THE PRIMARY.

Some of the Constitution and Rules Governing the Primary.

It is only two weeks from today to the primary election for United States Senator. For the information of the voter and the managers we publish the following extract from the constitution and the rules governing the election:

QUALIFICATIONS OF VOTERS.

The constitution says: Article VI. For the purpose of nominating candidates for governor, lieutenant governor and all other State officers, including solicitors in the respective districts and United States senators and all county officers, except magistrates and masters and supervisors of registration, a direct primary election shall be held on the last Tuesday in August of each election year, and a second and third primary each two weeks successively thereafter if necessary.

At this election only Democratic white voters who have been residents of the State 12 months and the county 60 days preceding the next general election, and such negroes as voted the Democratic ticket in 1876, and as have voted the Democratic ticket continuously since, to be shown by the certificate of 10 white Democratic voters, who will pledge themselves to support the nominees of such elections, may vote, provided that no person shall be allowed to vote except his name be enrolled on the particular club list at which he offers to vote at least five days before the day of the first election.

Each club shall have a separate polling place for primary elections. The club rolls of the party shall constitute the registry list and shall be open to inspection by any member of the party, and the election under this clause shall be held and regulated under the act of the general assembly of this State, approved Dec. 22, 1888, and any subsequent acts of the legislature of this State. The State executive committee shall meet on the Friday after each primary, or such other time as may be designated by the chairman, to canvass the vote and declare the result as to all State officers, congressmen and United States senators. All contests for all nominations at primary elections shall be heard first by the county executive committee of the county in which such irregularities may have occurred, and may be reviewed by the State executive committee, whose action shall be final; provided, that no vote shall be counted for any candidate who does not file with the chairman of the State executive committee, or with the respective chairman of the county executive committees, a pledge in writing that he will abide the result of such primary and support the nominees thereof, and that he is not, nor will become the candidate of any faction, either privately or publicly suggested, other than the regular Democratic nomination; provided further that no candidate shall be declared nominated unless he receives a majority of the votes cast for the office for which he is a candidate; Provided that the pledge of such candidate shall be filed on or before the day of the first campaign of the county or State respectively.

The rules say: Rule 1. The qualification for membership in any subordinate club of the Democratic party in this State, or for voting at a Democratic primary shall be as follows, viz.: The applicant for membership, or voter, shall be 21 years of age, or shall become so before the succeeding general election, and be a white Democrat, or a negro who voted for General Hampton in 1876 and who has voted the Democratic ticket continuously since. Provided, that no white man shall be excluded from participation in the Democratic primary who shall take the pledge required by the rules of the Democratic party.

The managers at each box at the primary election shall require every voter in a Democratic primary election to pledge himself to abide the result of the primary, and to support the nominees of the party, and to take the following oath and pledge, viz.: "I do solemnly swear that I am duly qualified to vote at this election according to the rules of the Democratic party and that I have not voted before at this election, and pledge myself to support the nominees of this primary."

Rule 2. Every negro applying for membership in a Democratic club, or offering to vote in a Democratic primary election must produce a written statement of 10 reputable white men who shall swear that they know of their own knowledge that the applicant or voter voted for General Hampton in 1876 and has voted the Democratic ticket continuously since. The said statement shall be placed in the ballot box by the managers and returned with the poll lists to the county chairman. The managers of election shall keep a separate list of the names of all negro voters, and return it with the poll list to the county chairman.

No person shall be permitted to vote unless he has been enrolled on a club list at least five days before said primary election.

The club lists shall be inspected by and certified to by the president and secretary and turned over to the managers to be used as the registry lists.

ROYAL BAKING POWDER CO., NEW YORK

TO HANG FRIDAY.

Tourney Lyles Says He is Prepared to Go. He Has Made Peace With God.

The editor of The Herald and News was taken to the jail yesterday by Sheriff Buford and given an opportunity to have a talk with Tourney Lyles, who is under sentence of death. He was convicted at the last term of court on the charge of rape and sentenced to be hanged on Friday, 20th of August. The facts are familiar to the readers of The Herald and News and need not be recounted. The crime was committed at Whitlure in the spring, and he was arrested and brought to jail and given a fair trial at the July term. A fair and impartial jury said he was guilty and he was sentenced to die.

The case is remarkable in this, that so far as we recall it is the first one in this State where a negro who had committed an outrage on a white woman was given the opportunity of a legal hanging. It should convince advocates of lynch law that the courts do sometimes give speedy trial and conviction to the guilty.

Tourney is not a bad looking negro. He has a rather good face and not the appearance of a bad or dangerous man. He said he had been ministered unto spiritually by Revs. F. R. Wallace and McNeill. That he had made peace with God and was ready to go, and he did not seem to have any fears or apprehensions about the future. We suspect that he scarcely realizes the doom which awaits him Friday.

He substantially admitted his guilt, though he put some qualification to it. We understand he has told several different tales about the affair, in one of which he implicated another negro. He says now that there was no truth in that story. He said emphatically that it was not true that anyone else was with him, and that he and the woman were alone.

He now spends his time in singing and praying, and is apparently happy and contented. Sheriff Buford will use the same trap that was used by Sheriff Riser, and he has everything ready for the execution, including the hangman's knot on the rope.

He has issued a few tickets. The law, we believe, allows only a dozen or possibly two dozen to witness the execution, apart from those who assist in it.

HAR RIS LITHIA WATER!

Carbonated Lithia Water, Soda Water, Ginger Ale

Sold to the Wholesale and Retail trade at lowest Prices by S. B. Jones, Agent for Newberry.

