

Mr. E. A. O'Hann, one of the editorial writers of the Charleston World has resigned his position on that paper to take charge of a daily at Durham, North Carolina.

Hadjji Hassan Ghooly Khan, the Persian minister to the United States, has gone back home as fast as he can. He didn't like the way the reporters poked fun at the Shah.

We take the following from the Greenville News. There is nothing like making use of our formerly undeveloped resources and the day may not be far distant when we will be able to use our useless articles mentioned by our contemporary. This is a utilitarian age.

"Augusta is to have a gas factory to utilize the beautiful sand of which there is a deposit in that neighborhood one hundred feet deep extending over an area of some hundreds of square miles. One of our resources being developed. We have found uses for our cotton seed, our pine straw, our lowland sand and our upland clay. We may yet find a place for the daily yellow dog and the man who owes for a weekly newspaper and then sends it back marked 'refused.'"

The report is again made that Mr. Blaine is to resign his position in the Cabinet, on account of ill health, which leads an exchange to remark that "Brother Blaine has never in all his career resigned anything that was not too hot for him to hold, and there is no heat about this administration outside the remarks of patriots whose way to the treasury is blocked by hold-overs or personal appointments." We thought at one time that Mr. Blaine would not remain in the Cabinet long, but we have about concluded that he is there to stay. It is said he is growing old fast. Possibly the disappointment in the result of the election in 1884 is beginning to tell on him. To be so near to the presidency and yet so far to be hard for an ambitious man to bear. Yet such is life.

Governor Lowry of Mississippi is making vigorous efforts to have the prize fighters, Sullivan and Kirrain, and all who aided and abetted in the business, arrested. It is a big undertaking. "Sullivan" was arrested in Tennessee on a telegram from Governor Lowry but before the Mississippi authorities could reach there he had been taken before a Judge on a writ of habeas corpus and was released. It looks like very hasty action and as if they might have been on Sullivan's side. Say an exchange: "Sullivan's hasty release without giving the Mississippi authorities any chance to submit their case was a most extraordinary and flagrant departure from the established practice of holding a prisoner a reasonable time. Documentary and oral evidence of his guilt was not required. It is a maxim of the law, as well as a rule of practice, that courts take cognizance of notorious facts. It was a notorious fact that Sullivan had fought a prize fight in Mississippi, that he had violated the laws of that State, that he was fleeing from its justice."

All of this may be true and is true, but it looks as if the Governor of Mississippi has the odds against him. He is right. The law has been violated and his effort to enforce the law is commendable, but we fear he will be able to do nothing in this particular case. To large a proportion of the public unfortunately seems to be on Sullivan's side, and the other part is indifferent. The efforts of Governor Lowry may arouse the thinking people of the country to this brutal business of prize fighting and bring about such a public sentiment against it that efforts to suppress it in the future and to enforce the law against it will be more effectual.

THE ENGLISH GOLD.
Extensive Iron Works Sold to a Syndicate for \$4,500,000.
CLEVELAND, O., July 15.—The Otis Iron and Steel Company, the greatest manufacturer of machinery in the world, has been sold to an English syndicate for \$4,500,000. Negotiations leading to the sale have been going on for several months, and have been conducted by the late Secretary of the Otis Iron and Steel Company, Charles A. Otis, and Treasurer Thomas J. Jopling, who went to London last February and returned with a list of representatives of English capitalists, who will form the syndicate to buy the new company on the English plan.

The affairs of the company will for the present be conducted by the old management. The securities of the new company will consist of \$1,500,000 of 6 percent debenture bonds, \$1,500,000 of 8 percent preferred shares and \$1,500,000 of common shares. The plant has been employed more than 1,000 men for some time past, and the erection of it has been widening since the erection of the first building. The new plant is a boiler plate required in specifications everywhere, and the general steel output is of the highest order. Everything in the way of locomotive, boiler plate and ship plate is looked on as standard.

Free Fight at a Sunday Picnic.
WHEELING, W. Va., July 15.—At a picnic at the Run on the Ohio River yesterday, Jacob Francis, a wealthy farmer, was assaulted by John and James Rowland and Thomas Cook, all of them being well known prize fighters. The fight was a free fight, and was a very exciting one. The Rowlands were badly beaten about the head; his injuries are fatal. One of the Rowlands was shot in the arm, and Cook's skull was split in three places. Others of the party received serious but not fatal injuries. Cook and the Rowlands were desperate characters. The fight grew out of a family feud.

