A NOMINATING CONVENTION.

Plan of the Colleton Idea—The General Schemes of the Reformers—An Address to the People.

[The State, 5th.]

The State Reform executive committee which is the production of the "Colleton Idea" mass meetings, assembled in Columbia yesterday shortly after the hour of noon. There was a full attendance of the members of the committee, and they decided to hold the preliminary convention of the Reform party which has so long been talked of.

There were no end of politicians in the city yesterday. When the body assembled in the hall of the House of Representatives there were at least seventy-five men present. A great deal of canvassing had been done prior to the meeting.

The Rev. J. A. Sligh, of Newberry, was made temporary chairman, and Messrs. Hurca and Ott, secretaries.

HERE IS THE LIST.

The roll was called and the following men of the committee responded to their names: Abbeville, I. H. McCalla; Aiken, J. T. Gaston; Anderson, D. K. Norris; Barnwell, W. H. Duncan; Berkeley, J. B. Morrison; Charleston, W. Gibbs Whaley; Chester, J. C. Cunningham; Chesterfield, W. G. Craig; Colleton, L. L. Power; Clarendon, M. Rogers; Darlington, E. L. Gray; Edgefield, J. M. Gaines; Fairfield, J. W. Lyles; Florence, J. S. McCall; Greenville, T. H. Austin; Georgetown, J. C. Larrimore; Hampton, W. H. Mauldin; Horry, R. E. Thomas; Kershaw, T. Kirkland; Lancaster, T. P. Wingard; Laurens, J. A. Jones; Lexington, C. M. Efrid; Marlboro, B. N. Napier; Marion, James Stackhouse; Newberry, J. Gant; Orangeburg, P. P. Pickett; Orangeburg, J. Williams Stokes; Pickens, T. C. Robinson; Richland, H. A. Deal; Spartanburg, T. L. Gantt; Sumter, H. R. Thomas; Union, J. C. Ott; Williamsburg, William Cooper; York, R. T. Riggins.

SHUTTING OUT THE PRESS.

As soon as the roll had been called Mr. Sligh suggested that it would be well for the convention to decide at once what they would do about the presence of people not members of the committee.

Mr. McCalla, of Abbeville, said that in his opinion it would be best for a Reform conference to be held amongst Reformers exclusively. While the Reformers were not ashamed of anything they did, still something may be said that we don't want published to the world. Mr. Deal opposed the motion of Mr. McCalla. He said that he had no objection to the meeting going out any way, and they might be misrepresented. Any way Reformers were in a position to do business in the broad light of day.

Mr. Pickett, of Orangeburg, in the point of order that the debate was out of order as no permanent organization had been perfected.

Mr. McCalla stuck to it that outsiders ought to be excluded and Mr. Sligh ruled that the Reformers delegate's point was not well taken.

Mr. Efrid argued that it was always the rule to have party consultations in secret.

Mr. John W. Lyles, of Fairfield, offered an amendment that Reformers who were properly voted for could remain.

Mr. Mauldin said that everyone but members should be excluded. This was a conference of the Reform party and not of the Democracy.

Mr. McCalla said that this was the most important conference in the history of the party and nobody should be in it except members who would have to bear all the responsibility for their acts.

Mr. Larry Gant observed that he would have no objections to the secretary giving out the proceedings to the press, but that the debate should be in secret.

A member called for less talk and more work, whereupon Mr. Lyles' amendment was lost and the McCalla motion prevailed and everybody left the hall except delegates.

As soon as all those persons not wanted got out the discussion immediately began as to whether there should be a primary, an early or late convention or any convention at all. The delegates were very much excited and it is said that Laurens is about the only county that don't want a convention.

The convention adjourned to go down to the Supreme Court room at Columbia in the afternoon. The hall was smaller and delegates could hear better.

The following report of the proceedings after the committee went into executive session, was furnished late last night by a special committee appointed for the purpose:

The chair then appointed Mr. J. B. Elkins doorkeeper.

On motion of Mr. McCalla, the temporary organization was then made permanent.

Col. J. T. Gaston of Aiken moved to have a convention of Reformers to nominate a Reform candidate for Governor and Lieutenant Governor. The motion was carried almost unanimously.

A committee was then appointed by the chair, consisting of C. M. Efrid, W. H. Mauldin, J. W. Stokes, D. K. Norris and T. L. Gantt, on rules and regulations in the manner of holding the convention. The convention then took a recess until 5 p. m.