Albert J. Gibson, Jr.

This bright and promising boy, the only son of Mr. and Mrs. Albert J. Gibson, aged about ten years, was summoned to the God who gave him on Sunday night, after a brief illness. His death was caused from congestion. The golden bowl is broken and the silver chalice is loosened and the young and promising life has gone on the wings of the morning to the haven of eternal rest.

Only those who have been thus stricken can know how to sympathize with the heart broken parents.

We beg to extend our tenderest sympathy and to point them to Him who said "suffer the little children to come unto me," for from Him alone can they get true comfort and consolation.

Old People. Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding Nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old People find it just exactly what they need. Price fifty cents and \$1.00 per bottle at Robertson & Gilder's Drug Store.

PURE WATER.

A Good Story of Our Water and Its Analysis.

We have received the following on our water, and we give it to our readers:

E. H. Aull, Esq., Newberry, S. C.:

Dear Sir: The following is too good to keep, so will let you have it:

A town darkey, with cup in hand, was standing at our artesian well a short time since, when a country darkey jumped off his wagon and asked him to allow him the use of his cup to get a drink of water. When the country darkey had swallowed the water he snatched his lips and said: "Golly, that water's good, show's you be'n."

Mr. Town Darkey, with an air of great importance, replied: "In course hit's good; hit's boun' ter be good, fur hit come 4,000 feet from der intrils of der yearth, and hit's been scanderlized by der bes' gunnas from der State University, and what yer think he say hit's got in hit?"

"I dunno," replied the country darkey, smacking his lips after swallowing another pint or so of the water.

"Well, he say dere is ten grains of ox-hide gas, ten grains cowsonic gas, ten grains fox-four's acid, and seventy grains hydrophobia in dat air water—you know hit boun' ter be good; dat's a well, you bet;" and he walked away leaving the country darkey shaking his head and meditating.

Finally the latter remarked: "Hit do tas' powerful of der rawhide, but I don't tas' der 'phobia, nor der rou'r'n acid, s'pec' dat fool nigger mean ass-fifty arter all."

Yours truly, PURE WATER.

The Correspondents Picnic.

It was a most delightful and pleasant affair. It was held as per announcement at the Fair Grounds on last Saturday. The programme as to speaking was not carried out because the speakers were absent but the picnic dinner was there in abundance and several hours were very pleasantly spent.

The Herald and News practically shut up shop and editor and printers all went out in full force.

Among the correspondents there were quite a number absent, but Chips and Josh Trumm and Cloughopper and Fairy Bell and H were there and their wives and daughters and sweet hearts and they made a pleasant and a happy company.

The editor desires to say here and now that he most sincerely appreciates the compliment thus paid him and The Herald and News by those who help us to make the paper from week to week interesting and desirable to its subscribers. Some of them drove many miles to come. It was an act of loyalty and kindness which we will not soon forget. We cannot undertake to mention by name all of those who were present for we might overlook some of them. Kay was absent because as he wrote us he was not well but we fear he was frightened away at the prospect of making a speech. Rev. J. A. Sligh who was on the program wrote us that he, too, was sick and regretted his inability to attend.

The morning hour was spent in social intercourse and at one o'clock the picnic dinner was spread and cakes and pies and pickles and fried chicken and baked chicken and ice lemonade was there in abundance. Mayor Evans says he ate four chickens and our boy James who has never before been known to have enough chicken had to admit after dinner that for once he had plenty of chicken. And it was most delicious and so nicely prepared.

After dinner nothing would do but there must be some talking. This country has had so much speaking lately that it seems impossible to have a gathering without calling on some one to make a speech.

The editor explained the absence of the speakers on the program and expressed thanks to the correspondents and his appreciation of their interest in the success of The Herald and News and then Rev. E. P. McClintock, Senator Geo. S. Mower, Mayor II. H. Evans and Josh Trumm made short and appropriate talks. The speakers all were heartily received and given prolonged applause at the conclusion of their remarks.

Josh suggested that possibly some of those who had been invited to speak and were absent would in the course of human events appear before the public and would be glad of a little booming from the correspondents and he advised his fellow craftsmen to remember them when they appeared before the public. If these gentlemen did not feel enough interest in the correspondents to attend this picnic and perform their parts on the programme the correspondents would not have enough interest in them to do much booming for them.

Altogether it was a most delightful picnic and we hope that we may keep these annual gatherings up and that next time we may have all of the correspondents present. It was something unusual in this country but now that we know how pleasant it is the attendance next time will be larger. Again we express our appreciation of our correspondents and thank them for their interest.

DON'T TELL YOUR WIFE SPECTACLES.

You were late for dinner because your watch was wrong. Don't carry a watch which gets wrong. 17 Jeweled Elgin watches are the very best watches made. We always carry them also a fine stock of Jewelry, Silverware, Clocks, etc.

The lenses of all cheap spectacles are stamped out of dingy glass by a die that is same shape of the lens as a sheet of molten glass is passed under it by machinery; this leaves the surfaces of these lenses irregular, rough and unpolished, and the refraction is not near as perfect as good clear glass, ground smooth and even and polished, and the eye that uses the cheap lenses is necessitated to supply the refraction which strains it, or use a stronger lens which harns the retina and hastens the decay of the eye. Good Spectacles improperly fitted are as bad as cheap ones. After 30 years in the business I find Johnson's make is the best, and we have an instrument for testing imperfect vision at
