**STARVING AUSTRIA**  
**APPEALS FOR AID**

**America Receives Appeal to Save 7,000,000 Austrians from Anarchy and Death.**

Washington, Jan. 9.—An appeal to the American people to extend aid to 7,000,000 Austrians, threatened with anarchy and death by starvation during the winter, has been forwarded to Washington by Baron Elchoff, who is head of the Austrian peace delegation.

"The representatives of the allied and associated powers in Paris are fully aware of the terrible distress which Austria is actually afflicted," says Baron Elchoff's appeal. It resulted from the plain figures which have been laid before the reparations committee with ghastly evidence of the end of the present month the Austrian people literally will perish by cold and starvation. This is a fact which nobody calls into question.

"It has been established by the distributions committee and of the supreme council that Austria can only be saved by granting her the necessary credits and solely the hope that the powers would do so hold up as yet a certain extent the morale of the suffering people. At the present moment this situation has come to a specially critical phase, the European powers having declared that they can not grant those credits and that American co-operation offers the only chance for saving Austria.

"It is, therefore, the sacred duty of every representative of the Austrian

people, and I might say of everybody knowing the utmost distress of this people, to address a most urgent appeal for help to the whole population of the United States of America.

"The perishing under the eyes of the whole world of seven millions of human beings, who in the face of inevitable starvation would fight each other in utmost despair were a catastrophe unparalleled in history and everlasting stain on the civilization of the twentieth century.

"Confiding in the Austrian people appeals to the feeling of justice and of humanity of the American nation notwithstanding economic and political difficulties which might be opposed to the relief action. The magnanimous American nation will not be deaf to the voice of commiseration.

"It is impossible that a people of seven millions must die when a comparatively slight effort of the United States could save them."

**LUNCHEON AT CAPITAL.**

Washington, Jan. 8.—Senator Dial today gave an elegant luncheon at the capital to Ambassador W. E. Gonzales and to Gov. Robert A. Cooper. Both these distinguished guests of honor were here in attendance upon the Jackson day dinner. There were also one or two others present, including James C. Derieux, secretary to Governor Cooper.

**RHEUMATISM**

**Mustarine Subdues the Inflammation and Eases the Soreness Quicker Than Anything Else on Earth.**

Pay only 30 cents and get a big box of Bezy's Mustarine, which is the original mustard plaster and is made of strong, real, yellow mustard—no substitutes are used. It's known as the quickest pain-killer on earth, for in hundreds of instances it stops headache, neuralgia, toothache, carache and backache in 5 minutes. It's a sure, speedy remedy—none better for bronchitis, pleurisy, lumbago, and to draw the inflammation from your sore feet there is nothing so good. You get real action with Mustarine—It goes after the pain and kills it right off the reel. Yes, it burns, but it won't blister—it doesn't give agonizing pain a slant on the wrist. It does give it a good healthy punch in the jaw—it kills pain. Ask for and get Mustarine always in the yellow box.

**Their Medicine Chest For 20 Years**

It is characteristic of folks after they pass the allotted "three score years and ten" to look back over the days that are gone and thoughtfully live them over.

I find myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store owned at Hollyar, Mo., making and selling a vegetable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the laxatives and cathartics on the market and became convinced that they were not that they did not act on the bowels, but that their action was too violent and drastic, and upset the system of the user; which was due to the fact that they were not thorough enough in their action, some simply acting on the upper or small intestine, while others would act only on the lower or large intestines, and that they almost invariably produced a habit requiring augmented doses.

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a mild, but thorough elimination of the waste without the usual sickening sensations, and make the user feel better at once.

After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Nature's Remedy, which I truly believe goes further

and does more than any laxative on the market today. Two thousands of letters from users have convinced me I was right, and that the user of Nature's Remedy as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Nature's Remedy from the very first.

And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each mail brings from people as old or older than I, who tell of having used Nature's Remedy for ten, fifteen and twenty years, and how they and their children and grandchildren have been benefited by it.

It is a consoling thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellowman. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take a Nature's Remedy (No. 1) and will be better, healthier, happier people for it. I hope you will be one of them.
