**WOMEN WILL BE POWER FOR GOOD**

To Make Presence Felt in Nation.  
 New York, June 2.—The millions of America women who expect their political status to be changed by Federal amendment to citizenship next November are going to become a power for good in the nation according to Mrs. John Sherwin Crosby, a delegate to the Democratic national convention in San Francisco next June. A woman president of the United States, she says, is remote but not impossible, say in 1944.

"The only two things worth while at present," said Mrs. Crosby, "are politics and religion. We all should study both: how to improve our government and make better men and women. When I speak of religion I don't mean any particular creed but the religion of the Gospels, the Ten commandments and the Sermon on the Mount. The world is money-mad. Religion alone will free it from its selfishness and unrest."

Mrs. Crosby, who has been called "the mother of New York women Democrats," a white-haired, dignified matron of more than three score years, she is the widow of a judge—declared the 300 or more women delegates would go to the convention with the determination to nominate a strong man and put through a "constructive" program.  
 "It will be the greatest convention ever held," she said, "because women for the first time will have a voice in it. I expect to see a bitter fight, particularly over the question of majority or unit rule. I can, of course, only speak for myself and what the women may do when they enter the convention will depend largely upon the act they take in the preliminary caucuses. I believe an effort will be made to put a plank in the platform calling for a modification of the Volestead enforcement act and permitting the manufacture and sale of light wines and beer, I believe, however, that everyone should be obedient to law. I oppose anarchy and socialism."

"All American women," she continued, "are sufferers from the profiteers. We must fight them and I am sure we have ingenuity enough to devise a way to defeat them and, in other ways to bring down the cost of living. Inequitable taxation undoubtedly will come in for its share of attention at the San Francisco caucuses and the idea of Henry George of stopping speculation in land and relieving both workers and industry from some of their burdens undoubtedly will be advocated by women. The worst profiteer of all is the profiteer in houses and land. The 'unearned increment' of land, the rental value, must be taken for public revenue or the people will stagger under their taxes till they drop."  
 The woman leader declared that "with the change in the political status of women next fall" there would come, however, no violent change in governmental affairs. It would take women a long time to become practical politicians, she said, but they would become such eventually. She said the time would come when women would fill the most important offices within the gifts of the people of the United States.

**FORMER GERMAN EMPRESS REPORTED TO BE SICK, KAISER CLOSELY GUARDED**

London, June 1.—Some days ago Dutch newspapers reported the former empress of Germany was under the medical care of Prof. Hymans Vandenburg, of Utrecht, it being said she was run down in health as a result of moving from Amerongen to Doorn. There has as yet been no confirmation of this report, says a Amsterdam dispatch to the Exchange Telegraph company.

The day after this report was made public two allegedly suspicious characters were arrested inside of the gateway leading to the new home of Count and Countess Hohenzollern. Dutch authorities, the dispatch states, are keeping strictly silent about this happening, but a close watch is being kept. A large number of Dutch, both in uniforms and plain clothes have been stationed at all corners of the vast estate, while a few detectives have been placed clandestinely in the village of Doorn. Count Hohenzollern is not authorized to leave his residence without having first informed the commander of the constabulary, who generally accompanies the former emperor on his motor trips.

**JONES NEWS.**

Jones, June 4.—Miss Mary Jones is visiting her sister, Mrs. Walter Herring of Marion.

The recent sudden and untimely death of Mrs. Strickland of Princeton, was a great shock to her many friends. The tenderest sympathy of all of our people goes out to her sorely bereaved husband and children.

There will be an "all-day singing" at Walnut Grove on 2nd Sunday and a cordial welcome awaits all who attend.

We were sorry to hear of the recent death of Rev. J. S. Henderson of Cokesbury. He was an eminent divine, a splendid citizen, a warm-hearted friend and his loved ones have our heart-felt sympathy.

Mr. J. C. Martin is building a public garage.

Mr. Frank Buzhardt's dwelling was recently burned, origin of fire being unknown. The family made a narrow escape. No insurance was carried, but friends have made liberal contributions.

Congratulations to Mr. Buck Freeman and Miss Padgett, who were recently married.

Dr. W. Townes Jones recently lost a fine cow.

Ware Shoals Co. has the finest oats we have seen.

Mr. and Mrs. Tally Childress, of Greenville, were the recent guests of Mr. and Mrs. Jesse Stansell.

Our warm friend, Mr. Ollie Gaines, of Ware Shoals, recently paid us an appreciative visit.

Razor's bridge and road is in good condition and there is a considerable amount of travel over it.

After a visit of several weeks to her parents, Dr. and Mrs. W. T. Jones, Mrs. E. E. Martin has returned to Columbia.

We recently met the following friends: Jack Abney, Arthur Williams, Deputy Sheriff White, Coroner Faulkner and Constable McDowell, of Greenwood; Jas. Gray and Willie Erwin, of Honea Path; Samuel Razor, of Mountville; and Messrs. Eugene Johnson, Clarence Williamson, W. D. Wilson and Jas. Starks of Abbeville.

