Arrested for Murder. Messrs. Robert Blair and James Blair, of Ridgeway, were arrested on Thursday by the Sheriff of Newberry county, charged with the murder of a negro woman at Pomaria in Newberry county. It seems, from rumors, that the negro woman was arrested about three years ago, for having stolen a number of articles belonging to Mrs. Robert Blair, and Messrs. Robert and James Blair, went to Newberry to arrest her. She was arrested, and about dark, as we hear, was locked up in the depot. The depot was broken open, and the woman disappeared, and has not been heard of since.

Several parties in Newberry have been arrested. It is said that a detective has been at work on the case. A number of witnesses from Fairfield have been summoned.

The Blairs are sons of Mr. Thomas Blair, and both of them bear a good reputation in the County. Their friends in the County believe them innocent.—Winnboro News and Herald.

OUR PROSPERITY BUDGET

ALL THE NEWS OF A LIVE AND PROGRESSIVE TOWN.

(Special Correspondence Herald and News.) Mr. John Cook has started his roller mill and we can now get home patent flour at our door for the going and we look for him to have a good trade this year and will give an impetus to the raising of more wheat here in the future than we have been raising heretofore.

Rain is needed in several sections in the lower part of No. 9, and old corn will not make as good a yield as was wanted unless we get rain in a few days.

While in your town last Monday we stepped into the office of the Lutheran Visitor and that prince of good fellows, W. P. Houseal, Esq., told us that he had a Spanish trick that he wanted to show me. With fear and trembling I followed him to the rear of the building, and he began to turn some little plugs or something (I didn't stop to see) of the kind and gave a great big wheel a turn, and such a cannoning as was there I never heard before and I tell you I beat a hasty retreat to a safe distance and looked at the Spanish trick from behind breastworks until my friend came over to my side of the building and told me that the war was over and that I could come forth with safety, which I proceeded to do with alacrity, and felt greatly relieved to know that it was all over. Reader, when in Newberry go in and ask Will to show you his new engine and demonstrate to you how it works and you will know better than I can tell you.

Look here, Mr. Editor, you are bragging about your town being the centre and so forth, I would just call your attention to the fact that the Southern R. R. sent their train to Prosperity, and if the place where a thing turns is not the centre where is it? See.

I am glad to report that our town has raised the quarantine from all points except Saluda County and we hope to see that removed just as soon as it is safe to do so, which I am sure they will do promptly, when that time comes.

Rev. Dr. Hallman, who has been sick is able to be out again.

Haskell Mills, son of Mr. W. J. Mills, died on last Tuesday, and was laid to rest on Wednesday. He had been sick for some time with heart trouble and his death was not unexpected. He was about 13 years old.

The young people had quite an enjoyable affair at the home of Mr. F. Bobb on Tuesday night at which time they had one of those funny parties known as a tacky party. It would take a professional to do justice to the costumes that were on exhibition there and from the hearty laughter that rang out from time to time it was a grand success. I would venture the assertion that there has not been as many old dresses resurrected in the past ten years, yes, I would say twenty years as there were Tuesday night. Costumes going back to ante bellum days and the days of the Dolly Varden were common and the boys got hold of some of their grandfather's suits or coats and played the gallant again in the same suits that their pas had courted their mas, and now they are in this same courtship business, but then 'twas ever thus and will be till the end of time.

Large returns from the sowing of wheat continue to come in. Mr. Luther Boozer got an average of 23 to 24 bushels to 1, and we heard of one negro who got 5 more bushels than he wanted. He only wanted 15 and when he found out that he had over 20 he said "dats more dan I wanted" meaning I suppose that it was more than he expected.

Mr. — Major, of Greenwood, is visiting in town, the guest of Mrs. Fannie Major.

We took a flying trip to Greenville on the shoe fly train, Capt. Wilson in charge on Tuesday and found it a very pleasant run. The trip up and back is made in the cool hours of the morning and evening and any one going that way will miss it if they do not take this train and we hope that the patronage from this end of the line will justify the continuance of the train for all time. When you want to go up the road don't forget "The Shoe Fly."

Mr. A. G. Wise left on the Shoe Fly this morning for Spartanburg and will no doubt make the round trip in one day.

There are a number of new wheels in town, as many as half a dozen, and one of our soberest young men has decided to get him a wheel and when "Doc" mounts his wheel there will be some fun for the boys. He says that he is going off to himself and learn to ride before he gives a public exhibition. This is a wise conclusion for we have seen this good friend try to do some riding on our wheel.

So far we have heard of only two of the teachers going to the State Teachers' Association to be held at July 1st. Prof. N. E. Aull and Miss Gertrude Simpson will go. We have no doubt but that there will be others that will go.

A party of young folks (20 or 30) will go on a picnicking trip to Little Mountain on Thursday. They will have most enjoyable time. That's what we get, Mr. Editor, for getting old so fast, you and me have had our day and we can only do like Josh Billings used to do, sit under the shade of the trees and think of the good old days when we went on these same kind of excursions and had a good time but now it keeps us busy trying to hustle and get

OUR CHICKAMAUGA LETTER.

The Boys in Good Spirits—A Hint or Two As to What They Would Like to Have From Home.

Chickamauga Park, Ga., June 25. Well, Mr. Editor, we are still here and I think the boys are satisfied to stay here, until frost, at least. Then we would like to hunt a warmer climate.

We have had some pretty cool nights this week. Last Thursday morning was real cold. The boys were up early building fires. The weather is very pleasing now.

