E. O. Counts & Co., Of Prosperity, S. C., have taken the turning tide of Democracy that will lead to fortuue, and already anticipates the successful days ahead by a reduc-tion in the prices of his goods. He sees in democratic successes all over the country the prospective defeat of all monopolies together with tariff reform, etc., all of which mean a reduction in the price of goods and prosperity to the country at large, in renewed activity and enterprise, and a consequent greater demand for goods. To end right is begin right. Hence he places himself on record in an all-round reduction in the prices of his large and superb stock of goods.

A A M NIS/ER AND HIS LITTLE BOY, CURED OF

OBSTINATE SKIN DISEASES BY THE CUT!-CURA REMEDIES. PRAISES THEM IN THE PULPIT, HOME AND IN THE STREET. For about thirteen years I have been troubled with eezema or some cutaneous disease which all remedies failed to cure. Hearing of the CUTI-CURA REMEDIES, I resolved to give them a trial. I followe i the directions carefully, and it affords me much pleasure to say that before using two boxes of the CUTICURA, four cakes of CUTICURA SOAP, and one bottle of CUTICURA I.SOALWENT, I was entirely cured. In addition to my own case tuneral services will be held from the residence to-morrow afternoon at 4 Soar, and one bottle of CUTICURA INSOLVENT, I was entirely cured. In addition to my own case, my baby boy, then about five months old, was suffering with what I supposed to be the same disease as mine, to such an axient that his head was coated over with a solid scab, from which there was a constant flow of pus which was sicking to look upon besides two large tumor-like kernels on the back of his head. Thanks to your wonderful Cutterna Regways by insolating the look upon besides two large tumor-like kernels on the back of his head. Thanks to your

kernels on the back of his head. Thanks to your wonderful Cuticera Remedies, his scalp is perfectly well, and the kernels have been scattered so that there is only one little place by his left ear, and that is healing nicely. Instead of a coating of scabs he has a fine coat of hair, much better than that which was destroyed by the disease. I would that the whole world or sufferers from skin and blood diseases knew the value of your Cuticura Remedies as I do. They are worth ten times the price at which they are sold. I have never used any other toilet soap in my house since I bought the first cake of your Cuticura Soap. I would be inhuman, as well as ungrateful, should I fail to speak well of and recommend them to every sufferer. I have spoken of them and shall consulted. o speak well of and recommend them to every sufferer. I have spoken of them and shall con-inue to speak of them from the pulpit, in the tomes, and in the streets. A. J. McCAUGHRIN. FOR SALE. ONE HOUSE AND LOT, CORNER of Adams and Harrington streets.

"Hello! Tom. Glad to see you, old fellow! It's almost ten years since we were married. Sit down: let's have an experience meeting. How's

down: let's have an experience meeting. How's the wife?"

"Oh! she's so-so, same as usual,—always wanting something I can't afford."

"Well, we all want something more than we've got. Don't you?"

"Yes: but.I guess 'want will be my master.' I started to keep down expenses; and now Lill says I'm' mean,' and she's tired of saving and never having anything to show for it. I saw your wife down street, and she looked as happy as a queen!"

"I think she is; and we are economical, too.—have to be. My wife can make a little go further than anyone I ever knew, yet she's always surprising me with some dainty contrivance that adds to the comfort and beauty of our little home, and she's always 'merry as a lark.' When I ask how she manages it, she always laughs and says: 'Oh! that's my secret!' But I think I've discovered her 'secret.' When we married, we both knew we should have to be very careful, but she made one condition: she would have her Magazine. And she was right! I wouldn't do without it myself for double the subscription price. We read it together, from the title-page to the last word: the stories keep our hearts young; the synopsis of important events and scientific matters keeps me posted so that I can talk understandingly of what is going on; my wife is always trying some new idea from the household department: she makes all her dresses and those for the children, and she gets all her patterns for nothing, with the Marszine; and we saved Joewhen he was so sick

new idea from the honsehold department; she makes all her dresses and those for the children, and she gets all her patterns for nothing, with the Magazine; and we saved Joewhen he was so sick with the croup, by doing just as directed in the Sanitarian Department. But I can't tell you haif?"

"What wonderful Magazine, and—"

"What wonderful Magazine, and—"

"What! Why that's what Lil wanted so bad, and I told her it was an extravagance."

"Well, my friend, that's where you made a grand mistake, and one you'd better rectify as soon as you can. I'll take your sub.' right here, on my wife's account; she's bound to have a china teaset in time for our tin wedding next month. My gold watch was the premium I got for getting up a club. Here's a copy, with the new Premium List for clubs,—the biggest thing out! If you don't see in it what you want, you've only to write to the publisher and tell him what you want, whether it is a tack-hammer or a new carriage, and he will make special terms for you, either for a club, or for part cash. Better subscribe right off and surprise Mrs. Tom. Only \$2.00 a year—will save fifty times that in isk months. Or send 10 cents direct to the publisher. W. Jennings Demorest. 15 East 14th Street, New York for a specimen copy containing the Premium List."
