Plenic at Bethlehem.

The picnic of the Woman's Home and Foreign Missionary Society of Bethlehem church, near Pomaria, S. C., which came off on the 23d is quite a success. There was a large crowd present.

After a recess of an hour and a half the audience reassembled to listen with pleasure to another missionary address, which was delivered by Rev. H. S. Wingard, of Springfield, Ga.

After this address we were favored with a recitation, "The New Church Organ," which was gracefully rendered by Miss Rosa Smith, of Charleston.

Of the address it is sufficient to say, that they were unexcelled by any to which we have ever had the pleasure of listening.

The society received an addition of several new members.

The next day the Rev. H. S. Wingard, who was once the highly esteemed pastor of this church, preached an excellent sermon to a large and appreciative congregation.

Y. M. C. A. Meeting To-night.

There will be a meeting of the Young Men's Christian Association in the Baptist church to-night at 8 o'clock. It is earnestly desired that each member of the association be present, as the Secretary, Mr. Nicholas, has arrived and wishes to meet the young men. There will be talks from the pastors in town and also from the President and Secretary.

New Railroad Schedules.

A general change in the schedules of the Richmond and Danville system was made June 24. On the Columbia and Greenville division the train from Columbia arrives at Newberry at 12:30 p. m., and the train from Greenville at 2:12 p. m. The trains pass at Chapinville.

The News and Courier of Monday stated that daily trains would be run on the main line of the Columbia and Greenville Railroad, but this is a mistake. There will be a Sunday train between Columbia and Asheville.

There is also a slight change in the schedule of the Laurens train, which arrives from Laurens at 8:25 a. m. and from Columbia at 4:50 p. m.

The South Carolina Railway makes a fast run from Charleston to Columbia. The distance is 130 miles, and the run, including stoppages, is made in three hours and fifteen minutes.

Eleven years ago the first train went through from Charleston to Greenville in about fourteen hours, passing Newberry at 3 p. m. That was a great advantage over one whole day of getting even from Charleston to Columbia.

The run is now made from Charleston to Greenville in ten and a half hours, and from Charleston to Newberry—nearly two-thirds of the distance from Charleston to Greenville—in five and a half hours.

Visitors from Newberry to Glenn Springs now have a more convenient way of getting to that time-honored summer resort. They can leave on the Laurens train at 8:25 a. m., arriving at Alston in less than an hour, where they can pass a pleasant two-hours-and-a-half in the twin cities on the Broad until the regular mail train from Columbia leaves at 11:30 a. m., which puts them down in Spartanburg at 2:40 p. m.

The night trains between Charleston and Asheville, via Alston, have been discontinued.

The northbound train on the Charlotte, Columbia and Augusta Railroad now leaves Columbia at 10:30 a. m., instead of 1:30 p. m. as heretofore, and makes close connections for Northern cities, arriving in New York the next day at 1:20 p. m.

The new schedules are very satisfactory.

PROSPERITY LETTER.

Miss Mamie Johnston, the music teacher of Prosperity High School, has returned to her home in Union.

Prof. A. S. Schetz, is not a candidate for re-election as Principal of Prosperity High School.

Mrs. Annie Schetz, wife of Professor A. S. Schetz, will go to her home in Union this week, where she will spend the summer.

We insist that Sheriff Riser's game chickens cover more water than ground or "mud" either. Besides this, they are non-crowers and only annual layers.

Rev. H. S. Wingard, of Effingham, Ga., spent several days in town amid his many friends here. He was pastor of Grace Church here for several years, and there is a warm attachment between him and our people.

The hot weather has improved the cotton crop ever so much but there is room for lots of improvement yet. The farmers now have their crop pretty well cleaned, and in fair condition. Rain now would be of advantage.

Last week we were glad to meet Mr. Bowman Holley, an old pupil of ours, on his way home in Edgefield, from Wofford College, where he attained to the first grade in all his studies. Mr. Holley is preparing to enter the ministry of the M. E. Church South. May success continue to attend him.

While the type is "setting up" this letter for the press, the writer will be enjoying the delicious juicy cat fish at Freshley's on Broad river. Wish that Dr. Folk could be with me but he must forego this exquisite pleasure. Poor fellow, he is quarantined off Georgetown in Winnyah Bay. Never mind Dr. your time will come yet.

Hurrah! for Shearouse. We will say hurrah for him every time he tackles "woman's right to vote" in the clear, logical manner in which he did in his speech at Newberry College. We want no "woman's right to vote" down South where we have a certain class of women who would delight to throw the ballot box the whole day. An arrangement of this kind would suit Sherman, Blaine, Ingalls, paralytic Fairchild and baby ether Frank Hix, and such like, but do please excuse all decent people from such a mixed ballot. It is badly enough mixed as it is, and for the sake of common decency, if for no other reason, let us not have it any more.

Prosperity sent a good round delegation to the commencement exercises of Newberry College. It was our pleasure to be one of the number. There is only one general verdict as to these exercises, not only here, but of all with whom we conversed upon the subject, and the verdict is this: "It is the best commencement that Newberry College has ever had." Vox populi. We were peculiarly and forcibly impressed with the Junior exhibition. We have seen graduating classes fall below these six young men, in their graduating speeches, both in composition and delivery. The exercises from beginning to end were extraordinarily good, not a single balk of failure, and the large audience never tiring. The boys, the small boys of the town of Newberry, deserve credit for their excellent behavior, and good conduct throughout the exercises. Three cheers for the conduct of the boys, the small boys of the town of Newberry.

The moonlight picnic of Grace Church Sunday School came off last Thursday night as billed, and was a complete success. Long tables with spotted cloths, fairly groined under the weight of sweet meats of all kinds. Ice cold lemonade was dispensed without stint. The intermediate and infantile departments at the proper time were assembled in the room of the latter, and marched in double-file to the table. All other persons then, old and young took their positions at the table—a blessing was asked, and then the picnic commenced in earnest. All were filled chock full and several baskets full of fragments might have been gathered up. Everybody enjoyed themselves to the utmost. It certainly was the event of the season and in our judgment puts a quietus on noontday picnics in a sweltering sun with the thermometer away up in the 90's. As the evening shades close in, and the moon's silver rays fall gently on all around, and the soft evening zephyrs are soothingly wafted on youth and beauty, manhood and old age are all prepared for real nice cooling evening enjoyment.

MARRIAGES.

At the residence of Mr. Thos. H. Alewine, June 21, 1888, by Rev. M. M. Brabham, Mr. Duane Russell and Miss Lizzie Hatton, both of Newberry.

DEATHS.

Miss Minnie Herbert, daughter of Mr. E. S. Herbert, died of consumption in Newberry on Monday, 25th instant, aged 27 years. Her death came on the anniversary of her birth. She had
