The Acts of the last session of the Legislature have been printed. Last year it was nearly or quite three months after the adjournment of the Legislature before the Acts were printed. At the last session our representative, Mr. Geo. S. Mower, introduced a joint resolution to inquire into the delay, and as a result a bill was passed requiring the Acts to be published within a shorter time.

It is proper that the Acts should be published as soon after the rising of the Legislature as possible, so that it may be known what the law is.

There has been grief in the family of Secretary J. G. Blaine this year, and we have no doubt that in his sorrow he has the sympathy of the whole country. It has only been a very short time since the death of his oldest son, Walker Blaine, and now within the past week he is called upon to mourn the death of his oldest daughter, Mrs. John J. Coppinger. Troubles seem not to come alone.

That was a horrible calamity to the family of Secretary Tracy of the Navy in the burning of his residene. His wife and daughter lost their lives, and the Secretary himself was badly burned and bruised.

In the Alliance Department of the Barnwell People, J. T. Pate, editor, we find the following: "Capt. Shell's under the Code excepted. This was Farmer's Association is no kin to the recognized as a valid and proper posi-Farmer's Alliance."

[From the News and Courier.] EDGEFIELD, February 1 .-- Our town was suddenly thrown into a state of wild excitement yesterday about noon. Mr. Ben Gardiner, a young man who has just attained his majority, and who lives about ten miles from town, drove upon the public square, alighted from his buggy, and proceeded to apply his buggy whip to Mr. E. J. Norris, one of the leading merchants of the place.

Mr. Norris, who was at the time sampling cotton fram a wagon in front of his store, wheeled upon his assailant weapon he had. In about half an hour a challenge was sent from Norris to Gardner, which was accepted by the latter. Pending preliminaries, which were cut that somebody with a pocket full of short until to-day, the authorities had both parties arrested and placed under heavy peace bond. Mr. Norris was arrested early this morning, and Mr. Gardner later in the day, when he arrived in town to continue negotiations for the meeting. Thus the matter stands.

It seems that Mr. Norris was engaged to be married to Miss Gardner, the sister of Mr. Ben Gardner, and a niece of Col. O. F. Cheatham.

The wedding was set for February 18, and Miss Gardner was proceeding to prepare for the occasion. Mr. Norris on last Monday notified the young poned until the fall, whereupon the brother and uncle proceeded to hold him to account, leading to this unfortunate occurrence, deeply deplored by the whole community.

That was as much as my first informant knew of the affair, but from another source it was learned that Messrs Norris and Gardner disappeared last night from Edgefield and that they have gone to some selected spot to fight the duel. This is all that has yet been neard of the duel. If it has been fought, where it took place has not yet been ascertained, but your correspondent has made arrangements to get the news of the duel as soon as it transpires, if ever. A recognition of the needs and rights of members of the Farmers' Association to hold office is implied, but not expressed. If the assertions of the address are true, the Democracy of South Carolina needs stirring up and a vigorous course of rotation in office. "South Carolina," we are told, "has never had a real republican government. Probably it will be news to a good many South Carolina Democrats that they are not living under a government by the people. If the members of the Farmers' Association are right in asserting that the State is governed by an aristocratic oligarchy, they ought to have no trouble in putting the oligarchy flat on its back.
