EDITORIAL NOTES.

The teacher's column was unavoidably crowded out last week.

Our correspondents must send their letters so as to reach us not later than Tuesday noon to insure insertion that week.

We agree with the writer of that portion of the Teacher's Department which speaks of and advocates the using of books written by Southern men for the schools of the South. No greater mistake could be made than to feed the children of Southern parentage upon books written by Northern men, especially history. However fair they strive to express their ideas, there is always more or 1 ss prejudice in their mail trains on almost every road of any writings. To read some histories of the importance every Sunday, it strikes us United States found in the common schools of the country, without other light, children would be led to believe that their fathers were traitors and that the cause which led them to take up arms against the government was an unrighteous one. This is wrong and should never be allowed. The South is in the Union to stay, but she can never allow her children to say by act, word or deed that their parents were not as honorable and true men as ever stepped upon the soil of America. Give or in a buggy, or in receiving mails by us Southern books, and let the South be presented in its true form step by step from the time our forefathers landed here to this day, and this will keep us faithful to our people and country.

There is quite a difference in the manner, which those who advocate a reduction of the tariff and surplus would bring about this result. Dr. Pope, in a letter to the Augusta Chronicle of the 25th ult., which we print to-day, ridicules the idea offree trade as discussed at the recent free trade meeting in the Cooper Union in New York, and endorses the the position of the Democratic party which favors a tariff limited to the necessities of the government economically administered. He also favors reducing the surplus. Mr. Randall favors a modification of the duties on imports and a radical reduction of the Internal Revenue. Capt. Dawson is in accord with the majority of the Democrats of the country, but is, if anything, more inclined to free trade, and believes, if we are not mistaken in his position, that there is more to be gained by an alliance with free traders than with protection Democrats of the Randall school. The people want the tax taken off the necessities and the bulk of the revenue raised by taxing luxuries. In that Dr. Pope and Mr. Dawson agree. Mr. Randall and the .fugusta Chronicle stand together on the Internal Revenue question.

ness is not effected by it. At the same time we believe that we have a better opinion of the men who are engaged in it, than those who say that the sale of liquor could not be prohibited, even if the city voted no license, and that it would be found under their counters, or the counters of the merchants of Newberry, in open violation of law. We are the amcompromising enemy of the traffle, and will welcome the closing of the bar-rooms by local option or a county vote, and the success of those who now sell it, in other business which will be less injurious to themselves and relieve them of the responsibility of being the cause of the ruin of their fellow-men. It is never pleasant to write of

the dark side of life, but as long as we are engaged in journalism, we shall hew to the line. If families, friends, and individuals are offended we shall regret it; but these, nor anything else, shall prevent us from doing what we conceive to Le our duty,

SUNDAY MAILS AND TRAINS.

We find that some of our citizens are conscientionsly opposed to trains running on Sunday for any purpose. We respect their opinions, and will join them in any effort eshculated to bring about a stricter observance of the Sabbath, but in the face of the fact, that in this Christian land of ours there are that the Christian sentiment is not adverse to it or it would not be so. The are good people, we know, but if any opposition has been made to them at Greenwood or Laurens or on other roads, and Sunday excursions, we have not heard of it. If it should become necessary for us to travel on Sunday, or receive mail, there would be no more harm in going on the cars than on horseback the same plan.

Those who receive Northern mails on Monday are guilty of the same sin-if sin it be, as they would be if the mails were received here on Sunday and not taken out until Monday morning early. The only difference there is, they now lie over at Columbia until Monday morning, and in the other event at Newberry. There is also a mistaken idea among some about Sunday newspapers. We have had several to tell us that they would not read a paper published on Sunday, but thought nothing of taking and reading Monday's paper. The difference is, the Sunday's is printed on Saturday night and the Monday's on Sunday and Sunday night. The suggestion made by us for Sunday mails and passenger train was only to keep abreast with the Christian people in other parts of the South, and not for the purpose of having them guilty of a practice unknown in Christian lands. We still think that Newberry is entitled to all the advantages enjoyed by other towns of the State, and believe the Greenville Railroad would do well to give the people who travel on Sunday a choice of routes, who now go excluthis connection let us suggest that they frighten Rook away. This is the size of put on an accommodation train from "Club 20." His name may be made public at the proper time. We are not two trains a day. The Georgia Central has two trains a day on the A. & K. and the G. & L., and there are two on the C. C. & A., and we might have two on this road. Let us have all the advantages enjoyed by other towns in the

PROSPERITY.

