HARRISON AND MORTON.

The Press and the Polititians on the Rc publican Nominations-What They Think of Tippecanoe, "and Boodle Too."

James G. Blaine: "It is a good nomination."

Mrs. James G. Blaine: "I am a little I know Mr. Harrison He is a very man. When I said I was disappointed I merely indicate a thought of my own. I would like to have seen Mr. Blaine unanimously, but not otherwise. Mr. and so that consideration was enough to sink all one's personal wishes."

Miss Dodge (Gail Hamilton): "I like Mr. Harrison, but would have preferred Mr. Blaine."

Miss Margaret Blaine: "I am glad the convention is over." Measures, not Men.

New York Herald (Ind): The two Republican candidates, Messrs. Harrison and Morton, are, like the Democratic candidates, upright and honorable men. That fact is a great gain to the welfare and happiness of the peothe country. There can be no excuse ple. on either side for a mere personal canvass. "A tariff for protection, with incidental revenue," as McKinley, of Ohio, the writer of the Republican tariff plank, has often put it, is the Republican demand. A tariff for revenue, with incidental protection, is the Democratic ground, as practically laid down in the Mills bill and in the Cleveland message. The time is ripe for the people to consider how much they want to be taxed.

The Fitting Representative.

New York Tribune (Rep.): In his whole career as soldier and statesman Benjamin Harrison has displayed a sound judgment, a well-balanced mind, and a character of the highest merit. He has led no faction, gained no step by denying to any the honors they had earned, relied not at all upon the arts of the demagogue, and sought no preferment save through the triumph of genuine Republican principles. Not by sudden or sensational surprises, not by startling brilliancy of achievements or false professions of zeal for reiorm, but by steamy force of intellectual and moral superiority, he has won the profound regard of the people.
