ALLEGED SHORTAGE INCREASED TO \$4,500

Bond of J. W. Stalnaker, Postmaster at Ninety Six Also Raised to \$5,000.

Further investigations have shown the alleged shortage of J. W. Stalnaker, postmaster at Ninety Six to be \$4,500, and his bond has been increased to \$5,000, according to the following, from the Abbeville Press and Banner, Stalnaker having been given a hearing in Abbeville:

J. W. Stalnaker, postmaster at Ninety Six, Greenwood county, was lodged in the Abbeville county jail late Monday afternoon on a charge of embezzlement of federal funds. He was brought to Abbeville by Post Office Inspector Mansfield and Deputy Marshal Adams who had previously carried him to Greenwood, but in the absence from the city of the United States Commissioner of that county he was brought before United States Commissioner C. E. Williamson. Mr. Williamson held a hearing immediately after the arrival of officers with Stalnaker and bound him over to federal court under \$4,000 bond.

Before bond could be arranged, Mr. Williamson received this morning a wire from the post office inspector who has been engaged in making an additional check of Stalnaker's accounts to the effect that later discourses had increased the shortage from \$3,200 to approximately \$4,500 and Mr. Williamson increased the bond to \$5,000. The original checking began following complaint by mail order houses that money paid Stalnaker by their customers in payment on C. O. D. packages had not been remitted. At the hearing Inspector Mansfield testified as to the shortage and Stalnaker admitted the misappropriation of the postoffice funds to private purposes, saying that he had paid personal debts with the money and that he had intended to replace the amount as soon as he became able.

Stalnaker has been postmaster at Ninety Six for slightly more than a year. His mother is acting in his place while he is away. He is about 27 years old and married.

JONES NEWS

Jones, July 29.—Though somewhat late we wish to add our tribute of respect to the memory of our brother-in-law, Mr. Willis Hudgens, of Williamston, who recently passed away. In all of the relations of life he measured up to the full performance of his duty. His sorely bereaved family have our tenderest sympathy.

In the recent death of Hon. Geo. S. Mower, of Newberry, South Carolina lost a prominent and distinguished citizen. He was an able statesman, eminent jurist, Past Grand Master of the Grand Lodge of Masons, and a genial, warm-hearted Christian gentleman. In common with his host of friends, I sincerely regret his departure and tenderly sympathize with his bereaved family.

Mr. F. B. Cattleberry, of Woodruff, recently visited his son, who has charge of Ware Shoals farm.

Mrs. Homer Still, of Marshall, N. C., is visiting her father, W. C. Manley, and family.

We are indebted to Messrs. Cooper and Hollingsworth for repairing our phone line.

We extend congratulations to our cousin, Miss Mary Jones, and Mr. Frank Fulton, of Andrews, who were married recently.

We are indebted to Mr. Timrock Satterfield for a nice melon.

Dr. G. P. West, of Greenwood, was here professionally, last Monday.

We were so sorry to hear of the sudden death on the 25th inst., of our warm friend, Mr. Frank Smith, of Donalds. He was a genial, companionable, warm-hearted gentleman and was held in the highest esteem by all of his acquaintances. We sympathize tenderly with his family in their sudden and overwhelmingly sore bereavement.

Our schoolmate and warm friend, Hon. George C. Hodges, of Greenwood, was in Ware Shoals last Tuesday, and was warmly greeted by his friends.

Mr. W. T. Jones, Jr., and family were the recent guests of Mr. Wiley Watkins.

We are glad to see that President Harding is interesting himself in behalf of the farmers who have been so shamefully and outrageously treated by heartless speculators who have depressed the price of cotton below the cost of production, and brought so much suffering upon the South. It is high time that some steps were taken by the government to raise the price of cotton and relieve the unfortunate condition that exists throughout the cotton states.

We recently met the following friends: Robert McCuen, of Laurens; Hon. T. J. Beacham and S. C. Riley, of Rileys; our cousin, Douglas Smith, of Greenville; Robert Redden of Owingsville; John Culbertson, of Mt. Olive; and Robert Ellis, of Clinton.

CORONER SERVES PAPER ON SHERIFF

Exercises Ancient Right. Davis Wants Possession of Seized Property.

Columbia, July 26.—Not often is the coroner of a county called upon to exercise his ancient right of serving notices on the sheriff of the same county, but yesterday Coroner J. B. Scott did that very thing on Sheriff T. A. Heise.

The summons upon the sheriff was filed by the attorneys of Walter H. Davis, doing business under the name of the Davis Wholesale company. The affidavit accompanying the summons was to recover possession of personal property which, the plaintiff alleges, was seized by Sheriff Heise.

The plaintiff alleges that Sheriff Heise and H. W. DesPortes, county jailer, withhold from him certain property which they allege "was used or intended to be used by the plaintiff in violation of the prohibition law," though the plaintiff denies that the goods were used or were intended to be used for that purpose.

The property in question consists of 35 cases of eight ounce bottles of peach and six gallons of peach ex-

tract, 100 dozen assorted lemon and vanilla extracts, 12 dozen two ounce lemon extract, one ounce size; 12 dozen two ounce castor oil, three dozen epsom salts, two gross two ounce Jamaica ginger, two gross two ounce diarrhoea remedy, three dozen eight ounce wine of pepsin, 50 16-gallon kegs of sweet cider, four 50-barrel of sweet cider, one 50 gallon barrel of cola extract and various other syrups, extracts, vinegar and other goods. The value of the property is given as \$600.

The sheriff and the county jailer are called upon to submit an answer to the affidavit within 20 days.

Announcing
The New Buick "Four"

A Thoroughbred Four, Completing the Famed Buick Line

The new Four-Cylinder Buick, here announced, is a thoroughbred—a pedigreed car well worthy of its name.

Down to the very last detail, this new model possesses every quality of enduring serviceability, complete comfort, and distinctive appearance that have always characterized Buick automobiles.

The advent of this new Four makes the Buick 1922 line complete. It offers to purchasers of a car of this size all the quality and service that go to make up the name "Buick."

The engine, of course, is of the time-tested Buick Valve-in-Head type. The year-after-year concentration of Buick's engineering skill and experience in building Valve-in-Head motors assures the highest standard of performance obtainable today.

Every other unit is of a quality equal to the power plant. The whole assembly constitutes a perfectly balanced chassis which is of typical Buick construction. The equipment of Cord Tires is merely evidence of the quality which characterizes the entire car.

Two open and two closed body types mounted on the Buick built chassis comprise the new series.

Even the most casual inspection of the details of design and workmanship will reveal that full measure of quality which motorists have learned to associate with Buick.

Obviously a high grade automobile—a genuine Buick production—the prices listed below make this great Four even greater. A value such as this is possible only because of the combination of Buick engineering skill devoted to the one ideal of quality, Buick production facilities developed over nearly a quarter of a century, and Buick's nation-wide distribution and service organization.

The Buick Motor Company is proud of the Buick Four. It has the faith of long experience in this newest addition to its line. It places upon it unreservedly the Buick guarantee carried by every Buick automobile produced. That its confidence is well placed is manifested not only by the keen interest with which motorists have awaited this announcement, but also the advance orders placed by distributors, dealers, and the general public.