Killed by a Pet Squirrel.
WHEELING, W. Va., July 15.—E. C. Johnson, well known throughout the United States as the proprietor of Jordan White Sulphur Springs, in this county, died this morning. He was bitten on the hand by a pet squirrel two months ago, and the poison was in his arm was amputated on Friday.

Earthquakes in California.
SAN FRANCISCO, July 13.—The territory around Los Olivos San Luis, Obispo County, has been shaken by earthquakes during the last few days. Sunday there were six distinct shocks. The severest shock occurred Thursday morning. People are becoming alarmed at the long continued disturbances.

PAYING THE PENSIONERS.
Fifty Thousand Dollars for Some Two Thousand People.
[News and Courier.]
COLUMBIA, July 11.—Every one in the State is interested in the success and workings of the Confederate pension given by the State to the dependent soldiers and their widows. All the pension rolls have been received from the clerk of court of the respective counties, and are now on file with the Secretary of State Marshall.

From the roll of pensioners now on hand the are 1,922 who regularly receive the pension money. The claims for all of the pensioners have not yet been paid and the roll will yet reach 2,000. The payment of pensions for the year was begun in February and the full payment will be paid until the 1st of August when a small balance will be left. The balance will be divided among the pensioners pro rata for their September allowance. As soon as the money is exhausted payment will be stopped until another appropriation is made. It is not until the 1st of August that the expenses of this year have been necessarily heavy because the Act establishing these pensions for this year authorized the payment of \$3 per day to each of the three members of the county board, and the other two not being paid boards, they were not being paid more than eight days. The pay of these commissioners amounted to \$2,450, which was paid from the \$50,000 appropriated. Next year this expense will not be so large as this year, because the pension roll has been done. The probabilities are that the pension roll will number 2,000 next year, and this number will require an appropriation of \$72,000 to pay each of them \$3 per month as is intended that these applicants have all gone through the most rigid examination, and none but the most deserving are on the roll. Many counties, however, have refused to give place to the pensioners which were given place to the pensioners. The laws regulating pensions have been closely observed by the board in granting the pensions. So it can be seen that hereafter, if the pensions are to be kept running to the end of the year, at least \$72,000 will be necessary.

From the pension rolls The News and Courier representative has made a summary by counties. The work of the pensioners. Greenville follows with 120, and Anderson comes in for a good third with 123. York, Laurens, Edgefield and Oconee come next in order named. The counties with the smallest number of pensioners are Beaufort with 1, Georgetown with 2, Berkeley 19 and Sumter 23. Abbeville, Berkeley and Clarendon each have 1 negro pensioner.

The number of pensioners by counties, giving the soldiers and widows of soldiers, is:

Such is the Report Current in Diplomatic Circles.
WASHINGTON, July 13.—The report is current to-day among diplomatic circles that Secretary of State Blaine has tendered his resignation, to take effect September 1 next. The reasons given for this step are that he is not satisfied with the duties of the State Department and that he is not satisfied with the health of his family. Mr. Blaine's resignation has been a long time in the making, and it is believed that he will be able to do nothing in this particular case.

THE ENGLISH GOLD.
Extensive Iron Works Sold to a Syndicate for \$4,500,000.
CLEVELAND, O., July 15.—The Otis Iron and Steel Company, the greatest manufacturer of machinery in the world, has been sold to an English syndicate for \$4,500,000. Negotiations leading to the sale have been going on for several months, and have been conducted by the late Secretary of the Otis Iron and Steel Company, Charles A. Otis, and Treasurer Thomas J. Earthquakes in California.
SAN FRANCISCO, July 13.—The territory around Los Olivos San Luis, Obispo County, has been shaken by earthquakes during the last few days. Sunday there were six distinct shocks. The severest shock occurred Thursday morning. People are becoming alarmed at the long continued disturbances.

Chicago's Bold Mayor.
CHICAGO, July 15.—The ordinance granting the Standard Oil Company the right to construct and operate a pipeline to the center of the city was vetoed by Mayor Cregier to-night. An attempt to rescind the ordinance over the veto failed. Mayor Cregier in his veto took the ground that free franchises were a thing of the past, and that the proposed enterprise was too great a possible menace and nuisance.

A Mysterious Affair at Stanton, Va.
STANTON, VA., July 15.—James A. Patterson, Jr., of Waynesboro, made an assignment to-day to A. C. Braxton, an attorney of Staunton. His assets are over \$60,000 and debts less than \$10,000. Patterson owned and operated the largest flouring mill in the valley, and did a large business. He has left the country. No reason is assigned for his absence or for his assignment. He was a prominent and influential citizen and Chairman of the Democratic County Committee.

