs. G. L. Graham.

Mr. Elwood Cooper, of Mt. Olive, has a beautiful stand of cotton.

From the amount of corn planted throughout this section I am confident the cotton acreage has been materially reduced.

Miss Jennie Lou Martin, of Princeton, spent the week-end with her parents, Mr. and Mrs. J. C. Martin.

Mrs. Dr. W. T. Jones, accompanied by her son, Frank, and daughter, Mrs. Lola Jones Caine, were shopping visitors in Greenwood Thursday.

We had the pleasure of meeting the following friends: Ed Knight and Sam Calder, of Greenville; Loan Moore of Ekum; John Morrison, of Donalds; Dr. Henry Beeks, of Richmond; Dr. Mac Glymph, of Anderson; Rev. Jodie Martin, of Westminster; W. H. Pitts, of Friendships; Howard McCravy, of the navy; Preston Devore, W. H. Canfield, S. B. Rambo and Bennie Franklin, of Greenwood.

All of our people anticipate attending quarterly meeting at Kings Chapel.

We had the pleasure of hearing a splendid sermon by Rev. Jodie Martin, of Westminster at Mt. Gallagher, Sunday. It is a treat to hear the good singing by Mt. Gallagher choir.

Mr. Long, a representative of Tate Marble Works, of Ga., was the guest of Mr. Eddie Pitts last week.

Dr. W. T. Jones is profoundly grateful to all of his friends, white and colored, for all of their kindnesses to him.

Ware Shoals is keeping pace with the progressive spirit of Greenwood. Elegant residences go up as if by magic and the paving of the streets is progressing nicely. It is already one of the best towns in the Piedmont and is yet only in its infancy of development. Those in charge of the business of the wide-awake little city have great plans in store for it. It is a splendid market for cotton and corn and all kinds of farm produce and is drawing a large trade for many miles in every direction. Upward of thirty years ago the writer extended every particle of his influence to build the C. K. & W. railroad and developed the magnificent waterpower at Ware Shoals, knowing that it would be an inestimable blessing to the surrounding country.

### PROHIBITION LAW WILL BE ENFORCED

Department of Justice Announce Literal Enforcement of Law will be Made.

New York, April 24.—The government proposed a literal enforcement of the war-time prohibition act, including a ban on production and sale of all beers and wines, whether or not they are intoxicating, the department of justice announced through special representative in the federal court here today.

While no steps will be taken to prevent brewing, pending a court determination of the law's constitutionality raised by brewers of the New York district, manufacturers will operate in peril of future prosecution, according to the statement of William C. Fitts, special counsel, appearing for attorney General Palmer in the beer litigation.

The attorney advised Judge A. N. Hand, who heard arguments on the government's motion to dismiss the suit brought on behalf of the national brewers by the Hoffman Brewers Co. to restrain the federal authorities from interfering with its production of 2-3-4 per cent beer, that the department of justice did not know and did not care whether beer of the strength indicated was intoxicating.

The law prohibited sale after June 30, of distilled beverages as well as manufacture after April 20, and sale after June the 30, of "beer" wine and other intoxicating malt or vinous liquors for beverage" pending the demobilization of the military forces, he said. The words "beer" and "wine" were not qualified, in the opinion of the government, he added, and the apparent congressional intention to stop the "waste" of grains and fruits in their production in any strength would be enforced.

### "Hearts of the World" Coming.

"Hearts of the World," the D. W. Griffith production that required eighteen months in the making and which is declared to be the masterpiece of this dramatic genius, surpassing both "The Birth of a Nation" and "Intolerance," will be the attraction at the Opera House two days only, afternoon and evening, May 5th and 6th.

That "Hearts of the World" has established a new high record for even a Griffith production may be gained from the fact that it has been shown in Chicago, New York, Boston, Philadelphia and other cities upwards of more than six hundred times at \$2.00 prices. That it is a most unusual achievement is evident from the announcement that David Lloyd George and other high officials of the British and French nations not only gave Mr. Griffith their most hearty co-operation in the taking of the principal scenes, but personally appear in the play.

