Hon. Cole L. Blenise, a prominent member of the Newberry bar, was in Wallhalla this week on professional business. We have heard it whispered around that he is a probable candidate for Attorney General. He is a gentleman of passing address and is well qualified to fill any office within the gift of the people of South Carolina.—Oconee (Wallhalla) News, Nov. 25th.

Don't be persuaded into buying liniments without reputation or merit—Chamberlain's Pain Balm cost no more, and its merits have been proven by a test of many years. Such letters as the following, from L. G. Bagley, Hueneme, Cal., are constantly being received: "The best remedy for pain I have ever used Chamberlain's Pain Balm, and I say so after having used it in my family for several years." It cures rheumatism, lame back, sprains and swellings. For sale by W. E. Pelham.

After serious illness, like typhoid fever, pneumonia, or the grip, Hood's Sarsaparilla has wonderful strengthening power.

The above we get from the A. R. Presbyterian. Mr. Brown has many friends and relatives in Newberry who wish them well. The Herald and News extends congratulations.

Have You Registered? The Supervisor of Registration asks you the following for publication: Please call attention to the fact that Monday, Tuesday and Wednesday, December 6th, 7th and 8th, are the last days this year on which to register. The requirements for registration will be harder to comply with after this year. The understanding clause does not apply after 1897. After January, 1898, the applicant for registration will be required to read and write a section of the constitution or to own \$300 worth of property in order to become an elector. Furthermore, those who register in 1896 and 1897 are registered for life, while the registration certificates issued after 1897 will be valid for ten years only, that is, there will be a general re-registration every ten years, reckoning from 1898. Urge upon all who are qualified to become electors and have not done so to register during the registration days in December—become registered for life.

Yours for suffrage, A. E. P. BEDENBAUGH.

THE TOWN PRIMARY.

Mayor H. H. Evans Re-Elected—A New Board of Aldermen—Much Interest But a Quiet Election.

H. H. EVANS.

The town primary yesterday excited more interest, especially in the selection of Aldermen, than is usually the case. Everything was quiet and in order but the competition in some of the wards was sharp.

There has been a clean sweep of all the old Aldermen. New men taking their place. Not because there was objection to any of the old Aldermen, but because there was a restless desire for a change.

Dr. S. A. Steel.

We have a letter from the Grady Lyceum of Bamberg stating that Dr. S. A. Steel will be passing this way on 13th of December and if we should desire we could get him to lecture for us on that night for a nominal sum. He is one of the finest lecturers in this country, and it would be well worth our money to hear him. If any of the woman's societies or other numerous organizations would like to take up this proposition call at The Herald and News office either today or tomorrow and arrangements can be made and we will help you.

A Delightful Musical. One of the most delightful entertainments given in the opera house this season was the piano recital on last Friday night by the pupils of Miss Della Land. The weather was not auspicious for going out, as it was damp and rainy but there was nevertheless a pretty full audience.

We cannot particularize but all of the pupils did well and showed careful and painstaking training and reflected credit upon themselves and their accomplished teacher.

ALL THE NEWS OF A LIVE AND PROGRESSIVE TOWN.

(Special Correspondence Herald and News.)

From the number of hogs that have been squealing around for some days our people are fixing to enjoy themselves.

And it is only 3 weeks till Christmas and the Hilo folks are counting the days.

Rev. E. H. Kohn will preach in Grace church Sunday morning. The Holy Communion will be administered.

Mr. Betsel, buyer for the Union mills, is again in our midst gathering in the fleecy staple.

Mr. S. J. Kohn, "Cap," left Wednesday for Kentucky to buy mules. Captain says he wants to bring back nice ones.

Mr. J. C. H. Rauch, of Saluda Co., met with a severe accident on Monday. He was hauling or handling some lumber and was hit on the head by a plank. Dr. Hunter was sent for and dressed the wound. It is not serious but painful.

Capt. Isaiah Haltiwanger and daughter, of the Fork near Columbia, has been in town for a few days visiting his daughter Mrs. J. P. Cannon.

Hon. Geo. S. Mower was on a visit to our town Wednesday.

Mr. Jas. Stiles, the agent of the Southern Supply Co., has gone on a visit to his brother-in-law Mr. M. O. M. McCabe at Asheville, N. C.

Regular services in A. R. P., Methodist and Baptist churches Sunday. Communion at Grace church.