A SENSATION AT WALHALLA.
Oconee Republicans in a Royal Row—A Number of the Faithful Arrested for Riot.
[Special to News and Courier.]
WALHALLA, July 13.—Walhalla has been treated to a sensation. Yesterday M. H. Bryce, L. B. Abernethy and quite a number of negroes were arrested for rioting in the street. The riot was caused by the arrest of Bryce and the other two. Bryce was a member of the Oconee County Republican Association and was a member of the Oconee County Republican Association. The riot was caused by the arrest of Bryce and the other two.

A resolution was adopted approving of the action of the directors in construction Company for building the road. They also instructed the Board of Directors to have constructed the iron bridge over the Broad River on the present piers, and to continue the road from Newberry to Staunton as early as possible. The road is to be about fifteen miles from Newberry. It will connect with the Georgia, Carolina and North-east Railroad, giving Columbia and points on the road an outlet to the sea. The construction of the road is to be completed by the 1st of August. The directors of the construction company are: M. H. Bryce, President, Prosperity, S. C.; R. S. Mosley, Vice President, Columbia, S. C.; C. J. Fredell, Secretary and Treasurer, Columbia, S. C.; M. A. Carlisle, Chief Engineer, Newberry, S. C.; S. C. Ellis, Jr., Chief Engineer, Columbia, S. C.

Directors—M. Chapin, M. A. Carlisle, R. S. Mosley, Geo. S. Ellis, Jr., G. J. Fredell, T. S. Moore, Chas. E. Leaphart, R. T. Despre, Chas. S. Mower, J. A. Sligh. The arrangements for the construction of the bridge have been completed and the iron for the road purchased. The bridge will be built with the best steel mill, and the line will be equipped in the most complete and modern way. The stockholders are buoyant with the prospects of their road and see but a brilliant future for this new line of Carolina.

A WONDER FOR THE WOMEN.
Georgia Invention Devises an Automatic Sewing Machine Will Save the Fair Sex Fatigue of Either Hand or Foot.
[Special to The News and Courier.]
Augusta, Ga., July 11.—The latest Georgia invention is on exhibition in Augusta to-day at Mr. James U. Jackson's office. It is the Brosius Motor sewing machine, which has no pedals or outside motor, but runs on a spring motor, which is quickly renewed by a pump hand mechanism with the hand, which imparts power to a double spring, which acts on the same principle as the hand mechanism of the treadle sewing machine. The speed of the machine is easily controlled and is regulated by the simple touch of a knob, or by the pressure of the foot on a spring.

The machine was invented by Mr. J. M. Brosius of this State, who has organized a company with a capital stock of \$500,000 for the manufacture of this new and wonderful motor machine. A plant of fifty acres near Atlanta has been purchased, and the machinery with the capacity of turning out fifty machines a day has already been bought, and the new company will commence the manufacturing about the 1st of January.

The machine is being exhibited here by Dr. L. Cheatham and Mr. H. H. Bacon, who take pleasure in explaining the working of the machine to the large crowd of people who are attracted to the exhibit. The machine is a wonderful piece of machinery, and the main feature, the spring motor.

He is the Man Wanted.
PITTSBURGH, July 14.—E. Lyons, deputy sheriff of Allegheny County, Pa., arrived in this city last night for the purpose of taking charge of John Yeldell, alias the Rev. E. T. Flennon, who is wanted for the murder of officer James Blackmore of South Carolina. Lyons brought Flennon since childhood. Both men are certain that Flennon is the man wanted. Their description tallies to a letter with the prisoner. Lyons has requested that he be held in custody and the Governor of South Carolina.

Died of Hydrophobia.
FLORENCE, S. C., July 12.—Frank, the infant son of Mr. and Mrs. P. Horton Walsh, who was bitten and scratched by a cat about two months ago, died to-day of hydrophobia in Walhalla, where he was taken to the city. The remains will be brought here for interment to-morrow.

NOTES FROM EXCELLENCE.
Farm work getting well and crops looking fine.
The season is here but we haven't enjoyed any melons yet. However, the prospect remains very good.
Mr. and Mrs. M. L. Long, of Johnston county, paid a brief visit to relatives in this section on Saturday.
Mr. J. W. Singley and son went to the river on Friday on a fishing expedition. We haven't learned of their success.
Grading was commenced in this section last week along the line of the C. N. & L. R. We are looking forward to the time when we can visit the city by the new railroad.

