> Our County Finances. The finances of the county were never in a more healthy condition. The County Commissioners are paying cash for all claims against the county and there are no debts and considerable money on hand to be carried to this fiscal year.

The annual meeting was held last Thursday. The following were the estimates of expenses for the fiscal year commencing November 1. They are the same as last year and are only approximate. For the last year the board did not use all the money raised and now there is a considerable amount on hand:

Salaries
County Treasurer's Commissions
County Board Equalization
Jury, Witness and Constable Tickets "Sheriff"
Clerk of Court...
"Trial Justices...
"Poor House and Poor...
"Poor House and Pridges...
"Public Buildings...
"Pooks, Stationery and Printing...
"Contingent Expenses...

For the purpose of raising this amount | DER'S Drug Store. the Commissioners have recommended a levy of 23 mills. Last year the levy was 31 mills, but with the money on hand and the increased assessments, the board thinks that 23 mills will give ample funds for the expenses of the county. Of course, as we said above, these figures for expenses are only approximate.

The New Schedule. We notice that the Laurens Herald is not pleased with the present arrangement of schedule on the Richmond and Danville. Well it would be hard for

the railroad people to arrange a schedule to please every one. So far as we are concerned the present schedule suits us very well although possibly it is not just what we would have had if the arrangement had been left to us.

If the Herald will get the railroad people to reverse the running of the accommodation freight that now runs between Newberry and Greenville and have that train leave Greenville in the morning instead of Newberry then Laurens will have a morning train

We simply make this suggestion. This change would be a convenience for all the people along the time. WAGONS AND BUGGIES
