[Special to the HERALD AND NEWS.] For several days past sharp personal criticisms have been published of each other by Lamotte of the Register and N. G. Mr. C. A. Calvo, Jr., proprietor of the Register, hearing of the attack on Lamotte, went in search of Gonzalez. As he was in the act of turning into his office, Calvo beckened and called to him, and as they met in front of the lo ver window of Jackson's drug store, Calvo proceeded to denot nee Gonzalez for attacking Lamotte, when Gonzalez struck him, then, while Gonzalez was off his balance, Calvo drew a cowhide and struck repeated blows on the neck and over the head of

Both parties regained upright positions, Gonzalez dre v a self-cocking pistol, but did not fire, but used it as a club and with the muzzle dealt blows on Calvo's head cutting it. The pistol was wrenched from Gonzalez by Capt. Stoney, and in the struggle which followed, both fell to the ground, when it it was discovered that Calvo was bleeding profusely. They were separated and Calvo carried to Dr. Tally's office where his wounds

were dressed Lamo te's face is slightly disfigured. Gonzalez has cowhide marks on the neck. Calvo's thigh and head are cut and bruised. Subsequently, at about 6, p. m., Gonzalez was proceeding down Main street, and when passing the entrance to the Insurance building, between Willard's and Mancke's saloons, he was hailed by W. B. Calvo, a younger brother of C. A. Calvo, who informed him that he was a Calvo, and denounced him. Both parties drew their pistols, but the bystanders and police, who took charge of them, prevented further difficulties. Up to this time neither of the parties has been placed under peace A. C. Farm work has been a drag for the last month. The principal thing done

was eating and making fire. Economy will be more practiced this year than usual with our farmers, and why not every farmer demand economy in our State government. Begin with the Chief Justice's salary and come down to our county officers, and deduct onethird from every officer's salary except the Governor's salary, which is about right, and that will leave them a handsome income. The present salaries eight or nine years ago were very economical, for then fifteen hundred dollars would not buy as much as one thousand will at the present prices. Our farmers have seen enough in the last sitting of our State Legislature to know that they are determined not to do anything to reduce the heavy taxation which is levied ipon the poor struggling farmers. As this year will be the time to elect representatives, let every voter decide at once to vote for no man who is not in favor of economy in our State government, and who not only favors it, but will work for its accomplishment as good and faithful servant will do for the people whom he represents. The agricultural people of this county have felt, this year, the effects of the extravagant appropriations of our public representatives to their sorrow, and yet some people will still think a better time will come, but it will never come, unless we exert ourselves more in the choice of our representatives. Let us have for our watch-word in the coming campaign economy in the management of our State government. As I have said before, fifteen hundred dollars several years ago would not buy as much as one thousand will at present prices of provisions, and still our officers complain of poor pay. Now if one \$1,000

will buy as much or more at the present prices, why not give them less? If it did not cost them less to get the substantials of life, I would be the last man to say aught against the salaries of our officers. Instead of our representatives being economical, they have been very extravagant in appropriating the public money. But who is the payer of these extortionate salaries? It is undoubtedly the men who till the soil, and they are the men to say whether or not the present system shall continue. We farmers are looked upon by some of our public men as a poor ignorant people, and only fit to vote and dance to the tune of high taxation. If we have not the money to pay our taxes, we must get it in some way, for the monev we must have to run our fat officers and pay those extravagant appropriations made by our representatives. The farmers of this country are men who lack a few who have nerve enough to express their wants. But for fear some striped leg lawyer or some chronic office holder, (pardon me for using the word lawyer, for we know they are always where money is expected,) will rise and condemu what he has said, and perhaps make some soft headed farmer think he is certainly a fit subject for the asylum, for expressing what a farmer thinks best to be done for our interest, not only for the farmer's interest, but the people at large.

DEAFNESS Its Causes and Cure, by one PAFNESS Its Causes and Cure, by one who was deaf twenty-eight years. Treated by most of the noted specialists of the day with no benefit. Cured himself in three months, and since then hundreds of others by same process. A plain, simple and successful home treatment. Address T. S. PAGE, 128 Fast 26th St. New York City.

I CURE FITS! When I say cure I do not mean merely to stop them for a time and then have them re stop them for a time and then have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY, or FALLING SICKNESS a life-long study. I warrant my remedy to cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my infallible remedy. Give express and post office. It costs you nothing for a trial, and I will cure you. DR. H. G. ROOT, 183 Pearl St., N. Y.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed or raise his head; everybody said he was dying of consumption. A trial bottle of Dr. King's New Discovery sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. Trial bottles of this great discovery for Consumption at Dr. S. F. Fant's.

Columbia Cash Dry Goods Storo We are now prepared to supply the wants of everyone, as we have on hand the most complete and varied assortment of Dry Goods ever offered in the city of Columbia. We is all competition both as to quality and low prices. Common sense will readily explain the reason of this. Goods bought and sold for cash can be offered to every customer at price much lower than in houses where the credit system is adopted. The Columbia Cash Bry Goods Store is the only one in the city of Columbia that does business strictly on a cash basis, hence our almost fabulous low prices of First Class Goods. We make a specialty in UNDERWEAR for Gentlemen, Ladles and Children. We keep on hand a full line of READY MADE CLOTHING, all at bottom prices. Always abreast of the times, all the novelties of the season will be found in our house. Our stock is complete in every department, and we intend to sell at such prices as will induce customers to purchase. We most cordially invite our friends in Newberry and the adjoining Counties, when they visit Columbia, not to fail to see the attractions and inducements offered in the Columbia Cash Bry Goods Store. Remember that you save at least ten per cent. by purchasing from a Cash Bouse, and a dollar saved is a dollar made. Come one, come all and be convinced of the truth of our promises.

I have added to my jewelry establishment a music department, in which will be found the celebrated Steinway, Upright, Grand and Square Pianes, of which I have the sole control in this State, also Fischer, Grovenstein and Fuller in all styles. Wilcox & White, and Shoninger Organs of every description. Stringed and Brass Instruments, Sheet Music and Musical Findings. Send for descriptive cataogue and prices, and be sure and write to R. N. Richbourg, Main Street, Columbia S. C., before purchasing elsewhere. I buy my instruments outright and can therefore offer you lower prices than those who have them on consignment.