We had the pleasure of attending the moon light picnic given by Grace Church Sunday School on last Thursday night. The attendance was large and the occasion in every respect was pleasant and enjoyable and will long be remembered by all present. We enjoy such occasions.
At a meeting of the patrons of School on Saturday evening it was decided by the school and patrons that a picnic and exhibition would be given at the close of School which will take place about the first of September next. Every effort will be made to make the occasion pleasant and enjoyable. We will have more to say in reference to the occasion in the future.
Dr. D. M. Crosson and family of Lewedale, spent a few days of last week with his father, Mr. J. T. P. Crosson and family. Miss Victoria Crosson accompanied her brother home on Friday to spend a few weeks. A pleasant visit, Miss Victoria, S. C. MA.

No Dancing in Georgia's Capital.
ATLANTA, Ga., July 15.—The question of allowing Atlanta citizens to give a dedication entertainment in the new capitol received its quietus in the Senate to-day. The Senate refuses to grant the request of the building for dancing. The anti-lancers outnumber the dancers two to one.

The Death of a Cavalier.
CHARLOTTE, N. C., July 13.—News is received here to-night of the very sad death of a young man in this county. The young man was killed by a horse back riding with a young lady, when a ferocious horse took fright and dashed off at a furious rate. Young Henderson lashed his horse and was in a moment at the heels of his skill. He was picked up and rescued the young lady from her perilous condition, when Henderson's head struck with terrific force against a tree, knocking him from his horse and crushing his skull. He was killed. The young lady fled from her horse, but, aside from a terrible fright, she was not seriously injured.

PROSPERITY LETTER.
Dr. E. C. Higdon and family have returned to Batesburg.
Messrs G. A. Maffett and Forest E. Kibler are on a fishing cruise at Jenkinsville.
Miss Callie Sumner is enjoying a rest from her labors in Messrs. Luther, Langford & Co's store. She says she is as free now as the air. Doubt it!
Mrs. John H. Sumner and children are here from Lady Lake, Fla. They will spend the remainder of the summer here with their relatives and friends.
Mr. D. C. Dickert will leave Mexico about the 25th inst., for a visit to the realm of civilization, where he will enjoy a period of rest from his onerous duties.
Messrs. L. S. Bowers, W. A. Mosley, and A. H. Kohn, represented number nine township in the stockholders meeting in Columbia on Tuesday to elect officers of the C. N. & L. R. They report a harmonious meeting of short duration. The same officers were retained and everybody is happy and serene.

We thought until 9 o'clock this morning that to-day was Wednesday, but it is not Wednesday—Ed. Jones and Geo. Mower didn't come, so we know it is not Wednesday.
Mr. R. C. Moore and sister, Miss Minnie, son and daughter of Mr. Lang Moore, of Georgia, are on a visit to their family connections in Newberry County.

Miss Lillian Luther, Miss Minnie Cannon, and Mr. Jas. H. Wise, were elected delegates to the county Sunday-school Convention from Grace church. The members of the Y. M. C. A. will give a social entertainment in their room on to-morrow night, Thursday.
Mr. A. H. Kohn has consented to address the St. Luke's Sunday-school on next Sunday afternoon.

Capt. W. H. Lyles, President of the Columbia and Congaree Construction Company, is in town in the interest of the C. N. & L. R. Some time ago it was stated in the Prosperity correspondence, that all the rights of way had been secured, at and near here. This was a mistake. They have not all been secured yet, and there is a fair promise that some parties are going to try to give trouble, before the road is graded through their premises. It is futile to endeavor to prevent or obstruct the work. Better far, to make the best possible terms with the Railroad Company. They are all gentlemen and will do what is right, but the very nature of the case, forces them through your premises, unless you consent to better give the road-bed than to have a case in point on this same road, in which an individual offered objections. He, at the instance of his attorney, laid the damages at \$4,000. Of course the court would submit to no such unreasonable demands. A court was ordered, and a competent jury assessed the damages at \$250. Quite a difference between the amount claimed and the amount received. Besides this fact that individual cannot now come within fifty feet of the Railroad on either side without permission from the Company. The best plan is certainly to give the road-bed, or sell at reasonable prices, but bear in mind, that when you sell, or when a jury lays damages, it is for 100 feet of land, and when you give it, it is only the road-bed. Let's be calm and serene.