Cotton is bringing 84 conts per pound. The number of bales sold since our last report is 231, which makes the aggregate to date 5,705 bales. Miss Mamle Whites has recovered suf-

ficiently to take charge of her school again at Locust Grove. The Rev. C. A. Marks, who has been

confined to his room for a week, is able to be on the street again. R. E. Brannan and wife have located in our town. They occupy the house lately vacated by J. B. Bolnest.

We have a gentleman living in town who did not know that the editor of the Press and Reporter was a married man until yesterday, when he, (the ed-itor) was seen in company with his wife on the street. Mr. Editor, how will that gentleman do to run a hotel?

To-night (Tuesday) the directors of the C. N. & L. Railroad will meet in Columbia and decide two very impor-tant pelots—the point at which to bridge Broad River, and to locate the route either north or south of Little Mountain. Of course the location of either route will give some dissatisfaction to the friends of the other route. It is impos-sible to please all. But we have selected as our president and directors the very best men we have, and we do think that these men, who have spared neither people on the line of the C. & G. R. R. | time nor pains to familiarize themselves with everything necessary to the success of the road, will come to a wise decision, one that will redound to the good of the vast majority. We have the confidence except in opposition to freight trains in these men, and we do believe that they, in their final decision, will not be biased by any sinister or selfish motives. The future will decide the folly or wisdom of their finality. Let us reserve our judgment.

The agricultural interests are now being vigorously looked after. The farmers are busily engaged in sowing oats again. A large portion of the fall crop is entirely killed by the late freezes. The great damage to the oats has been where the seed were purchased from abroad, (shipped here) known among farmers as the "little white oats."

Messrs, "Tom" Leitch and - Marshall, men whom we know little about as yet, have commenced a series of meetings in Wightman Chapel, which are to con-Wightman Chapel, which are to con-tinue from day to day for some time. At the opening last night they were greeted with a full congregation. The singing by Mr. Marshall was very fine indeed. The speaker, Mr. Leitch, while a little peculiar, made some happy hits. It has been reported that Mr. Marshall was employed by the Wizard Oil Co. a few years past to do their singing. We desire to do him the justice to say that this is incorrect. Mr. M. is a native of this is incorrect. Mr. M. is a native of London, England, but has been living with his family in Chester, S. C., for the last fourteen years. We hope these gentlemen will do much good among us The existence of "Club 20," as reported from here in several newspapers last week, we think, is entirely without foundation. That the note found in Mr. Hawkins' yard was written, signed and addressed, just as described, is entirely correct. We do not reflect on any re-porter. We simply say that there does not exist in Newberry County any such organization as "Club 20." The facts are these: A designing individual, (a what man) did not want Aaron Rook or sively over the A. & K. R. R., and in kins, and he decided on this method to

SERVICE AFLOAT. Or, The Remarkable Career of the Con-

federate Cruisers, Sumter and Alabama.

By Admiral Raphael Semmes, C. S. N.

A work superbly illustrated with 15 steel engravings and 8 chromo-tinted battle scenes, has just been issued by the Baltimore Publishing Compauy, Bal-timore, Md., with the above title. This is an authentic history, by the great Ad-miral himself, of those famous Cruisers that played such havoe with the Ameri-can shipping during the War between the States. Over \$25,000,000 worth of property was destroyed; a fact unpar-alleled in naval warfare. The recital is most thrilling; the work fills a niche in Confederate history heretofore vacant. The book is complete in one royal octavo volume of 833 pages, and is sold

only by subscription. For terms, etc., apply to the publisher, or Capt. A. P. Pifer, Newberry, S. C., who is general agent in South Carolina. Capt. Pifer is also general agent for the sale of "Father Ryan's Poems," Agents wanted wanted.

