TILLMAN'S ADMINISTRATION.

"The Execution of the Most Pernicious Public Policy that has Ever been Applied in any State in this Union."

From the Baltimore Manufacturers' Record, December 23.

Governor Tillman, of South Carolina, deserves a place in history as the exponent of the most pernicious public policy that has ever been applied in any State in this Union.

The committee of railroad engineers who called upon Governor Tillman and urged him to withhold signature from the bill he said:

The bill has already been signed and is now a law. The opposition of 600 or 10,000 railroad employees does not amount to a d—n, compared to the 50,000 or 60,000 farmers who demand its passage."

These are sentiments which might well be expected from Governor Tillman, and they embody concisely and clearly the principles upon which he is running the affairs of South Carolina. In the hands of such men as Tillman, and by the application of such principles as he represents, the affairs of the most prosperous State in the Union would soon reach a condition worse than anarchy.

We turn with pleasure from this sad state of affairs in South Carolina to more encouraging symptoms of reason which have appeared in Georgia. We commented last week upon Major Bacon's railroad bills, which were then under consideration by the Georgia Legislature.

THE "ORGAN" DENIES THE GOVERNOR'S "DAMN."

COLUMBIA, December 23.—The railroad employees composing the committee which visited Governor Tillman a few nights before the adjournment of the General Assembly, about the railroad bill, are red hot to-day.

They have been charged by the editor of Governor Tillman's organ with wilful lying, in the report of their treatment by the Governor, which they furnished the representatives of the press, and especially in their statement that Governor Tillman had used the expression to them that the opposition of railroad employees "did not amount to a d—n" as compared to the farming class, who were demanding the passage of the railroad law.

As stated, these men furnished the report that was sent about the country and has caused such widespread criticism of the Governor.

In the editorial that makes the men so indignant appear the following paragraphs, which speak for themselves: "Now, the truth of the matter is no such sentence ever passed Governor Tillman's lips, and it is one of those balls of concentrated journalistic potash made of the doubly distilled lie, that committed met at the hands of Governor Tillman a most courteous reception, and he gave the members a respectful and attentive hearing. They stated that they represented only a small meeting, but in a few days they expected to hold a convention at which three or ten thousand railway employees would be represented, and therefore asked the Governor to withhold his signature to the bill until they could be heard from. The committee drew a dark picture of the effects of the law upon them. . . . Not once did the word "d—n" escape the Governor's lips, or any other sentence to which the committee could possibly take exception. He was as courteous and gentlemanly as could be during the interview, and we doubt not that the members of the committee who waited upon the Governor would so affirm. Thus has another potash bubble burst. Next!"

Several of the committeemen are in the city to-day. They are very angry, and say that they will now come down upon the Governor in such a way that denial from him will be impossible. They have summoned the members of the committee together, and they intend to make affidavits, signed by every one of them, to the effect that the report they furnished was absolutely correct. This, no doubt, is the "next" that the writer in the organ asks for. He will surely get it. His word is pit-

ted against the word of three men, and the three men were present when the interview in question took place, while the writer was not. Governor Tillman has never denied the truthfulness of the report. The developments in this matter promise to be very interesting.

COLUMBIAN STAMPS.

The Columbian stamps are issued in the denominations of 1, 2, 3, 4, 5, 6, 10, 15, 30 and 50 cents and of \$1, \$2, \$3, \$4 and \$5, the latter being used for third and fourth class matter. The stamps differ in size and form from those now in use, the engraved space being six eighths of an inch by one and eleven thirty-second inches, each stamp bearing a design commemorative of the discovery of America by Columbus.

The following scenes are represented on the stamps:

One cent—"Columbus in Sight of Land," after the painting by W. H. Powell. On the left is an Indian warrior with his child on the right an Indian warrior, each in a sitting posture. The color of the stamp is Antwerp blue.

Two-cent—"Landing of Columbus," after the painting by Vanderlyn in the rotunda of the Capitol at Washington. In color the stamp is a purple maroon.

Three-cent—"Flag Ship of Columbus," the Santa Maria, in mid-ocean, from a Spanish engraving. The color of this stamp is a medium shade of green.