At 5 o'clock the convention reassembled and shortly thereafter the committee on plans entered the hall and submitted the following resolutions:

We, the undersigned committee, beg leave to submit the following report: 1. That a convention for the nomination of State officers be held in the city of Columbia on the 14th day of August, 1894.

2. That said convention be composed of delegates to be elected by conventions to be held in each county on the 9th day of August, 1894, each county being entitled to double as many delegates as it is entitled to representatives in both branches of the General Assembly.

3. That the county conventions aforesaid be composed of delegates elected by the Reform members of each county. Each club shall be called by the Executive Reform Committee to meet at the usual place of meeting and elect delegates as aforesaid, to the county convention. For the purpose of said elec-

Nothing Stands as High,

as a remedy for every womanly ailment, as Dr. Pierce's Favorite Prescription. Here is the proof. It is the only medicine for women so certain in its effects that it can be guaranteed. In every case, if it doesn't benefit or cure, your money is returned. Can anything else be better for a tricky dealer to sell, "just as good" for you to buy? "Favorite Prescription" is an invigorating, restorative tonic, a soothing and strengthening nerve, and a complete cure for all the functional derangements, painful disorders, and chronic weaknesses peculiar to the sex.

For young girls just entering womanhood; for women at the critical "change of life"; for women approaching confinement; nursing mothers; and every woman who is "run-down," tired, or overworked—it is a special, safe, and certain help.

EXPOSURE TO WET and cold are common causes of many ailments which lead to Catarrh in the Head. The makers of Dr. Sage's Catarrh Remedy offer \$500 in Cash, for a case which they cannot cure.

OUR PROSPERITY LETTER.

PROSPERITY HEROINE.

Last week a certain Newberry paper boasted of having a brave lady in town—a lady that had killed a rat. Prosperity also has a heroine of whom she prides herself with great reason. Mrs. L., a young married lady had quite an experience with the rodent last week. Mrs. L. was the attacking party but his rash did not equal before his fair antagonist, who was dealing him many serious blows both were snarling at the top of their voices. The young lady being the larger of course could squeal the loudest. Her screams attracted her mother's attention who was in the house ironing. The mother, in her hurry and excitement, dropped the iron on her foot sufficiently hard to have killed several rats. She ran to the house for the cause. The dead rat was laid out on the hearth and "kitty," "kitty" was called. As "kitty" approached the dead "varmint," he concluded that he would resurrect himself, and made off at a gallop and succeeded in getting under the house before "kitty" could reach the dead rat. Mrs. L.—did kill the rat.

Note of Prosperity's citizens, or of the surrounding country went to Tillman's war. The general verdict being that Tillman brought it on, let Tillman fight it out.

The commander-in-chief of the forces in South Carolina did not go to the front, but remained in his castle. The people of South Carolina are in an attractive condition for capitalists and manufacturers. Under the present inviting conditions it is expected that they will pour into the State by the score.

The Shah of South Carolina has proclaimed martial law in parts of his satrapy, seized the railroads and telegraph lines, and sent armed forces to Darlington. For what purpose? Because foreign-born good citizens of the State, Darlington, whom the Shah hates with bitter hate, designed to exercise the God-given right of self protection against a party of murderous outlaws. These things do not make us happy and serene.

Yu-Be.

The Spring Medicine.

"All run down" from the weakening effects of warm weather, you need a good tonic and blood purifier like Hood's Sarsaparilla. Do not put off taking it. Numerous little ailments, if neglected, will soon break into a serious "Take Hood's Sarsaparilla now, to expel disease and give you strength and appetite."

Hood's Pills are the best family cathartic and liver medicine. Harmless, reliable, sure.

An Income Tax Argument.

[From the Peoria Herald.]

Eleven million, six hundred and twenty thousand families, with an average income of \$968, pay 90 per cent of the taxes in the United States.

Twenty-five thousand persons in the United States, it is estimated, own among them \$31,500,000,000 worth of property.

Thus 25,000 persons, who pay less than 10 per cent of our taxes, own almost three times as much as the other 11,600,000 families—not persons. It is time for wealth to begin to bear its share of the public expenses.

What Causes Pimples?

Clogging of the pores or mouths of the sebaceous glands with sebum or oily matter. The plug of sebum in the center of the pimple is called a blackhead, grub, or comedone.

Nature will not allow the clogging of the pores to continue long, hence, inflammation, pain, swelling and redness, later pus or matter forms, breaks or is opened, the plug comes out and the pore is once more free.

There are thousands of these pores in the face alone, any one of which is liable to become clogged by neglect or disease.

What Cures Pimples?