WE REW TO THE LINE.

We have convictions which we believe are right, and have not hesitated to say so. In doing this we have offended some persons, residents of the town of Newberry. In the first place, when a few were idolizing one R. W. Boone, we reminded the people of Newberry under what colors he entered our town, and that the leopard could not change his spots. For this we were told that we had made a mistake, that he had money and friends here, and had behaved very well for the last few years. It was at a time that the white people of this county had the power to make him behave, and he had sense enough to know it.

The next case was that of the Hon. B. O. D., who tried to put his finger in Democratic politics under the guise of an anonymous writer of letters. We called the attention of the Democrats of the State to the record he had made for himself many years ago in the Republican camp, and that he was trying to get in the wrong pew. For this act we were informed that we had made a fatal mistake; that while all we said was true, that his family was well connected, his brother the cashier of the bank, and that we had put all these against us by exposing B.O. D. The Observer published his card, and now has the advertising patronage of the bank. We would have been untrue to our party, untrue to the State, and unfaithful to our father who shouldered his musket for four years, even had not our own convictions led us to show them up in their true light. Then we had to stand the abuse of those who condemned us for standing by the persecuted commercial traveler. In this, though, we believe we were sustained by almost every one, as the man who did the persecuting was not a man of much money, nor the brother of a cashier of the bank, but was no more guilty of the charges made than the others-all were true.

Our next was the misrepresentation to Mr. John Brown of a local notice in the HERALD AND NEWS, which after reading he did not think anything of. Then our position on the prohibition question has lost us a subscriber. On Thursday morning last we received a Anotice from one of our subscribers, who had paid up to April 1st, 1887, to discon-tinue his paper. We enclosed the amount to his credit and will stop it, but we would sny, that our opinion of the busi-

At the close of this year, memorable by our sudden and terrible affliction from the mysterious visitation of earth quake, the corporation of the city of charleston, in grateful memory of the blessed bounty that quickly came from all parts of this land, and even from beyond the seas, for the needy sufferers in the stricken city, sends to each and all these generous givers this city's heartfelt gratitude and glad greetings in the new hopes of the new year.

To all our brothers far and near, who have been touched by our woe our heartfelt wish is that as unto us in this human springtime of peace and good will, so unto them may come in God's good providence, "The charities that soothe nd heal and bless."

A NAMELESS CASE.

My case has been a very curious one for about thirteen years. At intervals of about one week I would be attacked with spells of severe and most excruci ating pain, always commencing in the region of my kidneys. The pain would then go upwards and affect my body and head, and seemed to penetrate my very eye-balls, creating the most intense suffering, lasting about eight hours each spell. I resorted to all kinds of medicine

without benefit. Several doctors treated my case, but none gave relief. finally used B. B. B. as an experiment and to my utter astonishment all pain and suffering vanished after using three doses. To the present time I have used three bottles, and not a pain has ever returned. I do not know what was the matter, neither could my physician name the complaint. The B. B. B. act-ed finely and powerfully upon my kidneys; my appetite has been splendid and my constitution built vp rapidly. R. THOMAS,

Constitution, Ga., May 6, 1886.

UNIMPEACHED INTEGRITY.

I am 55. Broke down twelve years ago, and have not been able to work since. Have lost proper action of my hips and legs. For five years scrofulous sores have appeared on my scalp and nose, and at the same time my eyesight began to fail, and for three years have been comparatively blind. Have been treated by eminent physicians of different schools without a cure. I have taken five bottles of B. B. B. (made at Atlanta, Ga.), and all scrofulous sores are gradually healing. Inflammation about my eyes has disappeared and there is some improvement in my vision. Am very much benefited and relieved and begin to feel like a boy again—feel good. My strength and activity are re-turning in my legs and hips. The B. B. B. acts vigorously upon my kidneys, and the great quantity of matter that has been forced out through the skin is utterly incredible, often so offensive in odor as to produce nausea. I refer to all business men of LaGrange, Ga. P. PROPHILL.
