THE ELECTION IN THE COUNTY.

The election on Tuesday in this county passed off very quietly. Very few negroes turned out to the polls and the day wore the appearance of a half holiday.

There was only one county ticket in the field, though in some cases there was some scratching and at Prosperity, Jolly Street, Pomaria and Walton there were a good many votes cast for Mr. J. A. Sigh for the Senate.

Mr. John W. Reeder has opened a store at his home near the Long Bridge on Little River. Our township now boasts of eight stores, and if the Farmers' Alliance refuses to take in merchants, there will be a poor chance to organize an alliance in our township.

Corn stealing seems to be the order of the day among our colored population, nearly every one has lost some of their corn in the field; in fact, sheep, goats and hogs have a way of coming up missing lately.

The cotton picking season will soon be over and the crop is very poor. I heard one of our best farmers say the other day that he could not get over 4 1/2 bales to the mule.

Weather pleasant. Some of our farmers report their potatoes rotting.

School re-opened Monday morning with good attendance.

Monday being sale day at Newberry several of our farmers went up to visit the city and witness the sales.

The Sunday-school, when it does not transcend its legitimate duties, is an inestimable blessing to the children. It is not enough that they attend the Sabbath-school. They should likewise attend divine service every Lord's day. The reasons are obvious. The beauty of the October days—which passed away so quietly, still lingers with us. Cloudless skies and balmy weather, bright mornings and tranquil evenings have been favored us by kind nature. She is compensating us for the rough treatment of the August-September weather. That royal red, the golden rod, has nearly disappeared, the becauser, now fringing the woodlands, will soon follow, but the chrysanthemum will remain, of all the family of flowers, to teach us the lesson of "patient waiting"—so much needed by a profligate fall season has been heard. November is yet green and the cotton fields are white. We should go forward both gratefully and hopefully. SANS SOCI. Hallow, Charlie! Have you been spending the winter in Mexico?
