It was our pleasure to spend Saturday and Sunday last at Prosperity, S. C., as the guests of Mr. and Mrs. L. S. Bowers. This is one of the growing towns of South Carolina, and numbers among its citizens many enterprising and successful business men, full of the spirit of progress abroad in the land.

Beware of Ointments for Cataract that contain Mercury. Mercury will surely destroy the sense of sight and completely deprive the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.

James D. Nance Camp Met in the court house yesterday. Minutes of the last meeting were read and approved. The following letter was read from Gen. M. L. Donham and received as information:

HOLLAND MEMORIAL.

Beautiful Monument to the Late President of Newberry College. The monument to perpetuate the memory of the late Dr. Holland, President of Newberry College, has just been placed in position in Rosemont cemetery.

It is a massive monument of Massachusetts granite, eleven feet in height, surmounted by a cross, and weighs about twenty thousand pounds. The inscription, chiefly in raised letters, is executed in an artistic manner, and lends much beauty to the massive die block of polished granite.

The inscriptions are, West side, on second base, in large raised letters: Holland, and on the die: President of Newberry College, 1878-1895.

North side: A Faithful Minister of Christ, Apt to Teach, Gentle unto All Men, The Beloved Grand Reporter of the Knights of Honor of South Carolina, 1877-1895. Spectemur Agendo.

East side: Rev. George William Holland, Ph. D., D. D., Born July 16, 1838, Died September 30, 1895. South side: Our Beloved President. Newberry College is His Monument; The Alumni of the College are His Living Epitaphs.

The monument is an ornament to the cemetery and a credit to those who have helped to honor the memory of a great and good man.

In this connection it will be remembered that at the last meeting of the Grand Lodge of the Knights of Honor of South Carolina, the proposition to contribute toward the Holland monument was promptly and enthusiastically seconded by the gentlemen present, and a handsome voluntary donation was at once forwarded to the Memorial Association at Newberry.

R. C. Carlisle moved that any and all Confederate soldiers be invited to join the delegates on this trip, and take their wife, sons or daughters, and the motion was adopted.

Then they have a daylight ride from Atlanta to Nashville, reaching Nashville at 7 o'clock in the afternoon of the 23d. Those who desire can stop over at Chattanooga and Atlanta on the return trip.

ROYAL BAKING POWDER Absolutely Pure. Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands. ROYAL BAKING POWDER CO., NEW YORK. In Memory of E. P. Jones.

E. P. Jones, son of Louis D. Jones, was born November 18, 1831, and died April 13, 1897, being at the time of his death 65 years of age.

As he grew up he availed himself of such educational advantages as the schools around him offered, and by proper application of these advantages, secured a good, practical education.

In 1863 he was married to Miss Lizzie A. Goggans, daughter of Joseph and Stacy Goggans, who lived near Bush River church, in Newberry County. His wife was a woman of intelligence and possessed rare qualities of moral and social excellence.

She was kind and courteous in disposition, unusually pleasant in conversation, and withal a devoted and sincere Christian. Her rare gifts won for her universal love wherever she was known, and although she has been dead for many years, she is still spoken of as having been a woman of uncommon influence.

This union proved most happy, and strong Christian influence pervaded their home. The writer well remembers how, when a certain Baptist preacher, who was at that time their pastor, had lost his wife and given up his home, they extended the hand of sympathy and did all they could to cheer and brighten those sad and lonely days.

Bro. Jones first joined the church at Fairview, a church in Newberry County, but soon afterwards transferred his membership to Hurricane church, in Laurens County. Here for a number of years he filled quite efficiently the offices of both deacon and church clerk.

As a Christian he was eminently consistent. He was one among the few whose sense of obligation prompts them to give to the Master's cause that attention which its importance demands. His faith was steady, his devotion constant, and his spiritual tone of feeling uniformly high.

His convictions of truth and duty were clear, and in the hour of trial he maintained remarkable composure of mind. He has passed away, and memory brings up many hallowed associations that fill our hearts with sorrow, but he has left behind the best of all heritages, a Christian example.

