A Runaway Match. On Wednesday of last week Mr. Berry Richards, of Union County, and Miss Nannie Oxner, of Maybinton, were married at Union C. H.

Mr. Richards had taken the young lady out ostensibly for a ride, but they concluded to extend it into a wedding trip.

Miss Nannie is a lively young girl of eighteen summers, and Mr. Richards is a handsome and clever young man a few years older. We understand that Mr. W. B. Oxner, the father of the young lady, was opposed to the match, anxious for the young people to wait a year or two. But friend Berry could not bear the idea of two years more lonely bachelorhood. We extend our hearty congratulations to the young couple, and wish them long life and much happiness.

The Pistol at Camp-Mooting.

The negroes have been holding camp-meeting at Cedar Grove, in the upper part of the county, for some days.

On Sunday there was a large crowd present and sometime during the day a negro by the name of Jim Suber was shot in the abdomen.

Boyer Clark, a negro who was near him was detained by parties present, and upon the death of Jim Suber, on Sunday night, was brought to town and lodged in jail.

Bill Davis, another negro, was also arrested on Monday and lodged in jail on the charge of being implicated in the killing.

Maj. Buist, the Coroner, held an inquest on Monday.

Boyer Clark and Bill Davis are both in jail. The Coroner's verdict is that Jim Suber came to his death by a wound inflicted by Bill Davis.

The Solicitor on Tuesday had some witnesses bound over who were not examined at the inquest.

Davis and Clark claim that the shooting was accidental, but there seems to be some evidence that it was not.

It is said that whiskey was at the bottom of the difficulty.

Shot Near Jalapa. Tom Butler, colored, living near Jalapa, emptied the contents of a shot gun into Pink Clark, another colored man.

The shot took effect in the abdomen, and is quite a dangerous wound.

Tom Butler came into town and gave himself up to the sheriff.

The cause of the shooting is said to have been Pink's attention to Tom's wife.

The affair took place Wednesday of last week.

The Pistol Again. The Coroner held an inquest on Tuesday on the body of Calvin Graham, who was killed by Lang Bowers near Prosperity.

It was a gambling quarrel. Lang got away and has not yet been arrested.

Both parties were negroes.

An Old Edgfield Boy. An old Edgfield boy with a long white beard, and the weight of many winters upon his shoulders.

Among our schoolmates in earliest years, at the old male academy, which has so lately been pulled down to make room for a new one, none were keener, wittier, more original, more popular than J. Hartwell Blease.

On Monday last, from his home of long years in Newberry, he suddenly appeared in our office and looking at us in his old quizzical way, said the word, "Jimmie!"

For us, the look and the word amounted to a life history of fifty odd years. Through thick and through thin, however, our old friend is prosperous and happy.

With many other original settlers in Edgfield, we were unfeignedly glad to see him.—Edgfield Chronicle.

Just from Germany. On Monday last Johan Kleinschmidt arrived in Newberry from Germany with his family, consisting of his wife Frederike Kleinschmidt and five children—her daughter Alrine and four sons Richard, Albert, Hugo and John.

They came direct from the Province of Pohnern. Mrs. Kleinschmidt is a sister of Chas. Krause, of Township No. 6, and the family came to this country at his solicitation.

Mr. Kraus, was at work in the field when the family arrived Monday afternoon at his house.

He had not seen his sister since he came to America eighteen or twenty years ago, and they all were so rejoiced at their meeting again that they sat up all night, Monday, engaged in recounting their experiences during their long separation.

A Card. I can now be found with Messrs. Minter & Jamieson, at Flynn's old stand, where I will be pleased to serve my friends and the public generally.

The Town Assessment.

Messrs. R. H. Wright, A. M. Bowers and D. E. Wheeler, the Board of Assessors, have completed their assessments of the real property in the town of Newberry.

The list is now on file in the office of the clerk and treasurer for the inspection of landowners, who have until October 5th to file any requests for reduction.

Owners and holders of personal property must make their returns from the 1st to the 10th of October.

We make the following comparison of the assessments for the last two years:

Table with 2 columns: Year, Total. 1888: \$130,855.00. 1889: \$131,050.00.

This shows an apparent increase over last year of \$6,600.

The Board of Assessors state in their report that they believe the former assessments were too high, and should be reduced from ten to twenty per cent, but under existing circumstances they did not feel that it was expedient to make such reduction.

They endeavored by the changes they have made to equalize and affix the true relative value of each lot of real estate.

These changes, when compared with other years, will show a larger increase than the above figures.

Cotton Receipts. The following statement shows the number of bales of cotton shipped from Newberry from September 1st, 1888, to August 31st, 1889:

Dividing a Circuit. The Newberry (Methodist) Circuit is quite an extensive one, embracing eight churches.

The membership has become strong enough now to have two pastors and two parsonages, and steps are being taken to divide the circuit into two.

