THE "INDEPENDENTS" IN FAVOR WITH THE ADMINISTRATION. Dr. V. P. Clayton has been apointed postmaster at Columbia in place of W. H. Gibbes, removed. It as the people there had about concluded that Maj. Gibbes, the present out his term which expires next February. Dr. Clayton is a native of Columbia and has at different times been allied with the Republicans, Democrats and Greenbackers, and, says the Register, "is a man of good parts fil the duties of the position to which at present claims to be an independent in politics.

W. W. Russell, another Independent, has been appointed postmaster at Anderson in place of C. W. Webb, re moved. Russell was a candidate for a bigger place, but was given this loaf, and we suppose is satisfied.

The Independents seem to be grow ing in favor with the administration. Possibly Messrs. Harrison and Wanamaker think that the best way to build up a respectable Republican party in South Carolina.

In the meantime the Newberry postoffice hangs fire.

THE GRADED SCHOOL QUESTION.

The citizens meeting on Tuesday night, called by the Board of Trade and the Board of Trustees of the Newberry Academies, to consider the question of Graded Schools was not as largely attended as it might have been, or ought to have been. Yet there was a fair attendance of representative citizens, and the unanimity with which the proposed bill establishing graded schools was adopted, we hope argues very little opposition. It is a matter of great importance to the town of Newberry, and we believe the adoption of a system of and biographical articles, scientific lore, graded schools for this town will be a dishes, is a striking illustration of the long step forward in the march of pro- scope and tullness of the modern magagress, and we hope to see very little, if | zine. There is a leading article on "Our any, opposition to the measure when it is submitted to the voters of the town.

The proceedings of the meeting are published elsewhere. The proposed bill to be submitted to the next General Assembly for passage-and which was considered on Tuesday night-was published in The Herald and News two weeks ago, and it met the approval of the citizens Tuesday night the eminent Australian poet and literments which will be seen from the proceedings of the meeting.

Every progressive measure may be expected to be met with some opposition, but we feel sure the progressive will move forward in this matter and adopt a system of graded schools with the system of graded schools with citizenship of the town of Newberry such an overwhelming majority as shall make the opponents of the measure, if there be any, fall right into line and give the enterprise their hearty | Miss Huntington Becomes a Princess and

SEPARATE COACHES.

The railroad commissioners have taken action looking towards separate coaches during fair week for whites and blacks wishing to visit the State fair. This will add very much to the comfort and pleasure of those who desire to visit Columbia during fair week. The plan is to give each race equal accommodation but to keep them in separate coaches.

Another very important thing recommended by the commissioners has in view the remedying of an evil almost as bad as the promiscuous mixing of the races, and that is that no disorderly or intoxicated person be allowed to enter a coach occupied by ladies and children. So many persons take advantage of these occasions in order to have a spree that it had become very unpleasant if not dangerous for ladies and children to travel on the cars during the excursions to the fair. If men will drink and be disorderly let them have a car to themselves for the purpose, and let the ladies and children who desire to attend the fair be assured of at least a comparatively quiet and orderly trip.

Police officers are suggested to assist the conductors to enforce the regulation. It is a good idea, and we hope the recommendation will be carried out by the railroad authorities.

THE STATE FAIR.

The State Fair will be held in Columbia, beginning on Monday, 11th they are to occupy after a few months November. There will be a large crowd gathered there from all parts of the State. We had hoped Newberry county would enter the contest for the prize offered for the best exhibit by any County, but we believe no such steps have been taken to have such exhibit, and so far as we have seen only two or three counties have entered this con-

We hope to see many exhibits, however, from the individual farmers of Newberry, and hope our people will take interest in this matter. We have one of the best counties in the State, and we should take a pride in letting the outside world know something of

WEDDING A PRINCE.

Prince Hatsfeldt's Creditors are Happy.

LONDON, Oct, 27 .- Unless something utterly unforseen interferes between now and Monday morning, Prince Francis Hatsfeldt will, on that day at 11 o'clock, lead Clara Huntington to the altar in the Brompton Oratory, and by making her Princess of Hatsfeldt will secure enough American cash to pay his extensive indebtedness in most of the capitals of Europe. Only a few people in London know of the date of the wedding, and consequently the number of bridal presents so far received s somewhat limited.

In accordance with Mr. Collis Huntington's wish, the wedding will be of a very quiet and unpretentious nature. though it will be held in a church closely associated with the tradition of many a stately wedding. The bridal dress which has been made in London was only finished yesterday afternoon. Both the prince and Miss Huntington

are in a final flutter of preparations.

The prince's mother, Princess Ga brielle, arrived in London to-night with her daughter, the Countess Daltheun and the latter's husband. They wil attend the wedding on Monday, Count Dalthaun acting as best man. The prince's father had intended to come, but was detained by illness at Wiesbaden. Count Paul Hatsfeldt, with his wife, to whom he was recently re-married, will also be present at the ceremony, and will give the wedding breakfast at the German Embassy.

THE KENTUCKY FEUD.

The Town is Captured by the Outlaws.

