THE LIEN LAW.

Chips has an article in another column on the lien law in which he takes ground against its repeal and wants to know what The Herald and News thinks about it.

Are not the land owners themselves largely to blame for the disorganized condition of the labor and is it due to the operations of the lien law? We know that in many cases it is abused, but if the man who owns the land would he could control the labor.

The lien law is an easy and convenient basis of credit and has enabled many people to make a crop on their own account who otherwise would have been compelled to become mere laborers for some one else.

There is one thing we can say and that is that we would like to see every farmer in South Carolina independent of it and repeal it by not using it and every one can repeal it in that way if they will all go to work to do it.

We will have more to say on this subject later on and we would be glad to have expressions from others on the subject and no doubt the legislators from this county would like to hear from the people on the subject.

Mr. J. W. Gaines of the Augusta Chronicle was in the city on Saturday and in addition to working for his paper is enthusiastic in his efforts to build the Augusta, Edgefield and Newberry road.

The methods of evangelizing Syria are various but the most common are by educating the youth and by means of the missionary press in Beyrout. The chief publications are Bibles, religious works and educational works.

It is to be hoped that Congressman Lattimer will be successful in his efforts during this Congress to have the Newberry College claim passed. It is a just claim and should be paid. It is high up on the calendar.

A case of small pox in Book Hill contracted in Atlanta should arouse the citizens of other towns to the importance of vaccinating and if necessary issuing quarantine against Atlanta.

We see it stated in a recent issue of the News and Courier that Hon. W. C. McGowan will positively be a candidate for Governor next year. It is too early yet for us to endorse any one but Mr. McGowan is a fine man—in fact a gentleman and a scholar and would make a Governor of whom all South Carolinians could justly be proud.

In the death of Dr. W. M. Dorroh a good and substantial citizen has gone. An honest and upright man has been called to his reward. He was one of the old land marks of the Bush River section though he had not lived there for some time. He had lived his three score and ten. He represented Newberry County in the Legislature in 1878.

The ancient Greeks believed that Earth was the gods who attended to the welfare and prosperity of the family. They were worshipped as household gods in every home. The household god of today is Dr. Kim's New Discovery.

A SYRIAN LECTURE.

On Sunday evening last, December 12, Rev. Ladd B. Jureldini delivered a very fine lecture in the Presbyterian church. His subject was, "The Customs and Religion of Syria." He is a very fluent speaker and held the undivided attention of his audience for nearly an hour.

He spoke of the Mohammedan religion and their zealous observance of the code, and how they selected their helpmates and the mode of funerals, which is very sad although an interesting affair and worth noting.

Camels are the main means of transportation and when one who is not accustomed to the swaying motion of the camels for some distance he becomes, as it were, seasick, and from this cause they have the name "The ships of the desert."

The first American missionary, who arrived in Syria about 1818, was subjected to every hardship that they could bear. He and the Evangelical church has steadily increased, and it has now a membership of about 1000, and in addition to these there are about 5000 who attend the services but who have not yet joined.

The People's Store!

My store is open to the interest of all the people who give me a share of their business, and the idea is not how much I can make out of it, but how much I can do for them and get back a small profit out of my sales. In this sense it is The People's Store, where they can come feeling that they will receive the most liberal treatment as my friends. I believe they have appreciated what I have accomplished for them in the past and will take advantage of the low prices. I will offer my stock for the balance of 1897, at a price and amount as low as possible, and I believe that I have brought in the December trade, and here you will find

A Great Scheme! Why not make your dollars out of rubber? That's a great scheme. Then they'll stretch. It's a pretty hard matter to make a Five Dollar Bill stretch over a Ten Dollar purchase, and we don't promise to do that for you; but, until rubber dollars are made, we'll come nearer to it than any store you know of.

We'll Stretch a Dollar So that it will cover an all wool knee pants suit worth fifty cents more. We'll stretch four dollars and seventy-five cents of your common silver money so it will cover a splendid all wool suit to fit young men up to 19 years old, worth \$7--the suit not the young man. We'll stretch \$6.75 over a fancy Cassimere Suit that ought to cost \$8, and would if this store wasn't here. Want to stretch your money? Bring it here, and you'll think its rubber.