Other scenes depicted on the remaining denominations are the "Fleet of Columbus," "Columbus Soliciting Aid of Isabella," "Columbus Welcomed at Barcelona," "Columbus Presenting Natives," "Columbus Announcing his Discovery," "Columbus at La Rabida," "Recall of Columbus," "Isabella Pledging her Jewels," "Columbus in Chains" and other pictures taken from equally famous paintings and engravings.

The Columbian stamp and stamp envelope are not intended to displace the present series, but will be in addition thereto. These latter will continue to be furnished to postmasters in sufficient quantities to satisfy the calls for them.

In Jail When Elected to the Legislature. From the Chicago News Record.]

From the Legislature to jail is not an unheard-of thing in the history of State Governments, but in going from jail to the Legislature Judge Lane, Presiding Judge of the County Court of Cass County, Missouri, will have rather exceeded the record.

Judge Lane is an official resident of one of those Missouri counties sweating under the burden of a great railroad debt. The duty of the Judge was to have levied a tax to meet interest on these bonds, but leaning in his sympathies toward the taxpayers he refused. For this he was sentenced to jail by a United States Judge. While in jail the populace, relieved of an impending financial stress by his action, nominated him for representative on the Democratic ticket. He accepted, hired a typewriter, and conducted his campaign by mail in such a manner that he led his ticket by several hundred votes. His term as Judge expires Jan. 1, and he will step out of jail directly into the State Assembly.

In this position he will probably be expected to retaliate against the railroad corporation which indirectly caused his incarceration.

remains the only valuable daily pad calendar. The calendar for '93 is of the same general design as that of previous years, consisting of 366 leaves, one for every day in the year, and a calendar for the entire year. The day of the week, of the month, and of the year are given, and on each leaf is a short sermon on the "Gospel of Outdoors, Health, and Happiness," with valuable hints on practical road making. The leaves are so arranged that there will be no stub left, and each one can be referred to at any time during the year. The pad is upon a metallic stand of ivory black, arranged so as to rest upon the desk at a convenient angle. The pad matter, which in the aggregate is enough to make a book, is all fresh and new, and is of more pertinent value than that of any previous calendar. The calendar is issued by the Pope Mfg. Co., of Boston, New York, and Chicago.

ECZEMA & SCROFULA

Lost Two Children before He Tried Cuticura. Saved Wife and Two Children's Lives by Using Cuticura Remedies.

I have found the CUTICURA REMEDIES to be just what you recommended. My wife was covered all over with pimples, and I found nearly dead with Eczema. The doctor called it. I have never found anything so good for a family as a trial with Cuticura. It cured my wife's Eczema. I believe the CUTICURA REMEDIES saved the lives of my wife and two children. I lost two children with Eczema and Scrofula before I tried these remedies, and the two living had bad cases of Eczema and Scrofula completely cured them, and they have saved their lives as well as that of my wife. These words are every one's true. I can refer you to my neighbors. I have saved one hundred dollars in doctor bills, and cured, by using Cuticura, my wife and two children, and the bones of families who have never heard of CUTICURA REMEDIES.

Cotton Mill, Anderson Co., S. C.

I have used your CUTICURA REMEDIES for Eczema, and found them as recommended. I tried your CUTICURA REMEDIES, and found them to be the best, and received no benefit. I used the CUTICURA, CUTICURA BALM, and CUTICURA OINTMENT, and found them to be the best in four months.

Scarlet Fever in the White House.

WASHINGTON, December 25.—Medical Sanitary Inspector Dr. C. J. Osmin, of the Health Office, and Orlando King, the colored messenger, visited the White House at about noon to-day and tacked two signs on the doors, one on the lower and one on the upper floor, quarantining the Executive Mansion against the public. The signs are pin-colored, pastboard, and on them is printed: "To remove this placard without permission is unlawful. Scarlet fever within." The signs were put up because of the illness of President Harrison's grandchild.

Winter Novelties for Ladies.