The deceased leaves behind him five children, two sons and three daughters. The sons are members of the church, both graduates of the Lutheran college at Newberry, and since leaving school have been filling important positions as teachers. The daughters also are professed Christians, pious, gifted and well fitted to adorn the walks of life and honor the worthy example left them by their parents.

May that wisdom which is from above direct them through life, and bring them at last an unbroken band into the haven of eternal rest.

The right stuff with the right prices tell the tale Thursday and Friday at Minnaugh's.

Death of Mr. Andrew J. Bedonbaugh. After a rather long illness Mr. Andrew J. Bedonbaugh died at his home near Pomaria on last Friday, 4th inst., in his 70th year.

He leaves a widow and several children to mourn his departure. Mr. Bedonbaugh was a man of considerable means, and did much to help those of his community who were not so fortunate in this world's goods. He was a good neighbor and a valuable citizen, and his death will be a loss to his community.

A Valuable Prescription. Editor Morrison of Worthington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal."

Mrs. Annie Stehle, 2625 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Prices 50 cents and \$1.00. Get a Bottle at Robertson & Gilder's, Drug Store.

Excelsior Etchings.

Rev. Mr. McMorries filled his regular appointment in the school house Sunday afternoon and preached a good sermon to a very full audience. Misses Lena Schumpert, Olive Fangle, O'a Wheeler and Kate Wheeler four of Prosperity's fair young ladies spent Saturday night in this section, the guests of Misses Alma and Bessie Wheeler.

Harvesting about over in this section. The grain has turned out very well. Mr. Paul Fangle of Peak, has been on a brief visit to Prof. J. S. Wheeler's family.

We are now enjoying beans and Irish potatoes. Capt. Gelston of the Southern railroad is putting in ties and making quite an improvement on his road in this section. Capt. Gelston knows how to keep up a railroad.

Cotton thinning about done and a few more rains now and hoeing will commence. We have had some of the hardest rains in this section the past week that we have had in some time.

Water streams have been raised to overflowing and lands have been washed considerable. We have had some heavy winds along with the rains. Mr. Enos Counts had the top of his house chimney blown off and fruit trees were badly broken up some being broken off at the ground. We are not complaining however for the winds could easily have done still more damage.

In places the public roads have been washed considerable. Some of the bridges are in a bad condition and should be mended at once before some one gets hurt.

A good many of the people are in favor of High License bars-rooms in place of the dispensary system. We are badly opposed to the present arrangements of the dispensary but we believe with some amendments the dispensary will beat the High License bars-rooms ten to one.

We don't give a dry shuck how the whiskey business is controlled but don't think it ought to furnish extra pasture for certain individuals.

WATER WORKS AND ELECTRIC LIGHTS. I have secured a first-class workman in plumbing and electric work. I will be ready to do any kind of work in above branches when the time comes. I shall strive to please in every way, and every job must give satisfaction.

Will be pleased to make estimates free gratis. I am fully equipped to do Enameling, Brazing, Vulcanizing, Turning and all other bicycle work. I keep a full supply of bicycle sundries. Stoves by the car at all prices.

I have received many kind favors from the people of Newberry in the past, for which I am truly grateful. I ask for a trial in these new branches of my business.

Yours, J. W. WHITE.

The lens of all cheap spectacles are stamped out of dingy glass by a die that is same shape of the lens as a sheet of molten glass is passed under it by machinery; this leaves the surfaces of these lenses irregular, rough and unpolished, and the refraction is not near as perfect as good clear glass, ground smooth and even and polished, and the eye that uses the cheap lenses is necessitated to supply the refraction which strains it, or use a stronger lens which harms the retina and hastens the decay of the eye. Good Spectacles improperly fitted are as bad as cheap ones. After 30 years in the business I find Johnson's make is the best, and we have an instrument for testing imperfect vision at DANIELS & CO.