Contrary to the general opinion, this latest of the Griffith works is not a war play. It is described by Mr. Griffith himself as "The sweetest love story ever told." It was written by Gaston de Tolignac and translated from the French by Captain Victor Marier. The story is in two parts, the first revealing the life of an ordinary French family before the war and the second the experiences of these people when the great conflict ended in victory for the allies.

The majority of the scenes in "Hearts of the World" are described as great moving paintings that might have been conceived by the world's greatest artists, their beauty and grandeur far exceeding anything ever before attempted even by the master hand of the indomitable Griffith.

### GREAT FRENCH SACRIFICE CALLS FOR WORLD'S GRATITUDE

The French have suffered and bled more than any other nation at war. Of her 36 million population, 6 million were placed in the trenches and have poured out their blood on the altar of Liberty. America will ever remember this heroic sacrifice. It is likewise not unkind of the great service to the world rendered by the French peasants who have given it a perfect remedy for stomach, liver and intestinal disorders, which is reported to have relieved incalculable suffering, saved thousands of lives and prevented innumerable surgical operations. Geo. H. Mayr, prominent Chicago chemist, imports and sells it in this country under the name of Mayr's Wonderful Remedy. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded. The Laurens Drug Co. and Druggists everywhere.

# Own Your Own Home

Enjoy the freedom of home life in a QUICKBILT Bungalow.

## Life Isn't Life

in a rented house, a boarding house or a crowded flat. One is too cramped, formalities too burdensome and restrictions too numerous. It is a useless nuisance. Especially when it is so easy to own your own home. Building materials are high, but modern methods of manufacture reduce the cost and place a home within your reach. Labor is expensive, but systematic construction makes possible the erection in only a few days. Build Today—Stop Paying Rent.

## QUICKBILT BUNGALOW NO. 42

An attractive, snug, convenient, roomy little bungalow with a complete floor plan embodying the best of modern architectural design. It is built substantially light, to make it lasting and resistant to the heat, cold and weather. Especially built for a country home, it is well adapted to government and army housing. It is a real home, built for the family, built to last. A most desirable and profitable investment. From the building to the roof, from the siding to the interior finish, it is already prepared for construction and partially built. In buying a QUICKBILT Bungalow you

### SAVE

**WASTE.** All the material is carefully measured and the large waste piles of many lumber are thus eliminated. Every foot of lumber is used. You buy no surplus material.

**TIME.** Every piece of material has its own place. Everything is numbered and systematized. The instructions to the carpenter are complete and the order of erection simple. No time is lost in looking for material. The time actually required in preliminary cutting and remaining in shape. As a large portion of the house is already built in panels, just that much time and cost is eliminated in construction.

**LABOR.** With the entire process of erection systematized and preparation—eliminated the labor in the erection of a QUICKBILT Bungalow is reduced to a minimum, and therefore, of minor consideration. A carpenter of average speed and experience with two laborers, can erect the house in 7 days. The ordinary home will take almost as many weeks.

**MONEY.** A saving in waste of material, time and labor, is a saving in money. With a QUICKBILT Bungalow the expense of erection is cut in half, but that is not all. You need not pay a contractor's fee. The erection is so simple and systematic that any carpenter of average intelligence can erect it with ease. Many owners build them themselves. You pay no architect's fee. The complete plans with all specifications and instructions are furnished FREE. And yet the plans are made after careful study by the best and most experienced of architects, with a view to eliminating waste and making the greatest possible convenience, economy and strength. The cost of the material is further reduced by the fact that you buy it from the mill, manufacturer and forest in one.

One complete plan covers the entire process from the lot to the completed house. You pay no middle-man's profit. You buy direct from the mill or manufacturer. In our complete plans we show dimensions of lumber, and both quantities and prices, so that you can purchase in most any city, town or village, as the lumber is in the greatest quantities and under the supervision of the low cost of quality production.