Aunt Flora Anderson, colored, said to be 100 years old, passed away a few days ago. She was well liked by her white friends.

On account of the loss of two cows Booze Maddox will be unable to supply his customers at Ware Shoals.

Hon. and Mrs. J. F. Morrison are visiting their son, Frank, and daughter, Mrs. Coker in Laurens.

Our friend, Mr. Higgins, of Cokesbury was in our midst a few days ago and gave us an interesting account of his recent visit to Washington and New York.

Dr. W. T. Jones is profoundly grateful to all of his friends, white and colored, for recent kind favors.

Supervisor Hodges and Capt. King are in our midst looking after our roads and bridges.

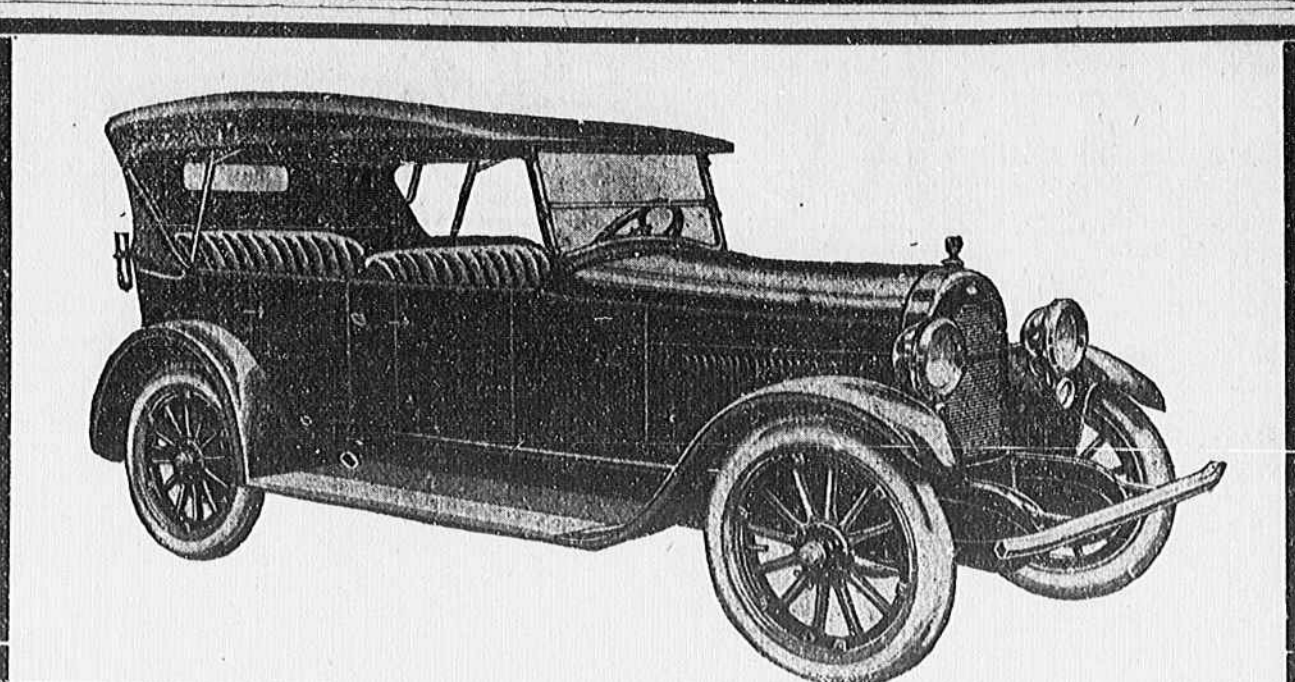

The farmers are overwhelmingly busy.

Our warm friend, Prof. W. P. Culbertson, of Cross Hill, was in our midst recently. He was the first teacher of the Jones high school and his work was an inestimable blessing to this entire section. We are profoundly grateful to Prof. Culbertson and all the teachers of the Jones high school for their zealous, faithful and successful work in promoting the moral and educational welfare of our community.

**GERMAN ROYALTY SIGNS IN STATE GARDENS MAR REPUBLICAN SCENERY**

Berlin, May 25.—Many Germans, apparently still find some difficulty in realizing that the imperial and royal regime is a thing of the past. There are, indeed, extremists, on the other hand, who object to the eagle on the Prussian escutcheon looking towards the right instead of the left "as a republican eagle ought to" but sign boards in the Tiergarten for instance will bear the inscription, "Royal Forestry Department," and there are shopkeepers, who display signs that they are "Purveyors to H. M., the Emperor and King," or "Court" photographers. It is rather pathetic nowadays to behold small boys in sailor suits wearing caps with ribbons "H. M. Submarine Flotilla," or "H. M. Air Forces."

What to do with the marble statues of William Hohenzollern's forefather in the Siergsall—the famous Victory avenue in the Tiergarten—has become a public question. They were erected under the former emperor's supervision between 1898 and 1901. The haughty Joachims, Albrechts and Ottos in their armor, mailed fists grasping huge sabres, look singularly out of place under a socialistic regime. One writer suggests that they should be shipped freight prepaid, to Wilhelm's residence in Holland.

