General Manager Ward, accompanied by Messrs Stout and Jevons, who are argely interested in the South Carolina Railway, left the city yesterday morning for Clinton. They will have a con-sultation with the officials of the Georgia, Carolina and Northern Road, of the Seaboard system, about freight and traffic business for Charleston and points along the South Carolina Road, the South Carolina people to take charge of the freights at Clinton and haul them over the Columbia, Newberry and Laurens Road to Columbia, where the main line will be reached. Mr. Stout is a trustee of the income mortgage bonds and Mr. Jevons is largely interested in income bonds. They have taken the trip, it is understood, with a view of inspecting the property.

Should the arrangements Mr. Ward has gone to make be consumated they would be of considerable moment to Charleston. It would give another almost new route for freights from the North. The Seaboard Air Line system Sunday sticks," too.

Last April she was taken down with Measles, followed with a dreadful Cough and turning into a Fever. Columbia, S. C. Over the slaughter of 350 Suits, formerly sold at \$15, \$16.50, \$18, \$22.50 and \$25, at ' 's season of the year. I am determ and to reduce my winter stock at a sacrifice. I have placed these garments, giving you a good line to select from, for \$10 in cash. This is the greatest offer ever made by any one, showing I mean to disperse of the goods if the price will move them. These garments are strictly first-class in every particular. Nothing like it as ever been attempted before. The public has been misled by such sales, but my offer is genuine and no humbug, and if you doubt it all I ask is an inspection of these goods, or you may write to some of your friends in the city for information of this great sale. Only \$10 per Suit! You will regret it
