OUR REASON!

That the public may know why, at this season of the year we have attempted such a price reduction--- We have always wanted to extend our trading territory to a much greater distance, and now that the season is just opening for the Easter Trade, we feel that our newly made customers will appreciate this sale now more than at the end of the season when all high grade lines are broken. Opening day they said we had the prices! Next week they will be singing them! "MAN IN CHARGE."