Cotton is looking up again, bringing 5.40. Prosperity has had a cotton market this season of which any town could be proud. Even Columbia has not been so good a market. The grade of cotton raised in this section is much sought after by the cotton mills. We have had receipts here so far of upwards of 3,000 bales.

As was to be expected there is much comment on and criticism of the Cotton Growers Association. And it is as Mr. Roddey says there are those who are ready to condemn, but never known to take hold and push or do any work except croak. It is not to be expected that every man who raises cotton will join, but there ought to be enough to show the advantage of the plan. Mr. Roddey's idea is not to control production but the product. He verily believes that when the cotton raisers or growers take the matter in their own hands the matter will be adjusted to the satisfaction of all especially the man who raises it. They can and must control their product as the agricultural products of other kinds are, then and not till then will the South be enthroned king again if the south desires it. Why not do that which will do you good, your section good, and the south good. Let all put their shoulder to the wheel and give it a grand start along the lines of organization and combination of the cotton growers. The New York Tribune, a paper that is not friendly to the south, says: "The bear element in speculative exchanges is one of the most vicious obstacles industries of the country have had to contend against. They never consider or care who is the loser in their deals so they are making. The bear element in speculation has caused more distress and ruin than any adverse condition of the times. It stops at nothing to make profits for itself and glories in its success. (Which means ruin for the grower. Kay.) Unfortunately for the south her staple product has been the football of the bears in their trading here and abroad. And every possible trick and device has been used to hammer down the price." Will our people heed the warning? Will they exert themselves a little and show the strength that lies dormant in them, and which can be used to prevent their annihilation?

For the benefit of the readers of The Herald and News who may have letters here we append the names of all such. Any one calling for them will please mention the fact that they saw it in The Herald and News: Mrs. Catharine Beard, Mr. W. A. Brown, Miss Sue Buzhardt, Miss Mary Heiler, Mr. J. L. Matthews, Miss Emma Pool, Eller Ruff, Dessia Solomon, Albert Suber, B. H. Tyson, Greenwood Washington.

Our merchants are getting ready for Xmas. Mr. S. S. Birge has a display of toys that is the delight of the children and troops of them are looking every day. How their little hearts swell with pride as they tell each other what Santa Claus is going to bring them. Oh, blessed childhood. Who would take from them their little joys and pleasures? How soon they will have to face the stern realities of life. Who does not recall some of their joys and dwell with pleasure on them.

A SPECIAL OFFER. Cotton is low and everybody is complaining. There is some ground for the general wail, but complaining does not become strong men in this fair land. The trouble is we planted a crop, and grew it expecting 7 cents for cotton. We had no right to expect so much and then the disappointment would not have been so great. We need to stop complaining and go to work to better our condition.

But this apart. We want to show our appreciation of prevailing conditions and our sympathy for those who have been disappointed in their ability to meet their obligations promptly. We want also to give everybody an opportunity to get his account square on our books.

If you will pay your subscription up to the first of January, 1898, we will give you The Herald and News for 1898 twice a week for one dollar, but you must settle up back dues in order to get this reduction. If you cannot pay any or all of your back dues come in and give us your note for back dues and the one dollar for next year and we will give you a receipt in full to January 1, 1899. This leaves no excuse for any subscriber to remain delinquent on our books. Our purpose in doing this is to meet the depressed conditions and to get our subscription lists credited up.

The price of The Herald and News is not reduced, but remains \$1.50 a year. This is a special offer which we will keep open until the first of January, 1898. Will you not take advantage of this offer to get your name credited on our books and get the paper next year for \$1.00. New subscriptions will be taken during this time at one dollar also. Remember this offer holds good until 1st of January 1898 only, and is meant to take in every subscriber on our list. Do not wait for us to come and see you.

If you want Southern Farmer and Horticulturist we will give you both papers next year for \$1.75. This offer means the cash for 1898. Any delinquent who neglects to take advantage of this offer we shall be forced to conclude does not intend to pay for his paper at all.

P. S.—In order to treat all of our subscribers alike, those who have been considerate enough to pay already and whose payments carry them into 1898, if they will pay another one dollar we will give them a receipt for one year. That puts every one on the same footing and gives every subscriber on our books an opportunity to get The Herald and News one year for one dollar. This offer will positively be withdrawn on the first of January.