**Dealer Wanted in Laurens County**

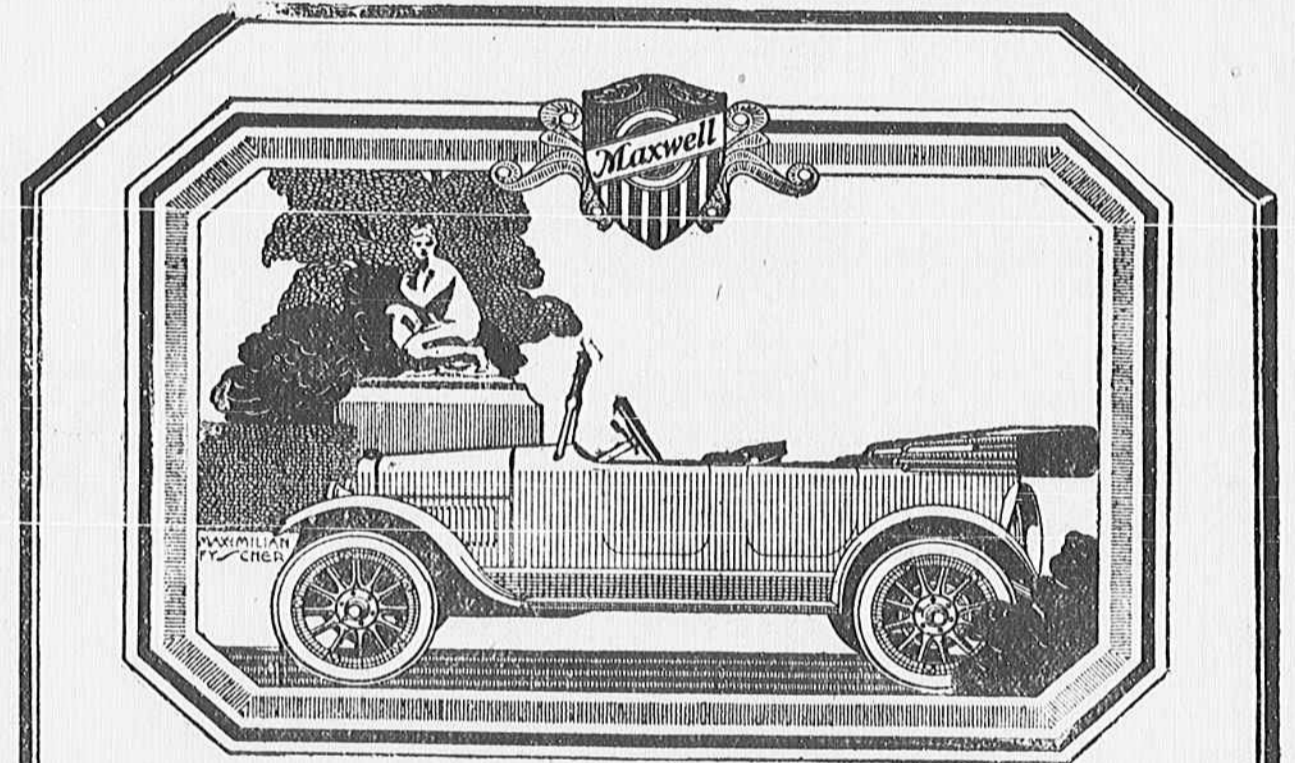

Sherard Brothers Motor Company was organized on January 17th, 1920 to sell Davis Cars in Abbeville County. These two brothers had never been engaged in the automobile business before. The Davis Six had never been represented in Abbeville before. Sherard Brothers have a record of fifteen Davis Cars handled since that date and have established a highly respected and prosperous business.

**DAVIS SIX \$2185**

What these two progressive young business men have done in Abbeville, you can do in your county. It proves that experience and large capital is not necessary for dealer success with the Davis Six. Get in touch with us at once, secure the Davis agency and have a prosperous business of your own.

**Those Good Brakes**

in a  
**MAXWELL**  
 are aided by special steels

Brakes seem to be one of the overlooked features of a motor car. In a Maxwell they have had the extreme of attention.

Thus when you call on it to halt, the brakes are not required to "wrestle" with superfluous weight, and the momentum of the car is easily stopped.

For instance, a road engineer, in about 500,000 miles of experimental driving, has constantly tested and studied them.

These are steels made to Maxwell's own formulae. They equal, pound for pound, the steels in any car built. But no car has steels just like them.

That is why you can check the speed of a Maxwell in an instant and bring it to a standstill either by foot brake or hand brake.

In a large measure they contribute to Maxwell's growing prestige, as expressed in figures like these: nearly 400,000 now in use; and 100,000 more for the year 1920.

Special steels in a Maxwell are largely responsible. They give it extra strength in wear and endurance, but they make the car light in weight.