LOUISVILLE, Ky., Oct. 25.—The Times correspondent telegraphed from Pineville this afternoon as follows: At Harlan Court House Wilson Howard accomplished a sort of coup d'etat yesterday. County Judge Lewis and his posse of sixty men left Harlan court house at 9 o'clock in the morning to make another assault on Howard's camp. Howard, anticipating this movement, had placed his followers in anibush near the town. Lewis' posse passed directly through the ambuscade and were not fired on. After they got beyond their foes and were proceeding in the direction of where Howard's camp was supposed to be, the Howard party moved into the town and took possession of the court house. They have complete control of the town, with pickets stationed at all approaches, and the county judge and his followers have gone into camp outside of town. It is believed that Judge Lewis will endeavor to recapture the court house to-day and a bloody fight is expected.

Mysterious Explosion Heard Over a Distance of Thirty-Seven Miles in Greenville and Pickens Counties

[Greenville News, 29th.] In the News of Sunday was a brief account, written from Looper's, in Pickens County, of a mysterious midair explosion which startled the peoand was declared by old soldiers to be "just like a bomb shell." From later reports from widely different sections of the county it would seem that the explosion is indeed a mystery and is causing numerous wild stories to go floating around, one of them being that a 400-horse power boiler at Piedmont or Pelzer had exploded and had injured and killed, according to the

Persons from the southwestern portion of the county did not hear any noise and in this city no noise was heard, or if there was, no one remembers having heard it. A number of persons who came to the city yesterday inquired if there had not been a boiler explosion at Pelzer or Piedmont, and when answered in the negative were nonplussed and almost believed the answer incredible. At points on the Greenville and Laurens road the story of a boiler explosion gained credence and the impression is still out.

A strange thing about the mysterious and unsolved explosion is that there was no vibration of the earth, as is usually the case, and no one can remember having felt the least tremor of the ground.

Alliance Day at Atlanta

ATLANTA, Ga, October 24.-To day was Alliance day at the Piedmont Exposition, and there was the greatest crowd at the Exposition ever known, exceeding the attendance on the days given up to President Cleveland two years ago and to Governor Hill a few days since. The Hon Evan Jones, of Texas, president of the National Alliance and Laborers' Union, made the principal speech. The Hon. L. L. Polk, of North Carolina, the Hon L. N. Livingston, president of the Georgia Alliance, and Governor Gordon, also made speeches. The introductions were made

Henry W. Grady. After the ceremony there was the double wedding of Alliance couples. The brides and grooms were dressed in suits of cotton bagging. This was indi-cative of the faith of the Alliance in cotton as a covering instead of jute. Both couples will be given presents by exhibitors and merchants. There

were present to-day besides the speakers a number of prominent Alliance men from Texas and North Carolina, who came with Messrs Jones and Polk. Tomorrow will also be given up to Alliance men.

FACH LINE IS WELL SELECTED, IN E ACH LINE IS WELL SELECTED, IN patterns, styles and makes, giving you the best-chance for a selection of any stock that has ever been shown in the city. This stock is divided into three classes, as follows: Working Suits, Business Suits and Dress Suits. First. My line of Working Suits are especially desirable, by rea-on of their comfortable fit and sound quality. These clothes, if any, ought to be well made, and I pay special attention to the fact, demanding that the same shall be made strong and the thread stout. That is the only way to avoid the verthe same shall be made strong and the thread stout. That is the only way to avoid the vertations ripping of seams, which so often mars the value of an otherwise desirable Working Suit. I am offered the best goods in this line, at the lowest prices that can be made. Do not let these facts escape you, and when you purchase give me the pleasure of showing you the best and cheapest suit you ever purchased.

Business Suits

are a specialty with me. The true conception of a business demands that it shall be of a quality of goods that will prove serviceable and wear resisting; that the pattern shall be something suitable for store or office; that the cut shall be for convenience, the fit be comfortable and the price low enough for a man not to feel afraid to wear his clothes where there is dust or dirt around, for fear of soiling them. The styles of these suits are cut in Sacks and Cutsways, and in all grades of domestic and imported goods. This line must be seen to be appreciated,

DRESS SUITS

Consist of Double Breasted Frock Suits Single Breasted Frock Suits and Cutaway Suits of the best imported Corkscrews, Clay Diagonals and Worsteds. York, which I will sell very low, such as Boots, Shoes, Hats, Dry Goods. Tobacco and Cigars. Can't be beat. 10 cakes Colgate's Soap for 25 cents. Watches cheap. Coats' Spool Cotton.

Suits of the best imported Corkscrews, Clay Diagonals and Worsteds.

When a man puts on a Dress Suit he wants to look and feel his best. He cannot do this in a suit that is of indifferent style, inferior quality or ill fi ting. One of the reasons that some men feel awkward in a Dress Suit is that they do not feel at home in it; the suit is tight; it drags, pulls or wrink es, and the mind is, so to speak, constantly oppressed by the sense of physical discomfort. There is no reason for this condition of things, after all the progress and experience in the manufacture of fine Clothing of the present day. I am offering a line of goods in Dress Suits that are made in the best style of tailors' art that will give comfort, perfect fit and good wear. Be sure you see this stock before making your Fall purchases. It is ready for your inspection.