Y. M. C. A.
RIDGE ROAD AND CANNON'S CREEK.
Mrs. Lizzie Hunter is visiting her daughter, Mrs. W. R. Weathers, of No 5 Township.
The health of our community is good. Last week was one of the busiest weeks that we farmers have had this year. There will be one more busy week, then we can take some recreation.
July has brought fine seasons so far, and crops are on a boom. The prospect for a good crop is better than has been for a number of years. The cotton crop as a general thing is small, although it is growing rapidly, in short, everything has a much better appearance than it did at my last writing. We are all more hopeful.

We notice from the proceedings of court last week that Newberry County will send down a pretty good delegation to Lipscomb's convention in Columbia. On Sunday evening last the Ridge Road Sunday-school elected the following delegates to represent it at the meeting of the Union County Sunday-school Convention, which will convene at Cannon's Creek church on Thursday and Friday, August 1st and 2nd: T. J. Wilson, H. S. B. Kibler, D. Q. Wilson.
The Trustees of the Ridge Road day school desire to give notice to all the patrons, that there will be a meeting held at the Academy building on Friday, July 26th, for the purpose of electing a teacher for the next scholastic year. The meeting will be at 4 p. m. A full attendance of all the patrons is desired.

The hour for preaching at Ridge Road church has been changed from 3 p. m. to 4 p. m. Sunday-school at 3. This change will only last during the summer months.
Owing to the delicacy of Rev. J. A. Sligh's health, the Council of his charge have given him a month or two vacation. His son, W. K. Sligh, will fill his appointments, until he recovers his health. He states that he will try and attend to all ministerial duties.
No candidates this year, but barbers will go on just the same. Ridge Road never proposes to be behind. Mr. J. D. H. Kinard will furnish one on the 9th of August next, at the residence of his father, Jno. J. Kinard. We learn that some of our distinguished-speakers will be on hand, and no doubt will tell something of much interest. Geo. B. Cromer, Esq., Rev. J. A. Sligh, Cole, B. Blessie, Esq., have kindly given their consent to speak on this occasion.

Distinguished Travelers.
New York, July 13.—Among the passengers sailing from this port for Europe to-day were the following: By La Bretagne, of the French line, Hadji Hassan Ghooly Khan, Persian minister to the United States; by the Servia, of the Compagnie des Indes, Mrs. Lily Langtry; and Robert Bonner.

For The Herald and News.
A Letter From the Land of the Skies.
ASHEVILLE, N. C., July 15th, 1889.
Looking over the geographical and general advantages of Asheville, one cannot but be favorably impressed as to its future. The improvements going on in the erection of new business houses are very noticeable, especially in size and architectural attractions. And an impression is formed that Asheville is on the road to a most wonderful business development.
It is a matter of very great surprise to me to learn how greatly the population has increased in the last six years. Asheville very favorably impresses the stranger. The scenery, as seen from every point, is a thing of beauty and a joy forever. Magnificent views are seen from the balcony of Swannanoa Hotel, with the exception of Battery Park, the finest and largest hotel in Asheville, and here everything is being done in the way of providing accommodations for the traveling public, located on Main Street, on the line of the Electric Street Railway, it is easily reached, and guests are conveyed to and from the depot on the arrival of every train, five cents each way.

Here one will meet summer visitors from far up in Tennessee, Alabama, Mississippi, Louisiana, Georgia, Texas and every State North of Mason and Dixon's line. An earnest effort on the part of leading citizens is on foot to place Asheville in a thorough sanitary condition, to clean the streets of their mud and filth, and introducing a perfect system of drainage. They have at last come to understand the absolute necessity of this course of action, if they would retain the fame of Asheville as a health resort. Thousands will be attracted for every hundred who now visit this city to gaze with delight on scenery which the world has few superiors to boast of.

The glorious beauty of mountain and sky, as seen from Connelly's View, Beantown, Battery Park and Sunset Drive, are delightfully attractive points of interest to the tourist and every lover of the sublime and beautiful in nature, penciled by the Divine Master Hand. The contemplation of nature as well affords good to the reflecting mind and the undying soul, as those of her productions, appropriate to the support of animal life, afford it to the body, and such without doubt was the intention of the beneficent Creator when he endowed man with intellect prepared for his observation and enjoyment.

I gaze on the low horizon's verge,
As slowly sinks the sun to rest,
His round orb lost in misty surge,
Save when a faint gleam warms its breast.
