STATE TEACHERS' ASSOCIATION. It was my pleasure last week to attend the meeting of the State Teachers' Association in the city of Spartanburg. I was with them all the week and met to meet and mingle with these earnest, intelligent and devoted teachers, Theirs is a great work, and I am glad to see the increasing interest taken in this vocation. Teaching is now a profession and the man who enters into it with any other idea will most surely be left behind in the procession.

There were some two hundred teachers in attendance upon the association, a majority of whom were ladies. I believe it is true in the present and borne out by the history of the past, that woman is and has always been foremost in all good works.

Speaking of Wofford College reminds me of a thought that ran through my mind last week while at the meeting. Dr. Carlisle, its worthy president, was present and made a talk to the teachers one night. Dr. Grier, of Erskine College, was also there and preached the sermon on Sunday. The thought is this: How fortunate the denominational colleges in this State are in having such noble, self-sacrificing men to preside over them-Carlisle, Grier, Holland-all grand men. The association was busy for several days discussing practical and theoretical questions connected with the cause of education. These discussions were interesting and instructive.

There was also a meeting of the School Commissioners and they effected an organization. It was gotten up also here, having left Mrs. Cannon and under the leadership of Mr. Thos. Our correspondent "Chips" seems to know more about the Conservatives than TheHerald and News. If they have any separate organization or any organization at all it is more than we know. But then we are not much of a politician. The Herald and News is opposed to rings and cliques and caucuses wherever they may befound. Our position is that if we are to have a primary, let a great many. It was an inspiration us have one and everybody go into it who wants to, and let the people speak do not think it is right or fair or just for a faction to hold a caucus or a convention and say to the candidates for Govmust stand aside and only one can go before all the Democratic voters. Chicago the Scene of Lawlessness-President Cleveland Sends Troops to the City and Issues a Proclamation Ordering the Mob to Disperse.

For two weeks past the strike of the American Railway Union has been making trouble in Chicago, stopping the running of trains and causing the destrution of railroad property.

Eugene V. Debs, the president of the
American Railway Union, who ordered

the strike, is thirty-five years old, and very determined in his effort to carry by their ballot, and when they have spoken let that be the end of it. We do not think it is right or fair or just for through lines to the Pacific were tied

President Cleveland sent the United ernor, for instance, that three of you States troops to Chicago to see that the mail trains and interstate commerce was not interfered with.

Gov. Altgeld protested against the that is to be done, the general primary troops taking any part in the matter, and put in the plea of States rights, but President Cleveland in a characteristic reply intimated that it was no time to talk, but something must property and resisting the police, the deputies and the military in Chicago. The President followed up this proclamation with another on Sunday, to have had the desired effect.

The President's course was approved a partisan, and that is just the spirit of by the business men of Chicago and also by members of some of the labor unions in the city.

TWO MILLIONS LOST. CHICAGO, July 7 .- An afternoon paper prints the following: Competent authority estimates the properity loss in this city alone by fire and waste during the last ten days at \$2,000,000a loss traceable directly to the strike. But that amount is insignificant in comparison to the loss due to a sacrifice of wages and paralysis of business. The railroad tie-up has thrown not less than 200,000 railroad employees out of work, and now it is announced, as the result of a careful canvass, that industrial establishments in Chicago and its envirous, employing 100,000 men will shut down down until the strike is settled. Other manufacturing communities throughout the West are doing the same thing, and it is not an exaggeration to state that the ranks of idlers in the West will be increased 1,000,000 men by reason of the strike. The Western country is, therefore, LOSING \$2,000,000 A DAY

in wages, estimating the pay of the men at the low average of \$2 a day. On the basis of estimates of men out of work in Chicago now by reason of the strike, the working men are contributing \$300,000 a day in lost wages and \$200,000 more in drafts upon their resources for the cost of living or a daily total of \$500,000.

MOVING TRAINS ON TIME. CHICAGO, July 9.—President Eagan of the General Managers' association, stated during the morning that every road in Chicago was moving trains, most of them on time. Several freight trains, he said, had departed.

The general superintendent of the Illinois Central Railroad company passed a notice yesterday announcing that all freight handlers who did not return to work by 10 o'clock this morning would be discharged. Enough returned to enable the road to resume its freight business, and five freight trains had been sent out to noon to-day. About one-third of the men who had struck, have returned to work. Passenger service of the road has been resumed in full.

Summer School for Teachers. I beg leave to call the attention of the teachers of Newberry County to the summer school to be held at the South Carolina College, Columbia, opening on Tuesday, July 17th, and continuing until August 14th. Four weeks' tuition, board, lodging and lights may be had for \$14. This offer is unprecedented and should be taken advantage of by many teachers. Such advantages are not to be had every day, and I respectfully urge every teacher to attend. Respectfully, THOS. W. KEITT, School Commissioner.

Rev. T. O. Keister will hold a series of meetings in Mt. Tabor church which will probably last ten days. There will be two sermons each day. These sermons are very instructive and profitable and no one will regret the time that they may give them. The general public is invited to attend. The services will commence on Friday before the fourth Sunday of July.

Politics in this community are taking a long rest. The people are paying very little attention to the wire pulling and rock throwing process now in operation. They are attending to their work at home, which is the only re-form movement that can ever pay them. Nevertheless they are to the man opposed to the present disgusting scramble and grab game for office.

ollification was a success from a business standpoint. The barbecue was a success. It was a very quiet meeting, although several prize manipulators were present and some speeches made. Most conspicuous among these was the presence of the famous minion of lightveight Reform slugging John Gary Evans. It seems that he escaped the great campaign menagerie and was great campaign menagerie and was allowed to roam at large over the wild woods of Little Mountain for one day. There were about 400 or 500 people present, and there was no doubt as to the political sentiment of the crowd. At least half of them were from Lexington, although there was no Lexington politician present. A goodly amount of unadulterated S. C. stan-dard proof, chemically pure Reform gall was freely given out in half pints, oints and quarts from the demijohn. He showed what a grand and poble institution the dispensary was, taking to himself half of the credit for its enactment, giving his master the other half. All the beauties and virtues of Reform were manfully set forth. Dr. C. T. Wyche sang all of its glories in his magnificent stentorian baritone, assisted by the unapproachable Hon. John T. Duncan in the most approved measure and tune. Then Railroad Commissioner J. A. Sligh, Chairman Reform Democratic Executive Committee, was there, but he did not speak. We have just received a new line Inventory of the Stock, and they Men's Gauze Shirts 25, 35 and 50c. of light weight fabrics, suitable for closed me out some Washable Four Men's Gauze Drawers 25, 35 and 50c. in Hands, Colored Bows and Over- Buggy Whips 15, 25 and 35c. shirts that I can sell at prices un- Ladies' Hats 50c. to \$1.75.

heard of before. I also bought quite a number of new things in Underwear, Collars, Belts, Suspenders, Umbrellas, etc., 11. Colored Dotted Swiss, former and want you to come and see what a change we have made in the prices of goods since I opened my line of Men's Furnishing

My plan is to buy often and and sell a little in advance of wholesale prices, give the trade the best goods that can be bought at the price, and in this way secure your confidence and get your business for goods in this line.

I will be off on my regular Fall trip on the Road for Messrs. Hood. Foulkrod & Co., Philadelphia, and in my absence Mr. J. W. Coppock will take pleasure in serving you. Come and see us.