The final steps will be taken at the approaching quarterly conference of the circuit in September, though the division will not go into effect until after the annual conference in December.

One circuit will be composed of the following churches: Wightman Chapel (at Prosperity), Zion, New Hope and Mt. Pleasant—with the parsonage at Prosperity.

The other will be composed of Ebenezer, New Chapel, Trinity and Lebanon—with the parsonage at Newberry.

The parsonage at Newberry belonging to the circuit will be sold and the proceeds divided between the two new circuits, or else the Newberry circuit will retain it and pay the other circuit (whose name will probably be Prosperity Circuit) half its value.—Newberry Observer.

Dwelling Burned. The dwelling of Mr. Nathan P. Whitnair, near Goldville, was burned yesterday morning about three o'clock.

The house was large and substantial, being valued at about \$3,000. It is said Mr. Whitnair had \$1,000 insurance. Our informant did not know what the total loss amounted to.

Circumstances points to the fire as the work of an incendiary.

The Augusta Division. The Three C's Railroad has received a new impetus and are rushing things on the main line.

RIDGE ROAD AND CANNON'S CREEK.

Cotton is opening very slowly. Some few farmers have commenced picking.

The fact of last Monday being sick had skipped my memory until I noticed some of our representatives of the boneyard passing along very early in the morning.

A big time is anticipated at Newberry to-day. The farmers from this section will turn out in full force to hear the Hon. Ben. Terrell, of Texas, make his address in the interest of the Alliance.

We know a perfect treat is in store for all who may have the privilege of hearing him.

Mr. Editor, in giving the names of the officers elected at the Gallman Academy Alliance, in my last letter, by a neglect of the compositor, or myself, I won't be sure which, the name of R. T. Bobb, Sergeant at Arms, was left out.

By the neglect was on my part, I beg pardon.

Road working was the order of the day last week. With a few exceptions the roads have all been worked and put in very good traveling condition.

Tell our friend Perry to come around and see what's lacking. If we are to have such a strict road law, let us carry it out.

Another of our young men has obeyed that part of God's Word that says it is not good for man to live alone.

On Sunday, the 25th ult., in Aiken County, at the residence of the bride's uncle, Mr. Absalom Herron, Mr. J. Willie Stone, of Newberry County, and Miss Fannie Hall, of Aiken County, were pronounced one flesh.

Well, Mr. Editor, it seems that the picnics will not cease until they have taken their rounds.

On Friday, the 5th inst., there will be a school exhibition and picnic at Mt. Taber High School, and on the Friday following, the 13th inst., there will be a school exhibition and picnic at Jolly Street Academy.

The patrons are speaking of making the dinner a kind of mixture, some barbecue along with the "pic."

Mr. N. A. Holley is visiting relatives this week in Fairfield County.

Mrs. Lizzie Hunter will return home to-morrow from a few week's stay among her children and relatives in Mt. Taber section.

On Sunday last I attended preaching at my old mother church, St. Paul's. The day was pleasant, the congregation large, and the sermon a most excellent one.

We are glad to notice that the old building is undergoing quite an improvement. Some few years ago the congregation built a vestibule, and now they are building a recess. This beautifies the old building very much, and after this if the paint brush is applied it will no longer look like old St. Paul's church.

Immediately after service was over the election for six elders came off and resulted as follows: Maj. Jacob Epting, Jno. D. Shealy, J. A. C. Kibler, W. S. Seybt, T. J. Hayes, J. H. Livingston.

On the next preaching day there will be an election for six deacons.

On our way home we took a look in the Jolly Street Sunday-school. I am pleased to note that our friend J. K. Kinard has a flourishing Sabbath-school at this place.

They usually have a large attendance, more than can possibly be accommodated inside the school building, and there seems to be more interest manifested in the school now than ever before.

The only two difficulties in the way of the Sunday-school, at this and all other schools that I have visited, is first, the importance of good behavior; second, the necessity of more interest among our older persons.

I will offer some thoughts upon this same subject in the future. T. J. W.

There are but few things of greater interest just now than that of sanitation. Every household should adopt sanitary regulations and observe them.

Every man should be a health officer, and see that his premises are kept scrupulously clean.

The backyard and the street should be as clean as the front yard. Under the house should be as clean as in the house.

Kitchens, basements and cellars; cow-houses, stables and pig-pens; ditches, drains and gutters, &c., should be cleaned and renovated wherever necessary, and disinfectants, deodorizers and fumigants freely used.

Decaying vegetable should be destroyed, low places filled, and alley-ways purified. Wells should not be less than one hundred feet from places of disease-producing germs, so that neither by interstitial drainage nor through the water-veins might impurities be communicated to the drinking water.

Do not remove the debris from the yard to the road-way unless to fill low places which should be covered with earth, for it is unnet to let it remain in unsightly piles about the street.