The only reliable preventive and cure, when not due to a constitutional humor, is

Cuticura Soap.

It contains a mild proportion of CUTICURA, the great skin Cure, which enables it to dissolve the sebaceous or oily matter as it forms at the mouths of the pores.

It stimulates the sluggish glands and tubes to healthy activity, reduces inflammation, soothes and heals irritated and roughened surfaces and restores the skin to its original purity.

This is the secret of its wonderful success. For had complexions, red, rough hands and chapped nails, dry, thin and falling hair, scaly and irritated scalp and simple baby blemishes it is preserving, purifying and beautifying to a degree hitherto unknown among remedies for the skin and complexion.

Sole greater than the combined sales of all other skin and complexion soaps. Sold throughout the world. POTTER DRUG AND CHEM. CO., Sole Proprietors, Boston.

Women full of pains, aches and weaknesses find comfort, strength and renewed vitality in Cuticura Plaster, the first and only pain-killer, nerve-strengthening plaster when all else fails.

WELL DONE, CLARA BARTON.

The Splendid Work of the Red Cross on the Sea Island.

[From the Hartford Courant.]

It was in October—the first of the month—that Clara Barton and her associates of the Red Cross took upon themselves the task of caring for the destitute islanders off the South Carolina coast and bringing them through the winter. They asked the people to help them, and the people did help them. The people are not in the habit of shutting their ears and pocketbooks to such appeals. The work of relief on the islands is by no means over; perhaps some of the hardest of it is yet to come. But Miss Barton thinks she now sees her way through, and accordingly she makes—in behalf of the society—a public announcement:

"As we have an almost perfect system of relief, thereby producing the greatest amount of good with the smallest amount of money; as we, on this field, are not dependent upon tariff legislation or the ponderous machinery of commerce to end this distress, but directly upon that great unfailing Power that bringeth seed time and harvest, we will from this day undertake to carry the burdens of this relief on our own shoulders, using the funds already entrusted to our care as far as they will go, and our own funds after that, when necessary, and will ask our friends to use the money and material which they had intended for us on this field to relieve distress and suffering in their own cities, towns and villages. And with a hearty God bless you for your generous aid and no less precious sympathy, we take leave of you, our dear contributors."

Well done, Clara Barton! Well done, Red Cross! Well done, too, kind-hearted, open-minded people—South and North—who have given the world a new illustration of the American way of doing things!

Demorest's Family Magazine.

One of the latest fads is the collection of portraits of noted people; and a very fascinating fad it is, also; a profitable one, providing, of course, it does not cost too much. A new feature in Demorest's Family Magazine, commenced in the April number, is especially timely, and offers an excellent opportunity for forming a superb collection at a minimum expense. Two pages are devoted to exquisite half-tone portraits of celebrities, quite equal in effect to fine photos, and about cabinet size, which are printed so they may be removed without mutilating the Magazine and arranged in an album especially designed for the purpose. This is a permanent feature; and those interested in making a portrait collection should avail themselves of this exceptional opportunity, as the portraits furnished during the year would cost quite \$100 in photo form. It is impossible to specify all the brilliant attractions of the April number. The Santa Barbara Floral Festival is exquisitely illustrated; and gives lots of information about the United States Postal Service; many noted people tell, in Helps in Many Careers what sided their most toward success, and their portraits are given with their opinions; Society Fads will interest everybody; in Home Art there is a goodly showing of Easter gifts that can be easily made at home; there are some excellent stories; and the children are not forgotten. The frontispiece is a charming half-tone. The Angel of the Resurrection, after a painting by Carl Gutierrez, and there is an oil panel-painting, Lilies and Heliotrope, both of them beautiful Easter souvenirs. There are, besides, over 500 illustrations. Demorest's is really an ideal family Magazine, and is published for only \$2 a year, by W. Jennings Demorest, 15 East 14th Street, New York.

Neal Dow and Fitzhugh Lee.

[St. Louis Globe-Democrat.]

[WASHINGTON, March 21.—At the temperance celebration in Convention Hall last night, Mrs. Mattie McClellan Brown of Cincinnati told an interesting story, which is not generally known, of an episode of Neal Dow's army life. He was once captured while sleeping in a house in the South and sent to a Confederate prison. After the war he was exchanged for an officer of equal rank, who was no less a person than Gen. Fitzhugh Lee.

Something New in Fuel.

[Philadelphia Dispatch.]

ALTOONA, March 22.—A new fuel, known as natural coke, is found in abundance near South fork, twenty miles west of here. It gives out no noxious gas and can be burned in any sort of stove.
