Judge Pressley Thinks it would be Improper for Him to Try the Case, and Gives His

During the morning session of the court on Tuesday Judge Pressley announced that all parties interested in the Jones-Johnstone case should be in the court promptly at three o'clock to determine if he should try the case. At 3 o'clock the court room was crowded, evincing the interest manifested in this cause. We give below the remarks of in such cases. The following bills were the judge and the attorneys interested in this case. Solicitor Duncan represents the State and Y. J. Pope, O. L. Schumpert and J. Y. Culbreath repre-

sent the defendant.

Judge Pressley said: "It is very well known that it will be to me a very unpleasant matter to try the case pending before the court. CULLIBILITY. The wild phantoms and shrieking

cries of a worthless humbug can make money by imposing upon the credulity and ignorance of an honest public, and the supply of this species of work seems more than an adequate demand. The enunciation of facts-facts that have stood crucial tests-facts proven by brain force and tangible evidence, should satisfy all laudable enterprises; but the execrable practice of teaching false ideas

and doctrines for self-aggrandizement is scorned by all classes. When one house tells you that Iodide of Potash is a poison simply because their opponents use it, and because they are pandering to your ignorance, as they suppose, you should look upon all such as arrant frauds and their remedies as unworthy public confidence, and if those who make such assertions do not know

better, they are a set of unenviable ignoramusea. Doctors and Hot Springs.

Hot Springs failed entirely to cure me of several terrible, indolent running ulcers in my legs, with which I have been troubled for many years. Several docfors also attempted to cure me but failed have used only a few bottles of B. B. B. (made at Atlanta Ga.,) and the effect has been truly magical, as they have all healed and I am cured. It is worth all medicines made for purifying the blood. This wonderfully quick care has been affected after everything else had failed. Your medicine is a daisy, and has done the business for me. I have lived here twenty-five years. My general health is also improving, appetite and digestion good. I sleep soundly, and never felt better. Doctors told me that I could not be cured, but B. B. B. has cured me. It is decidedly the quickest, best and cheapest blood purifier I ever used. It is ahead of all others. As to my case and its cure I refer to every merchant or professional man of Pine Bluff: A. H. Marris, Cotton Buver.