I think we made a mistake when we left Camp Ellerbe by not marching right on to Havana and capturing that city at once. We were in good trim and could have taken that place easy. All we would have had to do was to open fire on them from the rear. Most of us were armed with repeating rifles. But nevertheless Havana's days are numbered.

We are all broke and no prospects of getting any pay soon. Uncle Sam, I think, has forgotten that South Carolina has a regiment. I'll bet a month's wages he doesn't forget to send us to Cuba.

How is Gov. Ellerbe getting along in the race? I hope to God he won't get enough votes to form a corporal's guard. I thought John Gary made as poor a governor as could be found in the State. But he can't touch Ellerbe with a ten foot pole. South Carolina has some good timber in the field this year, and I hope they will throw aside all party feeling and elect a man who has some backbone.

We are still having some sickness in our regiment but nothing serious. I think the average is about one death a day here, mostly Northern troops. If they cannot die from sickness, they will go to the river and drown themselves.

We have our full uniform now with the exception of our blue shirts. We are not ashamed to go out in the brigade drill now, as we can make as good a show as any of the other regiments. All we lack now is our guns and brown suits.

I see Senator Tillman is trying to get the First Regiment assigned to Gen. Lee's corps. So far as I am concerned I have no objection to fighting under Gen. Lee. But would prefer being under Gen. Butler.

Well, Mr. Editor, recruits are beginning to come in and I guess it won't be long before each company will have its full quota. If any of the boys want to join the pink company of the regiment, tell them to report to Sergeant Wearn.

By the way, I hear that my old friend Kingmore is going to join us. That's right, King, I know you will enjoy this kind of life.

It has been given up that Captain Langford is the best drill man in the regiment. Why, Mr. Editor, Company B has got it down so fine that it can go out and drill without the command being given.

We are having plenty to eat. All we lack now is rice and hominy. Our cooking is so much better since we got our stoves. With Wise as Quartermaster and Chapman as cook the boys will never perish. We have steak, bread, green coffee, etc., for breakfast; beans, cornmeal, potatoes, roast beef for dinner; toast, butter, molasses, etc., for supper. What better could a man want? Still the boys say a box from old Newberry would be very acceptable. Smith says he knows he would make himself sick, unless some one put in a quart bottle of medicine in one corner for him.

Dividends. The Cotton Seed Oil Mill has declared a semi-annual dividend of 4 percent; the Savings Bank a semi-annual dividend of 3 percent; the Commercial Bank of 2 1/2 percent.

SENEGANT WEARN BARK. Wants a Few More Recruits for Company B.

Sergeant G. F. Wearn left here last week with recruits, which were carried to Abbeville, examined and carried on to Chickamauga and mustered into Company B.

The following is a list of the recruits who left here with Sergeant Wearn: Geo. Moore, John Aldridge, J. K. Weeks, M. A. Wallace, and T. M. Rowe, back from Newberry; Joe E. Boyd and Thos. P. Tanner, from Clinton; W. P. Yarbrough, Thos. S. Mitchell, Miles Butler, and Nicholson, of Saluda, and Chas. O. Cannon, of Lexington.

Messrs. Tanner, of Clinton, and Miles Butler, of Saluda, failed in the examination and were turned down.

Mr. Cannon, from Lexington County, walked 27 miles to meet Mr. Wearn to enlist the day they left here.

Sergeant Wearn also carried from Abbeville 6 men for Company A—Anderson company; 3 for Company C—Anderson company; also the deserter from the Abbeville company who had been arrested there, back to the camp.

Since this four have been sent to Company D, 1 to Company A, and 2 to Company C.

Mr. Wearn tells us that all the Newberry boys are well and satisfied and that Company B is the fullest company in the Regiment, lacking only a few men of having their full quota.

He will be here only a few days longer and if any desire to enlist they should see him.

The Chief Burgess of Milledgeville, Ga., says Dr. Williams' Little Blue Pills are the best pills he ever used in his family during forty years of house-keeping. They cure constipation, sick headache and stomachic acid liver troubles. Small in size but great in results. W. E. Pelham.

MARRIED AT MONTICELLO.

Mr. W. E. Hardy and Miss Cora Herring Wedded Wednesday.

Yesterday afternoon in the home of the bride's parents at Monticello, Miss Cora Irene Herring and Mr. William Epps Hardy were united in matrimony by the Rev. M. M. Kinard of Columbia.

Promptly at 5:15 o'clock the bridal party, composed of Mr. H. H. Cuthbert as best man, with Miss Gertrude Herring, and Mr. R. J. McCarty, Jr., with Miss Annie Schroeder, assembled in the beautifully decorated parlor, where the impressive ceremony was performed.

After congratulations were over the party and invited guests marched to the dining room, where a table laden with a variety of delicacies was spread.

Quite a number of young Columbians, friends of the bride and groom, went to Monticello to witness the ceremony, and returned with the bridal party on the 9:30 train last night.—The State, 30th.

Schumpert Gaining. Our information is that Hon. O. L. Schumpert is making strong speeches in the State campaign as a candidate for Governor and gaining friends every day. This is as we expected. The local press at all the meetings speaks well of him. The following is from the Dorchester Democrat:

"Col. Schumpert made a fair impression on the crowd present, claiming he was not running on any ones merits, and convinced them that he had merits of his own to commend him to the suffrage of the people for the high office of Governor. He is an eloquent and easy speaker, and well liked."

The following from the Wallerboro Press and Standard:

"Mr. O. L. Schumpert, of Newberry, is a magnificent specimen of manhood, of commanding physique, acknowledged ability, and is, indeed, a polished orator. He would make a very handsome governor."

If elected he would make a Governor such as South Carolina has not had in a long time.