A pretty walking costume is a pleasing picture, but a beautiful Ball Dress is a poem. Never before has a winter season presented a wide range of fascinations styles as witnessed this year. The taste for historical costumes is increasing as we go on, and indeed dress-making, at the present time, absolutely requires some knowledge of the costumes of the past. Such knowledge is especially needed in Ball Dresses, as the latter more closely resemble their historical models. It is also in evening receptions that one sees these revived styles, such as the Henri II., the Regence, the 1845, etc., which do not appear on the street in their pristine garb. In order to find one's way in this labyrinth of old and new fashions one has only to consult the McDowell Fashion Magazine, published at 4 West 14th Street, New York City. They furnish every needed information in a most practical manner. "Paris Album of Fashion" and "La Mode de Paris" are invaluable, and they each cost only \$3.50 a year, or 35 cents a copy. "La Couturiere," price \$3.00, or 30 cents a copy, gives the most practical styles in Paris. A premium Book, "Dressmaking Simplified" is given with each year's subscription for one of these Journals. "La Mode" is the greatest magazine of fashion for family use, costing only \$1.50 per annum, or 15 cents a copy. If you cannot get these Journals from your news-dealers send to the publishers direct.

What the Editor Gets.

A South Carolina editor stuns up the reward of the editor in the following words—in which there will be found more truth than poetry. "When a child is born into the world the physician is present and gets about ten dollars for officiating at the important event. The editor heralds the advent of the stranger and gets a cursing for making a mistake as to the sex and date of arrival. After a while the child becomes a man, the minister is called to perform the marriage ceremony, and walks off with a ten dollar note for his trouble. The editor is again called upon to chronicle this event by making the bride and groom the best and most respectable people in the county. His only pay is to be asked for a few extra copies of his paper to send to some absent friends. In time the once baby, once happy groom but now a man well advanced in years, is brought down by death. Again the physician is called in and makes his bill. The undertaker is present and officiates at the funeral and in time wants \$100 for performing the last sad rites, while the editor is expected to complete the drama by holding up the deceased as a noble gentleman, and one who at present is climbing up the golden stairs."

For Scrofula! "After suffering for about twenty-five years from scrofulous sores on the legs and arms, trying various medical courses without benefit, I began to use Ayer's Sarsaparilla, and a wonderful cure was the result. Five bottles sufficed to restore me to health."—Bontifacio Lopez, 227 E. Commerce st., San Antonio, Texas.

Catarrh "My daughter was afflicted for nearly a year with catarrh. The physicians being unable to help her, my pastor recommended Ayer's Sarsaparilla. I followed his advice. Three months of regular treatment with Ayer's Sarsaparilla and Ayer's Pills completely restored my daughter's health."—Mrs. Louise Riehl, Little Canada, Ware, Mass.

Rheumatism "For several years, I was troubled with inflammatory rheumatism, being so bad at times as to be entirely helpless. For the last two years, whenever I felt the effects of the disease, I have not taken Ayer's Sarsaparilla, and have not had a spike for a long time."—E. T. Mansbrough, Elk Run, Va.

Something About Cooking Stoves. It is not generally known that up to this time there has been a strong competition regarding the price of all French cooking stoves and that this combination has certain agents in every State and section and that these agents are protected by iron clad agreements from the factory, and no one has been allowed to encroach upon their territory, but happily for the people with the election of Cleveland to the Presidential chair, comes also a smash up from the factory, and the price of this great stove combination. We are very glad to be informed by Mr. L. F. Padgett, 805 Broad Street, Augusta, Ga., that he will sell a No. 1006 Charter Oaks stove with 20 pieces of ware for \$18; a No. 2077 with the same amount of ware for \$17.50. This stove has been retailed for \$25.00, and we have no doubt that the dealers who have not been posted in reference to this reduction are yet asking \$25.00 for the stove. We only mention the price for the sake of the people, as they are better posted and can read at a glance how great a reduction has taken place.

Should any of our readers need a first class cooking stove it will be well for them to write this firm for a catalogue. They also deal largely in all kinds of house furnishing goods, including Furniture, cooking stoves, carpets, oil cloths, rugs, shades, baby carriages, and in fact everything that is needed to furnish a house.
